SATISFYING INSURANCE

A GREAT COMPANY FOR FOLIC HOLDFRS.

most without parallel in the insurance world. | lb. that such large profits should result as those paid to me by the Canada Life in connection with my \$2,000 policy in that Company. My annual premium, as you know, has

been \$63, while I have received in each profits something more than \$2,700, and with the amount I am entitled to for this, the last year of the quinquennial period, will make the profits net me more than \$2 900 since insuring in the Canada Life in 1852. I am, in deed, pleased with these results, and would much like to have you mention to the es teemed President of the Canada Life the very great satisfaction the policy bas given me. I feel that the Canada Life is pre-eminently

in the first position among life insurance companies in this country, and in recommending it to others, which I do on every pos sible occasion, I am unhesitatingly able to say-after an extended experience covering nearly half a century, a business relation with its officers of the most kindly and courteous nature, and as above mentioned, a most profitable as well as satisfying life insurance-that these splendid features are not the result of chance, but of skill, ripe experience and un ceasing watchfulness in carrying on the busi Life assurance Company. With best wishes Jours very sincerely, P. WALL. Osbawa, 11th May, 1899.
