AND ELECT ALDERMEN BY GEN

ERAL VOTE Alderman Behan Introduces the New Mes-Mindly To The New Scheme-Concell

The municipal act. At last night's meeting of the city coun cil Ald. Behan again introduced his reco lution for presentation to the Ostario legislature praying that body to further amend the municipal act so as to give the sed under the privilege of submitting a imprommittees by balls. Kingston was W Robertson, B. W. Dalton, W. Harri. any other on record. The players are now by law to the electore providing for the concessful working son, J. Clark, W. Skinner, Richmond and in the first rank of Outario footballers. election of aldermen by general vote and of such a scheme. It would not give pro H. Tandy: Misses Mackiest m. Manager N. mmo, of Queen's has written also for the reduction of the present num. ber in Kingston to ten. The petition ire entirety has already appeared in the

le support of his measure Ald. Behan claimed it was not a new scheme nor a nevelty. The municipal act gave cities having a population of 15 000 and less jority of the council agreed with the prin | were read by Rev. Douglas Ling and ap. player. Why he should be called "Bees" | their use. the privilege of electing aldermen by general vove and the reduction of the number of representatives on the civic board. The principal feature of his resolution was that providing for the abolition of the present ward system. If his scheme were adopted is would result in material benefit to the efty, and his petition merely asked the Ou tario legislature for permission to obtain the opinion of the electure upon the mat ter. The municipal ace gave certain municipalities the privilege of which in was desired to obtain the opin

must be a gued thing for this city. The ayetem of general election of aldermen would bend to municipal economy, to the husbanding of civic resources and the keeping down of the race of baxation. would do away with the annual struggle of the mayor and finance committee to keep the city from running into debt, by conducting the city's business within the limit of the recources obtainable by a fair rate of taxation. Aldermen could not be seven. blamed for the present practice of financial. ly embarraceing the city from year to year; it was the present unsatisfactory evetem under which they worked that was accountable. Under the present system propriations, though they are not needed less and prompt. as much as in the wards represented by the aldermen who are not quite as in-
