and it is mainly to his guidance that we are able to look back at the pleasant meetings of this year, unsulled by not one unkind word. We sincerely trust that, though leaving this council for a short time. he may still retain his interest in civic af low citizens the able advice and counse which from experience we know is his to Ald. Toye on behalf of the "liberal side of the house" heartily endorsed the resolution. Ald. Walkem said that one thing

mayor Ryan had done was to prevent all unnecessary and long-winded discussions. and to allow aldermen to reach their homes \$2: Thomas Howland, \$2; Steacy & Steacy, at a reasonable hour on every council night. The resolution was unanimously carried by every alderman rising to his applying for rebate of carters' licence, the feet and joining Ald. Donnelly's melodious voice in the song "He's a Daisy."

The mayor thanked the council for its kind reference to his work during the year. He referred briefly to the progress of the city's works and committees during the past twelve months. Everything was in a very satisfactory condition. A peace ful and happy year had been experienced by the council, which had done its work in business like manner. He thought that the functions of a municipal council should not be curtailed as had the power of the council over the board of health and court of revision. Next year he would like to see this matter discussed. Mayor Ryan said he left the council with a feeling of pleasure and regret.

Council adjourned shortly after half past nine o'clock.

performed. Ald. Graham also wanted to know why the walk on Wellington street between Princess and Queen streets had been laid eight feet wide instead of ten. To this Alds. Donnelly and Ball answered that it was done on the petition of resi-

ients. The report was adopted The finance committee in a separate report recommended no further action on the communication of the locomotive works asking for a bonus. Ald Craig thought that some concession should be made to the company, and suggested that the taxes of the company not be increased if they added further buildings. Ald. Walkem point- bert's. ed out that the present council should leave the matter to a future council in regard to any future assessment. This report was also adopted.

Other Reports.

The report of the board of works was presented by Ald. Donnelly and adopted. Ald. Minnes presented the water works report. The revenue and expenditure dur-

ing the year be gave as follows : Revenue-Water rates, etc., \$30,549 23; rent of wharf, sewer, etc., \$188 81. Total, \$30,738 64.

Expanditure-\$26,588.25. Surplus for the year-\$4,149 79.

This surplus is left after having reduced the water rates twelve and one-balf per cent. a year ago. The report was adopted. Ald. Toye presented the report of the fire and light committee. Regarding the complaint of the carpenters about firemen doing carpenter work in station No. 1, the chairman will meet representatives of the union and show them that the work done was very trivial. It was decided that a bill of \$16 from the K. & P. railway company for drawing the fire engines to the fair grounds will have to be paid by the

Ald. Toye gave a short resume of the work done by the committee during the year. In the past twelve months the following was purchased: Two new horses, one thousand feet of hose, two lengths of suction hose, smoke protectors, complete eet of ladders, harness and waggon. Repairs were also made to both stations. After all bhis expenditure, a surplus of \$125 will be shown. This report was also adopted without discussion, but Ald. Donnelly complimented Ald. Toye upon the most efficient way in which he acted as chairman of the fire and light committee during the past year.

The parks committee report presented by Ald. Bell was adopted.

Treasurer's Report.

The treasurer reported these taxes to be written off as uncollectable: 1885 to 1888 inclusive, \$432.91; 1889, \$283.13; 1890, \$356.11; 1891, \$314.55; 1892 \$60.05; 1893, \$175 13; 1894, \$196 09; 1895, \$242 99; 1896, \$171.74; 1897, \$150 87 Dog and street watering tax, statute labor and income taxes-1892, \$1,391.45; 1893, \$1,179.22; 1894, \$909.56; 1895, \$1,410 The above amounts appear as assets on the city books and I do not think that anything more is likely to be realized from them. Adopted.

Council then went into committee and the by law appointing Dr. Charles A Morrison as successor to Dr. V. Sullivan on the board of elucation, was passed.

Dear brethren,-Let me remind you of your duty to the clergy of your respective missions and parishes on Christmas day. The offertory on that joyous feetival has for so many years been given as a token of good will and respect to the clergy, that it seems almost unnecessary to remind you of the fact, but less the absence of my usual pastoral on the subject might seem to imply that there was less occasion for it than heretofore, I beg of you to bear to mind that the offertory at Christmas is a necessity for supplementing the stipends of the clergy as well as for the exhibition of affection for those who minister to you in holy things. Allow me, then, affectionately to urge on you the performance of this scriptural duty at such a sacred school as the Festival of the Nativity, and at the same time to pray that you may enjoy a profitable and a very happy Christmas.

I am, very faithfully yours, J. T. ONTARIO.

Aid, Donnelly Vs. Ald, Graham. There was quite a lively tilt between aldermen Donnelly and Graham at last night's council meeting. Alderman Graham accused alderman Donnelly of being afraid to give the amount deducted from Mr. Grimebaw's account for not having laid a number of sidewalks properly. This led from one thing to another until alderman Donnelly hit hard at his confrere. He etated that at the beginning of the year he thought the council was
