DANGEROUS DYSENTERY.

Have It Checked and the Inflammation allayed by Dr. Fowler's Extract of Wild Strawberry.

It is appalling how many people in the course of a year are hurried into untimely graves by an attack of dysentery.

It comes on so suddenly, its course is so rapid, its action on the system so weakening, its termination so quickly fatal, that any treatment must be administered promptly and the disease checked effectively at the outset. The only remedy that anyone would think of relying on in such an emergency as that is Dr. Fowler's Extract of Wild Strawberry. For a generation and a half it has been curing all forms of bowel complaints of children and adults, and during that time has saved thousands of lives and many doctors' bills. Never be without it in your house. It's cost is trifling, only thirty-five cents, but the pain and weakness, yes, even death, it may save you from some day, or some of your family, is worth more to you than ten thousand times its price.

Mrs. Richard Gilbank, Coldwater, Ont., says: "I have used Dr. Fowler's Extract of Wild Strawberry and found it a reliable remedy for summer complaint, diarrhœa, dysentery and cholera morbus. I know it to be a grand remedy in the case of children and heartily recommend it."

WILL PROTECT THE QUEEN.

AUSTRIA'S FLEET IN READINESS TO DO SO.

All the Power Of Austria Will Be Brought To Bear To Protect Spain's Queen Regent—Advices Received Stating That Spain Will Sue For Peace This Week—The Storming Of Santiago Deferred.

NEW YORK, July 8.—A Rome special to the Journal says: The Austrian fleet is concentrated near Ragusa ready to start for Spain in case of danger to the queen regent. The emperor of Austria today telegraphed to the pope indicating his readiness to bring all the power of Austria to bear to protect the queen in any event.

A Washington special to the Sun says: The government to-day received the first official information of a definite character that Spain is anxious to end the war, from Lieut. Colwell, United States naval attache in London. He cables that he has reliable information that the Spanish government will sue for peace this week. The text of his advices cannot be obtained, but his report was sufficiently positive to show that he had information of a reliable nature. Lieut. Colwell confirmed the report that Gen. Compos is forming a military cabinet.

The White house war conference decided not to storm Santiago immediately, believing its downfall can be accomplished soon without the heavy loss of men or ships that would result from storming the city.

Unofficial advises say Spain will sue for peace this week. At the same time no such suggestion from Spain, directly or indirectly, has been received.

A Key West special to the Journal says: The gunboat Eagle, which brought in the small Spanish schooner Gallito, to day reports that the mosquito fleet has been busy blockading small ports on the Cuban south coast. A Spanish block house forty miles west of Cienfuegos was destroyed by a couple of shells and a force of Spanish cavalry garrisoned there were dispersed with heavy losses. The Eagle bombarded Nuevo Gerona, Blanco's Isle of Pines penal colony, but upon landing found the place wholly deserted.

A Manila special to the Herald from Hong Kong and Paris says general Monet's troops, some 800 in number, have surrendered, giving up their arms to the rebels. The captives were taken to Cavite. General Monet commanded the southern portion of the island. He is an aggressive fighter and has frequently engaged with the insurgents.

A special to the Herald, via Kingston, says: The general hospital at Shafter's headquarters is in a miserable condition. The sufferings of hundreds of the wounded would cause a thrill of indignation to run through the nation could the people witness them. There are only a few tents at the hospital. The two large ones are filled with wounded Cubans. Our men are crowded in the smaller tents. Many lie unsheltered from the sun and daily showers. Yesterday I saw one man lying in the scorching sun on a piece of rubber pouch. He told me with piteous fortitude that he had been there two days. This is only one of many similar cases. Such conditions are excusable in temporary field hospitals, but are intolerable with a general hospital three miles to the rear of trenches. There is, of course, no lack of men or material to build shelter for the wounded. It is simply a case of gross mismanagement and the surgeons resent any interference. The commissary department, too, needs shaking up. Some regiments have not received rations in three days. Massachusetts man who were caught shooting vultures were reprimanded as the vultures are serviceable in locating the dead.

EL POZO HILL, NEAR SANTIAGO, Cuba, July 6.—The Spanish have only ammunition for three days. All the women and children who intend to leave Santiago before bombardment have already left. It is estimated that 3,000 passed through the United States lines yesterday.

The United States hospitals are in great need of surgeons, nurses and supplies. The sanitary conditions are worse since the battle on account of the decomposing bodies. Many bodies are floating near the wrecks of admiral Cervera's ships.

All the foreign attaches wonder how the United States ships were so little damaged by admiral Cervera. The official reports of killed and wounded in Friday's fight are not yet in but estimates in the hospital here place the number at 1,800.

The continued exposure to the rain and heat with the horrible strain of July 1st and 2nd is telling on the men.

Nine hundred and forty-six wounded have been handled in the general hospital.

Attended A Golden Wedding.

ELLISVILLE, July 6.—Mr. and Mrs. W. F. Bracken and family attended the golden wedding of Mrs. Bracken's parents (Mr. and Mrs. John Chapman) at Seeley's Bay, on the 28th inst. On 2nd inst., Mr. and Mrs. Bracken very pleasantly entertained a large number of friends here. Miss Addie Pierce and A. Dillon are in Athens this week writing on the examination for the renewal of their primary certificates. Nearly every person in our village and for miles around the surrounding country took in the dominion day celebration in Seeley's Bay on Friday evening and all report a very enjoyable time. G. E. Ellis has gone on a holiday trip to visit relatives in Uncle Sam's domains. Miss Flossie Richardson, Kingston, is the guest of her cousins, Misses Nellie and Hazel Bracken. The Misses Willoughby are spending a few days in Gananoque with friends. Many are improving the appearance of their dwellings by giving them a coat of paint. Mrs. B. Sly and Mrs. Munroe are visiting Mrs. J. H. Singleton to-day. Despite the hot weather the berry pickers are out in great numbers.

The Reporter Scored.

Chicago Journal.

A reporter was trying to get an interview with a lawyer, until at last the latter sat down and formally wrote out the following:

"Mr. Reporter—Dear Sir: In reply to your request for information about the matter to which you refer, I beg leave to apprise you of the fact that I have absolutely nothing to say. I reiterate, I have nothing whatever to say: therefore I presume you will grasp the idea that I do not wish to say anything. Yours, etc., Jeremiah Blackstone."

The reporter read the note carefully, and taking out his note book, scribbled the following:

"Jeremiah Blackstone, attorney-at-law—Dear Sir: Yours of to-day received and contents noted. Inasmuch as the letter itself deserves publication as tending to bear out the old saying that it takes a lawyer longer to say nothing than any living being, my mission has not been entirely futile. Good-day."

The war scare is having its effect upon New Zealand, which has arranged a new scheme of defence. The volunteer corps have been increased, and they have been supplied with modern arms, munitions of war and armaments.

TWO BANKS AT LAW.

Cheque Forged By Carl Bauer Made the Subject Of A Law Suit.

Toronto Telegram.

The bank of Hamilton and the Imperial bank have gone to law over the $5 cheque which Carl Bauer, former clerk in the Grand Union hotel, a year ago raised to $500, and had cashed, and for which forgery he is now serving a three years' term in Kingston penitentiary. The bank of Hamilton, with which Bauer had an account of $10, marked the $5 cheque good. Mr. Bauer wrote "hundred" after the five and added the top 0's. Then he opened an account in the Yonge street branch of the Imperial bank, and shortly afterwards drew out the whole sum. The bank of Hamilton had honored the said cheque before discovering the forgery. To-day it entered suit against the Imperial bank to recover $493. The case has no precedent.

Denbigh Deliberations.

DENBIGH, July 6.—Farmers have commenced haying. H. Gage, village teacher, has gone to Kingston to spend vacation. John F. Thompson sold his farm to George Slater and has gone to Manitoba. A. Inwood has also gone west to try his luck. Dr. W. S. Fadden has returned from his trip to Elgin. He intends moving his wife and family in a few weeks. F. W. Lane and Miss G. Lane have returned from Flinton. A. M. Rodger was in Renfrew on business last week. Business is rushing at the tailor shop. William Chatson is making preparations for a big time on July 12th. The proprietors of the Denbigh grist mill have finished putting in a new run of stones. A wee boy has come to stay at J. Johnson's. Richard Glaiser is spending a few days in town, after an absence of a year. Gustave John, laid up with a sprained arm, is improving slowly. Miss Mary Greer, Canandaigua, N.Y., is visiting her father, William Greer. The sailboat Wide-a-wake was capsized last Sunday by a sudden squall. The crew were all saved after a severe tussle with the wind and waves. Visitors: At the Denbigh house, Miss C. Pennock, Snake Creek; at the Chatson house, Miss M. Kelly, Matawatchan.

Much Admired Paintings.

Halifax Echo.

A charming little oil landscape picture of Halifax scenery, from the brush of Forshaw Day, is on exhibition here. It is a view of Halifax from Green Bank, Point Pleasant, and makes a pretty scene. In the foreground are people sitting on rustic benches, the yacht club in the middle distance, and Halifax city shows up well. The harbor is alive with boats. In the same window is a picture of the Nouvelle river, a stream flowing between two high mountain ridges, with an Indian camp and canoes on the shore and Indians fishing in the stream; another pretty oil sketch of two men in a canoe angling in one of those nice shady pools where the largest trout come from; also an oil painting of the Dartmouth lakes. Mr. Day has the knack of depicting Nova Scotia scenery. He seems to understand the features of the country, whether it be mountain, forest or lake, and never seems to over-do it, but follows nature in all her beauty.

Going To Leave Picton.

Picton Gazette.

During the past week or more the congregation of St. Mary Magdalene's church have been more or less agitated in consequence of a current report that Rev. rural dean Loucks had decided to leave Picton, and that an arrangement had been made between Rev. Mr. Loucks, of Picton, and Rev. A. Jarvis, B.A., of Napanee. This rumor was confirmed when a committee appointed by bishop Lewis arrived in town one day last week to interview the congregation in reference to the proposed change. The deputation consisted of judge Wilkison, Dr. Ruttan and another party. It is said the change will be made somewhere about the 1st of September.

The British Columbia provincial general elections take place to-morrow.

THE SURGEON FOILED.

Wanted to Perform an Operation.

DR. CHASE'S KIDNEY-LIVER PILLS RENDERED IT UNNECESSARY.

Too many doctors are too ready to use the knife. Many a one is sacrificed on the altar of a surgeon's ambition to operate who could be saved by the use of Dr. Chase's K.-L. Pills. The case of MRS. W. B. AIKEN, of Zephyr, Ont., is one in point. Her husband says that she had been doctoring with several doctors for Inflammation of the Bladder for over a year.

"The last bottle I got from the doctor he said if that did her no good she would be compelled to have an operation performed. I luckily picked up a sample of Dr. Chase's K.-L. Pills in Mr. Dafoe's store, and my wife took one pill that night and one in the morning, and she has never felt the least sign of pain since. I will always keep Dr. Chase's Pills in my house for all our family complaints."

The Poor Voter On Election Day.

The proudest man is but my peer,
The highest not more high;
To-day, of all the weary year,
A king of men am I.
To-day, alike are great and small,
The nameless and the known;
My palace is the people's hall,
The ballot box my throne!

Who serves to-day upon the list
Beside the served shall stand;
Alike the brown and wrinkled fist,
The gloved and dainty hand!
The rich is level with the poor,
The weak is strong to-day;
And sleekest broadcloth counts no more
Than homespun frock of grey.

To-day let pomp and vain pretence
My stubborn right abide;
I set a plain man's common sense
Against the pedant's pride.
To-day shall simple manhood try
The strength of gold and land;
The wide world has not wealth to buy
The power in my right hand!

—J. G. Whittier.

Wanted—The Mother's Vote.

Montreal Witness

Dear Editor Home,—Having read with great interest the various editorials on the subject: "Women's Rights," I beg leave to offer a few ideas.

The term "Women's Rights," or "Women's Franchise," means the admission to certain liberties or privileges. This great movement originated in the United States in 1848 and in England in 1851. The agitation quickly attained the dimensions of a political movement and for nearly half a century has been one of general interest. The history of the movement has been one of conventions, legislative hearings and petitions to congress.

When Emerson was asked, "What is civilization," he answered, "The power of good women." Now, how can good women acquire power unless through a vote by which they may take some part in the government of the day?

In the half century which has elapsed since its origin, the movement has grown to be a national one, and is today a world movement. The work has spread from its native countries to Natal, Cape Colony, New Zealand, Tasmania, Egypt and this year in Alaska. The great growth must be due to the untiring energy of the workers, and to the increasing intelligence of the people.

Then, why will men continue to oppose so emphatically this great work? This nineteenth century is not an age of barbarity—we do not belong to the eastern countries, where woman is looked upon as being a slave to man. God made woman to be a help-meet to man and she should, therefore, be placed on a level in all things. I think the mother and not the father is the star or centre of every family, and that star should not be a fixed star, but a moving planet which will spread her influence, if she gets a chance, beyond the home circle to the state itself, and which will react on the rising generation.

Contrast a conversation by a number of women with that of a number of men—each on a topic of general interest. The former is always devoid of any kind of profanity and the higher-minded the conversationists the more marked are the characteristics of the lady; while on the contrary, the latter conversation is almost sure to be made emphatic by the use of oaths. But these are the men chosen to rule our state, while the women, whose influence is of so much purer atmosphere are obliged to stay at home.

The positions of doctor, lawyer, book-keeper, school-teacher, etc., formerly held by men only, are rapidly giving way to being occupied by women, hitherto claimed to be the weaker sex, but who now through their self-efforts are coming to the front and are showing themselves to be equally as intellectual, if not more so. I believe there will never be a perfect administration until the vote of the wife and mother is counted in its determination.

What was our jubilee? It has been a mark of the greatest and most progressive reign of any sovereign who has worn the crown of England, appreciated by both men and women of all parts of the universe. This sovereign is a woman who has held the British crown for over sixty years with undisputed satisfaction. Why not give other women a chance to a humbler sphere?

—Amrah.

A Noble Example.

Lady Macdonald, wife of our late deceased prime minister of Canada, Sir John Macdonald, is a staunch total abstainer. She said she was led to give up wine drinking on Christmas day, 1867. She had thought a good deal on the subject, but never made any decided resolution until that day. Conversation at dinner turned to total abstinence, and a guest said that, practically, total abstinence was impossible for any one "in society." Lady Macdonald combatted this, and, as a result of further discussion, she was challenged as to whether she would herself "give up her glass of sherry at dinner." She at once decided to try, saying, "Henceforth I enter into the ranks of the total abstainers, and drink to our success in water." Her ladyship's testimony is this, "Since then, thank God, I have never found any necessity for wine."

Attended The Centennial.

ERNESTTOWN STATION, July 6.—A number are attending the centennial celebration at Sandhurst. George Forward is confined to his bed with an attack of lumbago. Dr. Kennedy is in attendance. The gale of Sunday evening levelled fences in all directions. Owing to the dry weather berries are not plentiful. Michael Clifford has leased the Daly farm for five years. Mortimer Kilgannon has returned home to assist his father through haying and harvest. Mrs. Frederick Daly and son and Mr. and Mrs. Herbert Babcock and son have gone to Rochester to visit their brothers. Miss Ethel Kilgannon has gone to Watertown to visit friends. Mrs. Stephen Micks, Watertown, has returned home from visiting her sister, Mrs. William Doyle. Visitors: Mr. and Mrs. C. Forward, at George Forward's; Miss Smith, Brockville, at F. Thom's; Mr. and Mrs. James Smith, Westbrook, Monday, at their son-in-law's, James Doyle's.

Port Milford Matters.

PORT MILFORD, July 6.—F. Gale has moved to A. Collier's farm. Miss Clara Pierson is home for vacation. H. Thurston, injured at Belleville camp, is recovering. Down the river on the Merritt is the general topic. F. Lobb has secured a position on a steamer running between Montreal and Toronto. Visitors: Mrs. H. Cooper, Belleville, at E. J. Lobb's; Miss F. Lobb at Belleville. A. A. Hedgins has quite a summer resort at Point Traverse.

DISTRICT DASHES.

News of the District Condensed From the Whig's Exchanges.

The Hornerites are holding forth at Ivanhoe.

Mrs. J. H. Elvidge left Athens last week to join her husband at St. Catharines, Ont.

W. O. Breckon has purchased the photograph business of H. H. Bryant, Brockville.

Jack Falconer will return to Tweed from the Crow's Nest Pass some time next month.

Rev. Father Killeen, Toledo, has gone to Picton to take charge of the Roman Catholic parish for the summer months.

Rev. Mr. Drummond and family, Toledo, have taken up their abode at camp Lookout, Charleston lake, for the month of July.

Miss Tella, daughter of Lorenzo Beach, Athens, was on Wednesday united in marriage to Edward King, of the same place.

On Wednesday John S. Floyd, Nappissing, and Miss Jennie Mills, eldest daughter of W. J. Mills, treasurer of the municipality of Wilberforce, were married.

Whilst fishing on Consecon lake Charles Sulman had the luck to capture a giant black bass. It measured twenty inches in length, and weighed six and one-half pounds.

Elizabeth J., wife of C. A. Gardiner, Foxboro, died on Wednesday after a brief illness. She was twenty-six years old and leaves three children, one of them a few days old.

Rev. John McCarthy, Tyendinaga, sailed from New York on Tuesday for Ireland. On Sunday previous to his departure he was presented with an address and a purse of $95.

George Campbell, born in Greenock, Scotland, in 1825, died in Brockville on Wednesday, after a long illness. He leaves a wife and three children, among the latter being Rev. Dr. Campbell, Renfrew.

Mrs. J. W. Easterbrook, Tweed, is in receipt of a letter from her husband, now at an hospital in Derby, Africa, undergoing an operation on his ear. He says that he does not intend returning to Tweed, but will return to Lorenzo Marquez and resume work.

John Quinn, who left his home in Armagh, Ireland, fifteen years ago last May to make his home in Canada, and who ever since has been a resident of Tweed, where he has built up a prosperous business, will leave on the 20th inst. to spend a couple of months at his old home.

George Wilkinson, an inmate of the Brockville asylum, about forty-five years of age, and who was sent up from Cornwall, on Wednesday attacked the guards with two pieces of galvanized iron, ground to a sharp edge on a stone. In a trusel with a guard and another patient Wilkinson was roughly thrown to the ground. Then he was conveyed to his cell, where fifteen minutes afterwards he died of the rupture of an artery in the bowels.

Weigh Yourself before Taking Them.

GAINED 22 POUNDS.

I have more faith in Dr. Ward's Blood and Nerve Pills than anything else I have ever used. Since using them I have recommended them to several of my friends who were troubled as I was, and now they are in splendid health. I had been a sufferer, like a great many other women, with a disease peculiar to my sex. I tried everything I could read or think about to help me, but was getting worse instead of better. My condition was terrible—I was losing flesh and color and my friends were alarmed. I consulted a doctor of this town and he said I would never get better; that I would always be sickly and delicate, and that medicines were of little use to me. Hearing what Dr. Ward's Blood and Nerve Pills had done for others, I determined to try them myself, and to-day I weigh one hundred and forty pounds, while before I weighed only one hundred and eighteen pounds, and now I have a constitution that is hard to beat. I have not suffered any pain in months, and earnestly hope that Dr. Ward's Blood and Nerve Pills will reach every woman suffering as I did. Sincerely yours, MAY COLE, Simcoe, Ont. Dr. Ward's Blood and Nerve Pills are sold at 50c. per box, 5 boxes for $2.00, at druggists, or mailed on receipt of price by THE DR. WARD CO., 71 Victoria St., Toronto. Book of Information free.

TREMBLED LIKE A LEAF

A young lady prostrated with nervousness and heart trouble restored to perfect health by MILBURN'S HEART AND NERVE PILLS.

THERE are too many pale faces, palpitating hearts, weak, nervous, run down constitutions among the young women of this generation. More nerve force, more rich blood, more vital energy for the heart is what they need, and Milburn's Heart and Nerve Pills is the very remedy that meets all the requirements necessary to give them bounding health.

"To prove these statements we give an account of her daughter's cure, supplied us by Mrs. Jas. Scott, 221 Emerald Street, Hamilton, Ont.: "Five years ago my daughter had a severe spell of sickness and has been an invalid ever since. She had no strength and could not sleep at night, often having to sit in a rocking chair all night on account of the shortness of breath. She suffered greatly with pains in the heart as well as palpitation, and was very nervous and easily startled, so much so that any noise or excitement would make her tremble like a leaf.

"She commenced taking Milburn's Heart and Nerve Pills and has now taken three boxes in all. Constant improvement has been the record of this medicine in her case. She finds no difficulty in walking down town and back, something she was unable to do for many months. She sleeps well, eats well and is not troubled with the distressing shortness of breath which afflicted her before she took the pills. I am thankful we tried this valuable medicine as the results in my daughter's case have been gratifying in the highest degree." (Sgd.) MRS. JAS. SCOTT.

Most fascinating invention of the age. Always ready to entertain. It requires no skill to operate it and reproduce the music of bands, orchestras, vocalists or instrumental soloists. There is nothing like it for an evening's entertainment.

Other so-called talking machines reproduce only records of cut-and-dried subjects, specially prepared in a laboratory, but the Graphophone is not limited to such performances. On the Graphophone you can easily make and instantly reproduce records of the voice, or any sound. Thus it constantly awakens new interest and its charm is ever fresh. The reproductions are clear and brilliant.

Graphophones are sold for $10 and up

Manufactured under the patents of Bell, Tainter, Edison and Macdonald. Our establishment is headquarters of the world for Talking Machines and Talking Machine Supplies. Write for catalogue.
