Chronic Eczema spread all over my head. I had two doctors and tried lotions, but received little benefit. The dreadful itching became almost intolerable, and when I was heated, the Eczema became painful, and almost distracted me. Tried CUTICURA REM-EDIES, the Eczema rapidly disappeared, and J am well with no trace of any cutaneous disease. J. EMMETT REEVES. Feb. 22, '98. Box 125, Thorntown, Ind.

Was afflicted with an itching rash all over my body. I could not sleep, but was compelled to lie awake and scratch all the time. My father and two brothers were afflicted with the same thing. We all suffered terribly for a year and a half. Three cakes of Cuticuns BOAP and three boxes of CUTICURA (cintment) cured the four of us completely. Feb. 22, 1898. RICHARD ANDERSON,

Geneva, Box Elder Co., Utah. My hands were completely covered with Eczema, and between my fingers the skin was perfectly raw. I could get no ease night or day. I was in a rage of itching. My husband had to dress and undress me like a baby. The best physicians' medicines gave me no relief, and drove me almost crazy. I usedthe CUTICUBA (ointment), and fire minutes after the first application I was perfectly easy, and slept soundly all that night, and I have not had the Eczema in two years.

Ald. Ryan thought it strange that as the committee did not meet it could present a majority report.

Ald, Elliott also expressed surprise. He thought it strange also that the report should be presented by a member of the committee while the chairman was in council. Surely it could not be the chair.
