Eighteen Months Old Baby Had Rash on Shoulder for Two Years Causing Intense Suffering. Would Scab Over, Break Open and Be Raw. Several Doctors and Remedies Tried. Efforts Fruitless. Cured by CUTICURA.

My sister had this rash come on her shoulder when she was about eighteen months old. It was there about two years causing her intense suffering. We had several different doctors. tried everything that we could think of, and that every one could suggest without effecting a cure. In spite of all we did it kept spreading. One day it would scab over and then erack open and a watery matter oozo from it and the scabs would all fall off. would be raw for a time, then scab over again Some one recommended CUTICURA REMEDIES. We immediately procured a box of Curicura (cintment), a cake of Curicura Soar, then tried the Cuticura Resolvent, and before the bottle was half gone we saw a marked change, and by the time it was gone, she was entirely cured without a scar being left. Sho is now twelve years old, and has not had a pimy le or sign of blood trouble since. Feb. 18, '98. Miss LILLIE CHASE, Bristol, Vt.

The directore' report indicated that the record of the year, in every respect, was among the best in the history of the association. The net gain in membership was better than in 1896 97; the gain in funda jacent territory, without permission of the

executive and the payment of a special rating; and now a new classification of risks was urged, as to occupations, and so far as the new members were concerned. The secretary, R. Meek, reported that a much larger volume of business was done book-free, write Dept. 18, Mason Mapicing at a very slightly increased cost, and that such was the service of the agents, four hundred of them, that not a farthing was lost during the year. The membership on June 30th was 10,044; the deaths during the year 58, and the amount represented in mortuary claims, in consequence, \$80. 1000. The death rate per thousand was 5.74. The average age of the new mem-

bers was 31.16; the average age of the enbire membership 37.20; the average age of deceased members 42.31. The treasurer, D. Callaghan, in his report showed the revenue of the year to be \$128,396.57, and the expenditure \$98,. 175 90, the surplus of the year being \$30,.

220 67. The cost of management, apart from the cost of collecting the assessments, was less than \$1 per member. The auditors, J. Nicolle and T. D.

Minnes, reported that they had examined the books of the secretary every month, and the books of the treasurer every quar. ter. These were found to be correctly kept. The securities were inspected twice in the year. The association was con-

gratulated upon the substantial increase in membership and in financial resources. The superintendent of agencies, A. H. Blackeby, reported upon his work. He had visited three provinces and a great many places in each, covering in all 17,160

The Evening Session.

After the adjournment in the afternoon those who had completed their work on the committees went out on a tour about the city, in a special car of the street railway company, and rested, or rather cooled off, at .ake Ontario park.

At the evening session, beginning at 8 o'clock, the committees submitted their reports.

A EXTENSION OF THE WORK. James A. Robb, P.G.M., oi Valicyfield, submitted the report of the committee on the extension of the work. It approved of the action of the directors in regard to hazardous risks, of the restriction of resi. dence in unhealthy localities, of the work of the Superintendent of Agencies, and of CPRINGS | the deposit in Quebec in compliance with the laws of Quebec. Adopted.
