MEDICAL SCIENCE ADVANCES.

Positive Cure For Asthma Discovered. It has long been recognized by medical scientists throughout the world that nature has supplied all creation with some remedy in the vegetable or mineral kingdom, where with all forms of ailments can be cured, but it was not until the discovery by Stanley of the wonderful Kola plant along the Congo River in Africa that asthma was permanently curable. In fact, it was not until the investigations made by Dr. Clarke some years later that this disease was found curable: he found that by combining the extract of Kola Nut with other vegetable extracts that the compound obtained would permanently cure Asthma. Clarke's Kola Compound was then tried on over 100 cases in different. hospitals, with the marvelous result that over 95 per cent. were permanently cared in less than 60 days' treatment. Clarke's Kola Compound is now recognized to be the only permanent cure for this dreaded disease. Sold by all drug-Griffiths & Macpherson Co., 121 Church

Gentlemen -For over five months I was confined to my bed, not being able to move. The best medical skill was called in, all treating me for catarrh of the stomach, but to no avail. I could not eat the most simple food without being in dreadful misery, and found no relief until same was vomited up. After spending a large sum in medical advice, I was advised to try a box of Dr. Chase's Catarrh Cure. I purchased a box from J. Austin and Company. Simcoe, and to my surprise found great relief. Not being able to eat I tried a box of Dr. Chase's Kidney-Liver Pills; the pains left me the third day. My appetite has been fully restored. I consider myself perfectly cured, and feel as well as when a young woman, although I am 65 years old at present. I was almost a shadow, now I am as fleshy as before my sickness. HERE IS WHAT SHE SAYS:

At last, after eight months of physical weakness and nervous prostration, caused ter by over exertion and want of rest, -during which time I suffered greatly on account of the shattered condition of my nerves, and ful which I was unable to find any relief. I have found a medicine (Dr. Ward's Blood and Nerve Pills) that in three months made my nerves strong, removed all nervous troubles, built up my physical system and made me strong and well. They removed despondency, and in consequence of taking your valuable Pills I look forward to the future hopefully. I have to thank your great cure for nervousness and bodily weakness for my present good health and strength.
