THE NAPANEE BANK CASE.

NOT MUCH HEADWAY IS LIKELY TO-DAY.

The Proceedings To Be Merely Formal—No Doubt a Good Stiff Fight Will Be Put Up—The Dental Of Lawyer Lyons Of Belleville.

NAPANEE, Ont., Aug. 1.—Nothing new has transpired to-day in the celebrated bank robbery case. The preliminary hearing will open before magistrate Daly at 2:30 this afternoon. It is not expected that any headway will be made to-day. The proceedings will be merely formal and the case will be adjourned until to-morrow.

It is understood that the government has decided to send B. B. Oser, Q.C., here to watch the proceedings in behalf of the crown. An expert stenographer has been engaged and no doubt a good stiff fight will be put up on both sides.

The case in all probabilities will last a week or more, as it is understood a great many witnesses have been summoned by both defence and prosecution. The people of Napanee are much interested in the proceedings. The leading citizens and many ladies were on hand to watch proceedings. The general feeling was in favor of prisoners Ponton and Mackie. Quite a number recognized Pore and Holden as tramps, who had been hanging about the town a year ago.

The Trial Begun. Special to the Whig. NAPANEE, Aug. 1.—The trial of the now noted bank robbery opened at two o'clock this afternoon. Holden has sent out for counsel and D. H. Preston, Q.C., will defend the prisoner. Very little will be done this afternoon as B. B. Oser will not reach here until to-night.

The prisoners Ponton, Mackie and Holden were brought into court and magistrate Daly read the charge against them, which all three answered "not guilty." Ponton and Mackie, through their lawyer, selected to be tried by magistrate Daly and Holden, through his counsel, D. H. Preston, Q.C., desired to make no election at the present time.

F. F. Miller, land surveyor, was the only witness sworn and a plan of the Dominion bank and the Orange block was exhibited. Mr. Porter, Ponton's lawyer, requested a more extended plan and Mr. Miller was allowed to take the plan out of court until the morning for the required improvements.

The court then adjourned until ten o'clock to-morrow morning. The prisoners are all in apparently good health.

Mr. Lyons Deities. BELLEVILLE, July 30.—Your correspondent called on C. E. Lyons in reference to the stories published as to his having warned the Dominion bank of an intended robbery. He states that they are one and all untrue, and that he did not know or bear anything of the Dominion bank robbery until nearly a week after it took place. He was at Belleville for the summer and on his way back received the first news of it at Ormsby.

THE NEW WARDEN. Shortcomings Of St. Vincent De Paul Penitentiary. MONTREAL, Aug. 1.—At the conclusion of an inspection of the St. Vincent de Paul penitentiary on Saturday by a number of prominent, Dr. Levesque referred to his recent visit to the Kingston penitentiary and to the great superiority of that institution over the one he is warden of, and expressed the hope that the dominion government would place his penitentiary on an equal footing with the model Ontario one, especially with regard to modern sanitation, electric lighting plant and new additional manufacturing machinery to keep the convicts' time fairly employed. The warden also said that the institution had been neglected by the late administration in such matters, and he hoped that the present government would bring it up to the standard. He further spoke of sending the female convicts to Kingston, which he strongly deprecated, as they were well able to look after them here if they were provided with the necessary facilities; that would involve the question of a new building within the walls for which there was ample space.

Sir Charles Rivers-Wilson will be in Montreal to-night. The manager and vice-president of the Wabash railway is in Montreal talking over railway matters with the officials.

Rev. Henry Monck Mason Hackett, D.D., late principal of St. Paul's divinity college, Allahabad, India, and present secretary to the Hibernal church mission society, has been appointed principal of the Montreal diocese in theological college in succession to late canon Henderson.

The Pope Thinks Of Death. Rome, Aug. 1.—The pope has issued an encyclical to the Scottish people, the terms of which are significant in view of the recent reports that the thoughts of his holiness are absorbed with death. THE MAN IS KILLED.

The Victim Of The Barron's Accident a Kingstonian. There is little doubt that the man killed by the O.P.R. near Marston on Thursday last is William Kelso, son of Mrs. Kelso, 334 Beattie street. He left home on the last day in June and went to Belleville, where he worked with W. W. Chown & Co. at timbering. He spent a day or two there and left for Madoc in search of work. Failing to secure it, he was eventually heading his way back, when he met with the fatal and shocking accident.

Chief of police Horsey has interested himself in the case, and has received samples of the clothes worn by the young man when killed. These were sent up to Mrs. Kelso to-day, who, however, was away from home for the day. The chief will procure a photograph of William Kelso and forward it to Marston, as the authorities may be able to identify the body. Chief Horsey is confident that the deceased is Kelso.
