A horror seemed to seize every one at the enormity of the crime, and from that moment the insurrection ceased Truly the good shepherd giveth his life for

The Value of the Italian Army.

The army costs about £9,000,000 a year. The rank and file under arms-i. e., the actual standing army—is about 140,000 to 150,000 men and is never large enough without calling out the recerves, to mainrecept or those of 1898. The army is the best school in Italy and has done more to develop and unity the various and once hostile populations than all other agencies. Those who have seen much of the Italian gard to the prince quite modern.
