mental soloists. There is nothing like it for an evening's entertainment. Other so-called talking machines reproduce only records of cut-and-dried subjects, specially prepared in a laboratory, but the Graphophone is not limited to such performances. On the Graphophone you can easily make and instantly reproduce records of the voice, or any sound Thus it constantly awakens new interest and its charm is ever fresh. The reproductions are clear and brilliant.

Graphophones are sold for \$10 and Edison and Macdonald Our establishment is headquarters of the world for Talking Machines and Talking Machine Supplies. Write for catalogue.
