REV. KING ON PROHIBITION.

HIS FORGIBLE ADDRESS ON SUNDAY EVENING.

Canadians Are on the Eve of a Great Battle—Christians Who Vote To License the Liquor Traffic Violate the First Law of God—Some Quotations Made.

Prohibition was the subject of Rev. C. W. King's sermon in the Union Street Baptist Church Sunday evening. His text was from 1 Samuel xvi., 5: "So David prevailed against the Philistines." It was a pivot battle; great issues depended upon it. Other decisive battles were mentioned. Canadians are entering into what will be a great pivot battle. The issue is a supreme one. No loyal citizen can afford to be indifferent. A great future is ahead for our noble country if temperance people outlaw the liquor traffic, a business that costs our country over 3,000 lives and \$40,000,000 every year for a luxury worse than useless, and added to this for pauperism, disease, insanity, crime, etc., a total bill of over \$143,000,000 annually; a traffic that is directly chargeable with over one-third of the criminal convictions and indirectly for two thirds of the crime of our country has no right to exist. And Christians who vote to license such a traffic violate the first law of their Master.

Prohibition is feasible. Liquor may be sold in Maine and in Texas where prohibition is in vogue, but there are no breweries, no distilleries, no open saloons and no treating. Maine is to day one of the most prosperous states of the whole union. It has the lowest tax rate, the fewest mortgages, the largest number of real estate owners and double the amount of money in the savings banks per capita of any state in the union. The state of Texas is shown from a statement by the superintendent of public instruction that in a school of 140 pupils 100 had never seen a saloon and that out of 140 or 150 teachers the majority had never seen a saloon. A prominent citizen of Kingston was quoted as saying that after visiting the city of Portland, Maine, and walking its streets every day for a month in search of a saloon he had found none, and saw but one drunken man and he a foreigner.

A document from the governor of Texas was quoted. "The law is efficiently and successfully enforced. The direct results of its enforcement are plain and unmistakable. We believe that not one tenth of the amount of liquor is now used that was used before the adoption of the prohibition law. Our citizens fully realize the happy results of the prohibition of the manufacture and sale of liquor. The result is that there is an absence of poverty and wretchedness and crime, and in the promotion of domestic peace and social order, in the advancement of general enterprise and thrift. The prohibition law has more than met the expectations of its warmest friends. It is steadily winning the confidence and support of thousands who were its bitter enemies."

Canada has a poorer future as a country and a nation, while the gospel we love will have double effect if adopted by this crime and poverty breeding traffic.

TARRED AND FEATHERED.

Dr. L. C. Davis Roughly Handled By Citizens of Carrolton.

CAROLTON, Ill., Aug. 30.—Excitement was occasioned here by Dr. L. C. Davis being horsewhipped, tarred and feathered, and driven out of the city by a mob of indignant citizens. Davis came here two years ago from Indianapolis. He became acquainted with Miss Maud Hensler, daughter of John Hensler, a respected citizen. They eloped to Alton, and on returning reported themselves married.

Hensler, on making an investigation, discovered that they had not been married, and had Davis arrested, compelling him to marry his daughter. Since then, Hensler claims, Davis has been extorting money from him by threatening to take his life. Yesterday Davis raised a disturbance and Hensler had him arrested and locked up in the county jail. Shortly after midnight a mob supposed to have been led by friends of Hensler's, broke into the jail and took Davis out. He was taken to Hensler's shop, where other men beat Davis with whips and tarred and feathered him. His life was spared on the promise that he would leave the city.

Another Dr. Benson Needed.

The Stratford Beacon would like to see Rev. Dr. Benson, Gananquoque, or some equally strong man in charge of Grimby park to restore its good name. It says: "It is an open secret that since the withdrawal of the Rev. Manly Benson from the management of the park things have gone from bad to worse each year, but this year expected and treated members of the church have been hospitalized and scorned by its officials. Fault was sometimes found with the Rev. Dr. Benson for the summary way of dealing with offenders and for the personal supervision he exercised in the park. The events of recent years are his justification. No such acts of vandalism and insult as have been reported this year were committed under his regime."

THE WORLD FULL OF DISAPPOINTMENTS.

Ottawa Tribune.

The girls of Napanee are heart broken. They have been so enamored of Ponton during his trial on the charge of robbing the Dominion bank that they never gave it a thought that he would leave them. For weeks they have been feasting their eyes on his lovely countenance and every smile or frown has been discussed, until his image filled all their dreams at night. But he secured bail, and at once turned his back on all his lovers and went to dirty little Belleville. After all their love to require them in that fashion. It's too bad, and all the rest of Canada will sympathize with the sweet young creatures. He might have given them a few days of bliss. But, ah, me, the world is full of disappointments.

COMPLYING WITH CONDITIONS.

A little boy who had been blowing bubbles all the morning, tired of play, and suddenly growing serious, said, "Read me that story about heaven, it's so pretty." "I will," said the mother, "but first tell me, did you take the soap out of the water?" "O yes, I'm pretty sure I did." The mother read the description of the beautiful city, the streets of gold, the gates of pearl, the mansions with silver, but when she came to the words, "No one can enter there who loveth or maketh a lie," bounding up, he said, "I think I'll go and see about that soap."

CONTINUED IN FULL STRENGTH.

The business of the late Henry Brames will be carried on by his sisters in the name of the Brames estate with M. B. Malcolm, long Mr. Brames' assistant, as manager. He is a graduate of the Chicago embalming school and highly capable. The furniture and undertaking departments are again open, and will with the cabinet shop be consequently conducted.

TRIED TO WRECK A CHURCH.

Miscreants Cut Away The Supports Of An Illinois Building.

CHICAGO, Aug. 29.—Members of the Methodist church at Glenn Ellyn, near here, have for their place of worship a building formerly occupied as a dwelling. Underneath is a large basement and here were three large posts erected to support the floor of the church hall.

Wednesday evening was the time set for a visit from the presiding elder, Rev. Dr. Caldwell, Chicago. It was regarded as an even and it was expected that a large crowd would be present. But for some reason comparatively few members of the congregation attended services that evening and it proved fortunate that this was the case.

It was noticed that the floor of the hall frequently swayed upward and downward while Dr. Caldwell was speaking, and a member of the church went into the basement to make an investigation. He was startled to find that the posts supporting the floor had been cut away and there was a possibility that it would collapse at any moment. Occupants of the hall were at once warned and the building vacated.

A closer examination of the basement revealed evidence that the intentions of the perpetrators of the deed were undoubtedly murderous. The supports had evidently been removed some time during that day and after the announcement that Dr. Caldwell would be present.

CHINA'S PROBLEM.

How It is Viewed By Canadian Missionary Superintendent.

TORONTO, Aug. 30.—Rev. Dr. Withrow has received the following letter on the eastern problem in China from the Rev. Dr. Hart, superintendent of Canadian missions. The letter says: "The country is reaping for unusual disturbances, and it is doubtful if the Peking government will be able to cope with the storm brewing. Poor China is now where some of us prophesied she would be years ago. Can anyone prophesy better things for the future? Social and political corruption have eaten away the empire's strength. All courage has evaporated. We have an unshapely mass to deal with. If the great powers would come to some definite understanding and decide to divide up Great Britain the contrails all the way to Tibet, the real China might survive and revive under the fostering care of strong and enlightened governments. What is to be done should be done quickly, so that rebellions may not crop up in different corners."

MOVED TO TEARS.

Mackie May Secure Bail—The Custody Removed.

Napanee Express.

It is said that Mackie was moved to tears when Ponton was released on Tuesday. They shared the same corridor and the Belleville man feels lonesome now that Ponton has been liberated. An effort will be made to secure bail for Mackie. His counsel will make an application to the judge for bail this week. Par accepts the situation philosophically. He smokes a good deal and finds much solace in the weed. Holden doesn't seem to be fretting much either.

The old wooden steps leading to the flat roof over which, according to Pare's story, the retrial trip to Ponton's rooms, on the night of the robbery, was made, will no longer excite the interest of the curious. They were removed on Saturday. The back window, through which access to the hallway in the Grange block was gained, has been boarded up and the block no longer sports a back entrance via the roof.

GIGANTIC FRAUDS IN TOKIO.

Financial Scandals and Heavy Failures Are Impending.

SEATTLE, Wash., Aug. 30.—According to reports received by seamen the Japanese commercial world is being torn to its centre by the discovery of enormous frauds in the management of the Tokio warehouse company. Investigation showed the loss to be over 500,000 yen. It is believed many other big stock companies are in equally bad shape, and a series of financial scandals accompanied by many failures is looked for. A series of panic in the business world at Tokio resulted, and people became suspicious of many stock companies operating apparently on a very solid basis. Another discrepancy made like that in the case of the warehouse company probably would mean financial ruin for half the companies in the country. President Ando is preparing to sell his large private estates to help to pay the losses of the company.

Turkey Short of Wheat.

WASHINGTON, Aug. 29.—Minister Angell, at Constantinople, informs the state department that a note from the port announces that on account of local needs the exportation of wheat from the province of Scutari, in Albania, European Turkey, is forbidden until further notice.

Given an \$800,000 Contract.

COLUMBIA, Ind., Aug. 29.—W. W. Mooney & Sons, proprietors of a large tannery, have received an \$800,000 contract from the government to furnish leather to be used in manufacturing mail bags. The contract is for five years.

Women's Worst Enemy

Some hesitate before giving an answer, but those who know best will immediately say HEADACHE.

Thousands of women live in misery day after day, and week after week, suffering untold agony from these dreadful headaches. Husbands are disheartened, children neglected, and happy homes ruined. Most women strive to bear a patient the suffering which they consider part of life without looking into the cause or searching for relief. Food cannot digest without the bile which the liver supplies and hence the necessity of keeping the liver in good working order. To cure the headaches you must cure the liver and thus remove the cause of disease.

Dr. Chase spent years of his life in perfecting a medicine which acts directly on the kidneys and liver. Thousands of grateful women have testified during the past ten years to the effectiveness of this remedy for sick headaches. Many a home has been restored to happiness as a result.

Dr. Chase's Kidney-Liver Pills, the greatest discovery of this great scientist, are put up to suit ages done for age. All dealers.

Welsh Miners' Strike Ended.

LONDON, Aug. 30.—At a joint mass meeting of the Welsh miners yesterday it was decided to accept the employers' terms, offered at the Cardiff conference on Saturday, by which the miners get an increase of three per cent. in their wages. This ends the disastrous six months' strike. The strike was one of the most disastrous in the history of English labor, over 100,000 people and their dependents having been concerned and great misery having been caused.

Henry McLaughlin, Athens, is thought to be recovering nicely from his recent accident.

Lela Stinton, Athens, a bright little girl of eight summers, died on Wednesday afternoon of spinal fever.

Dr. and Mrs. Lillis, of Westport, have left for Chicago and will visit Omaha and Denver before returning.

The late Charles W. Taylor, Brockville, who died some days ago, carried life insurance worth \$20,075.

Edward Spinks, White Lake, has fallen here to a fortune through the death of a wealthy relative at Iroquois, Ont.

Clarence Sinclair, Carleton Place, Ont., has been heard from for the first time since before the battle of San Jago. He is well and will likely come home.

Robert W. Drury, who died at Allouette, at the age of eighty-six years, kept a shop at Lockie's Corners before Alton was out of adding clothes.

The Napanee Observer says \$500 have been realized by the people of Petawawa district this year in the sale of blueberries, which were a prolific crop in that section.

Malona Kilborn, aged about fifty years, widow of the late Noah Kilborn, Frankville, died at Athens Friday from heart trouble. She leaves an only child, a daughter, to mourn.

John H. Dacre, Ont., had both wrists broken while unloading grain at the barn. A crash of thunder frightened his horse, which made a sudden spring and caused Mr. Hunter to fall off the lead to the barn floor, with the above result.

Word has just reached Lamermer, near Carleton Place, Ont., that Thomas McGuire, son of Alexander McGuire, who left that place some years ago, was instantly killed by being thrown from the back of a bronco while racing in a celebration on the other side of the line. He was twenty years of age.

McFarland, Gananoque, capitalized in a sailing clip. One of his feet caught in the lining of the boat and for some time he was unable to free it. He clung to the boat and called for help. His niece, Miss Kathleen McFarland, conveyed him ashore. The knowledge that Mr. McFarland cannot swim added to the anxiety of his friends.

The Inquest Adjourned.

BLOOMFIELD, Aug. 29.—The inquest to enquire into the cause of the death of Mary M. Rogers, the fourteen year-old girl who died on July 23rd, was continued at the Bloomfield town hall on Monday. The coroner, Dr. J. M. Platt, and crown attorney Brown were present. Among the witnesses examined were James M. Rogers and his wife, parents of the dead girl; John Buckler, night watchman on the G.T.R. at Trenton; William Bowler, brakeman on C.O.R.; William Cox, station agent at Bloomfield; Louis Degroff, Mortimer Smith, Gideon Bowerman and Morris Jackson. A considerable amount of evidence was collected. Coroner Platt adjourned the inquest until September 12th in order to communicate with the attorney general at Toronto on certain points, and to secure the government's aid in ferreting out the affair.

Several showers have passed over here lately, but the ground still keeps very dry. The canning factory began operations on Wednesday, canning corn and tomatoes. TO BE TRIED AT SYRACUSE, N.Y.

Syracuse, N.Y., Post.

The case brought by the Thousand Island Park association against Mrs. Stalker, Auburn, will be tried at Syracuse this fall. The case is brought on the grounds that Stalker does not comply with the statute which provides that the proprietor or manager of a boarding house is, when in contract with an association, bound to keep a register of all guests and pay a certain percentage of receipts shown by register to the association. Mrs. Stalker agreed to pay ten per cent. of profits, but would not pay ten per cent. of receipts. On these grounds the park association sues her.

DEDICATED A CHURCH.

New Methodist Church at Wagarville—It Is Free of Debt.

PARKMAN, Aug. 29.—The showers during the week have been good effect on the pasture and late food crops. The harvest dinner on Saturday and dedication of Sunday of new Methodist church at Wagarville was a success in every respect. Enough cash was raised by proceeds of dinner and subscriptions to clear off the debt and leave a balance of \$50 on hand. The people of Wagarville can justly be proud of the success which has crowned the efforts towards the erection of this church, second to none in the county for neatness and comfort. Rev. Mr. Lewis, Tanworth, preached very impressive sermons in morning and evening, which were listened to with much interest by very large congregations, as was also the singing by the Messrs. Ryan brothers.

Wesley Wagar and Mrs. Henry Wagar start to-day to visit friends in Dakota. Visitors to the erection of this church, Carrier, C.F.R., at William Black's, Miss Florence Bertram and Norman Harvey at W. KICKED BY A HORSE.

His Jaw Broken in Three Places—Moving To Manitoba.

LOMBARDY, Aug. 29.—The weather has become cooler and a number of refreshing rains have fallen. Threshing seems to be the order of the day. Quite a number from here took in the excursion to the north-west on Tuesday. William Barker and Frank Sherman were two of the number. The latter sold his farm property to Nelson Connell and will purchase a farm in the west. The latter, one of our enterprising blacksmiths, sold out his blacksmithing business to Robert Clark, of this place. Frank will work at his trade in the prairie province. Mr. Clark is also known as a first class workman and we hope he will be well patronized. Thomas O'Keilly, his adopted daughter, Miss Katie Lamb, and grand daughter, Miss Lizzie Döbber, who spent a month vacation among relatives in western Canada and Uncle Sam's domains, have returned home. Winward Singleton visited his home in Newboro on Sunday. Albert Moulton and wife, Seely's Bay, recently visited at Joseph Klye's.

Lombardy fair, September 23rd, is announced. A lengthy prize list is in circulation. The special attractions are numerous. The Lombardys are taking in the annual camp meeting at Wolford. Frank Singleton, Newboro, made this place flying camp on Friday. A very bad mishap happened to Clinton Williams recently. He and Frederick Stone were engaged in running a drilling machine in the vicinity of Perth. When on the morning of the accident he was cleaning off one of his horses, the animal let its heels fly, knocking him senseless against the wall. When discovered by his parents, Stone was lying in an unconscious condition. He was rapidly driven to Perth to the physician, where it was found his jaw bone was broken in three places and several bad cuts inflicted on his head. The wound was attended and he was conveyed to his home, where he is resting comfortably. It will be some time before he will be able to resume his work.

A. B. Rabb, Frankville, was the guest of his brother, John Rabb, on Friday. Mr. Bolloway, Toronto, is visiting his brother, B. B. Bolloway, George Nichol, who is recovering from a severe attack of inflammatory rheumatism.

NAPANEE NEWS.

Mr. Shibley to Mark His Visit In Generous Fashion.

NAPANEE, Aug. 30.—John A. Shibley and brother, Frederick, Providence, R.I., are on a visit with their brother, George W. Shibley, and sister, Mrs. Finkle, Napanee. John A. Shibley was in Newburgh, the home of his boyhood, last week and signed his intention to the trustees of the Newburgh Methodist church that he would present the church with a \$1,200 organ, as a kindly remembrance of his boyhood days in that place. It is his intention also to place a marble slab in the church in memory of his father, and another, who were members of that church during their life time in Newburgh.

Mr. and Mrs. Arthur Shuttleworth, Magog, Que., are on a short visit with Mr. and Mrs. Frank W. Morris, Centre street. Mr. Shuttleworth is designer in the Dominion cotton mills of that place, coming from England about a year ago to fill that important position. Both Mr. and Mrs. Shuttleworth are charmed with the country scenes they encountered on their visit. The tool in the popular trip by boat from Montreal to Kingston, and will return by rail to their home in Magog in a few days. They are the only relatives Mr. and Mrs. Morris have on the side of the ocean, and it is needless to say their visit to Napanee will be made a pleasant one. Arine Wolfe, Kingston, spent Sunday with friends in Napanee.

Mr. and Mrs. George Shroy and little son left this morning for a two months' visit with relatives in Manitoba. S. T. Martin, Mrs. Margaret D. Robertson and Miss Annie Loyt also took in the excursion to the north-west to day for a sojourn with friends in the prairie province. Miss Coover leaves to-morrow for a visit with friends in Montreal.

ACCIDENTALLY DISCHARGED.

And by Luck a Man's Arm and Not a Vital Part Received the Shot.

ARLEN, Aug. 29.—An accident of a serious nature occurred at Cross Lake on Saturday by which Hamon Scott, a son of a farmer of this township, came near being killed. The young man, about twenty-one years old, was out in a boat with his brother. Stepping on shore he asked his brother to hand him a loaded gun they had with them. On being given the gun the muzzle was towards Hamon, and in some way the trigger caught the clothing of his brother, exploding the gun, the charge taking effect in Hamon's arm, lacerating it badly. He was brought to the village and medical help procured. The young man is doing well so far.

The heavy rains of last week will greatly help the pastures and may do some good to late potatoes and roots. It has stopped the raging of forest fires. Two lynx it is said were seen in the woods belonging to Thomas Andrew, probably driven in by the recent forest fires. Several sportsmen are on the lookout. Wesley Hughes and wife have come home from visiting friends at Tamworth and Napanee. Mrs. DeLack, Flint, Mich., is visiting her sister, Mrs. Burghert Newton. The family of Nelson Park has been increased by the birth of twins.

Price 50c a box or 3 boxes for \$1.25. The Doan Kidney Pill Co., Toronto, Ont. Remember the name, "Doan's," and refuse all others.

The GRAPHOPHONE

Most fascinating invention of the age. Always ready to entertain. It requires no skill to operate and it reproduces the music of bands, orchestras, vocalists, instrumental soloists. There is nothing like it for an evening's entertainment. Other so-called talking machines reproduce only records of old and dead subjects, specially prepared in a laboratory, but the Graphophone is not limited to such reproductions. It reproduces your own voice and instantly reproduces records of the voice, or any sound. Thus it constantly awakens new interest and is as clear as ever fresh. The reproductions are clear and brilliant.

Graphophones are sold for \$10 and up

Manufactured under the patents of Bell, Tainter, Edison and Gramophone. Our establishments in headquarters of the world for Talking Machine and Talking Machine Supplies. Write for catalogue.
