Master Gunner Maher To Receive His Dis-

An unofficial announcement this morning that master gupner Maher, "A" field battery, was to be laid off from the service created considerable comment in the ranks of the battery. Both officers and men express great surprise with the information given. It is stated that Lieut. -Col. Drury, before leaving for Toronto, made the intimation which, reaching the men, fell with bomb-like force among them. Master gunner Maher had nothing to say regard. ing the rumor, but from his brief replies, when asked, the impression was left that there was more truth than fiction in

the story in circulation. Major Fages, at present acting commander of the battery, is inclined to the belief that master-gunner Maher's discharge is a certainty, although he had beard nothing officially concerning it. such be the case he feels that the battery | day. will lose a solid man, one who has always performed his duties faithfully and competently. He speaks of Mr. Maher as a quiet and steady official, obliging and always willing to assist the men towards a higher standard of military efficiency. The non-commissioned officers also speak highly of the master gunner, and will teel eorry to see him taken from the barracks. The master gunner, it is said, for he has nothing to say himself, has held that rank for over twenty-five years, and during that time he has only lost eighty days through illness. He is now over fifty-nine years of age, and it is

The council of the board of trade met yesterday afternoon when president Chadwick, mayor Livingston, Capt. Gaskin, McKelvey, W. B. Dalbon, J. Redden, R. J. Carson and F. E. King were present. A resolution was framed for presentation to the department asking that the dredging of the harbor he completed without any cessation in the work. This step is taken owing to the importance of having the harbor completely dredged, and on account of the year's appropriation being almost expended the dredge might be taken from the work. The resolution also contained an expression of the board's thanks to the minister for his recognition of requests made to him.

The question of discrimination in freight rates against the city and extra cartage charges made by the railway companies, was considered and referred to the committee on railways and navigation, of which Capt. Gaskin is chairman.

The Guelph board of trade sent a summarized copy of its report against the charges made for the inspection of weights and measures, claiming that the government should pay inspectors by salary, and no charges should be made when weights were found correct by inspector. The council agreed with the centiments of the report, and instructed the secretary to notify the Guelph board that the local board of trade would co-operate with them in any overtures to the government in the

Rev. J. E. Starr, Stanstead, Que., late pastor of Sydenham street Methodist church, is well pleased with his new station. He is comfortably located in the parsonage, and is given every encourage. ment in his work. The impression he has made on the people there can be well explained by the fact that his congregation has increased about sixty per cent. in number since his arrival, and many people cross from the United States side to hear him. His friends in the city will be glad to hear of his successful work.

No Fair To Be Held.

A few members of the Kingston electoral district society met in the mayor's office yesterday and in an informal discussion agreed that the season was too far advanced to hold a fair this year, but proper and early steps would be taken to re inaugurate the annual exposition next year The meeting adjourned to be called by the president. An effort will be made to reorganize the horticultural society and have a show this fall under its supervision.

THE LATE MR. BUNT.

An Old Ploneer of Kingston Dies at Na pance This Morning.

The late Mr. Bunt, who died in Napanee this morning, was a native of the south of England and had reached the rips age sighty-seven years. He emigrated to Canada in 1842, coming direct to Kingston, where he worked for a number of years in the government dockyard. Then, preferring to be independent, he launched into business for himself, establishing a good blacksmith trade in a building located near where the American hotel now stands. Mr. Bunt put up the iron work in the city buildings when they were erected, and was identified in the construction of many another of

Kingston's substantial buildings. About the year 1890 Mrs. Bunt departed this life, and shortly after the bereaved husband retired from business and went to live with his daughter, Mrs. John Boyes, Napanee. It was at her residence that he passed away. He leaves five children: Mrs. C. C. Reed, London; Mrs. John Boyes, Napanee; Richard, William and John, of this city. Richard Bunt went up to Napanee to-

the remote past with the present. In the construction of the old forts in and about the city, then useful because they were formidable, deceased contributed no small amount of work. He saw the city when ite appearance was much unlike what it is to-day, and for nearly half a century watched its steady advancement. A good citizen, an industrious and thrifty business man, a man of temperate habite, he was permitted to see many years of usefulness

and contentment The funeral takes places from Napanee to morrow, leaving there at one o'clock. The remains will be buried in Cataraqui

JUDGMENT WAS RESERVED. Another Verona Case Before D J. Walker

The villagers of Verona are intensely fond of law, and the justices of peace are called upon to settle many difficulties which crop uo among them This morning D J. Walker opened court to try charges of breepass laid by W. Weyman, Verons, against Peter Billmore and Matthew Revell. Some time ago a charge was laid against Mrs. Weyman for misconduct, and when constable Dowker went to arrest ber Mesers. Billmore and Revell entered the house. This added to the tempest in the teapot, which has disturbed the tranquility of the village, and to 'get even" W. Weyman, the woman's son, entered a charge against these men for trespassing on his premises, after being strictly forbidden to do so. He engaged J. L. Whiting to look after his case, which was looked into this morning. Several witnesses were heard, and Mr. Walker re-

served judgment until Thursday.

Of Little Value. LONDON, Aug. 30.—The Berlin correspondent of the Daily News says : "Germany will accept the conference suggested by the czar, but expects nothing to result from it. Mr Jackson, secretary of the American embasey, does not believe in the practicability of the proposal. He assured me that, speaking for himself only, he felt sure that America would not permit the Philippine question to be submitted to such a conference; nor did be believe it would be possible for any power to begin

the work of disarmament" According to various correspondents of the Daily News the Russian emperor's propreal is the revival of a project of Alexander III of Russia, which was moeted by emperor Frederick of Germany but not published owing to the passionate state of public feeling in France on the subject of Aleace Lorraine. One correspondent says "emperor Nicholas has had in mind the prospective activity of the United States and Japan in the world's affairs and has ascertained bhat Great Britain is absolutely determin ed to impose upon China a complete mili tary and naval re-organization. SHARPTON SKITS.

A Crisp News Letter From The Stirring

SHARPTON, Aug. 28 -August has been an exceptionally good time for all growing crops. Pastures are good and the flow of milk is large for this time of the year. Should the frost keep off, late potatoes, corn and buckwheat might yet be good crops. It is feared such an abundance of rain may start a rot in the potatoes. Threshing is progressing slowly; grain is not as large a crop as a year ago. Visitors: Mrs. and Miss Wood, Montreal, at her daughter's, Mrs. Francis Bell; H Babcock, Sydenham, at his parents', Mr. and Mrs. Clark; E. M. Glbert, Batterser, at J. Clark's. Walter Bennington has returned from Chicago, where he underwent an operation which was entirely successful. H. Walker is home from the states. We are not aware that the cow disease of the eyes, so prevalent in other parts, has as yet made its appearance around here. The ground being in eplendid condition, many have started ploughing. Mr. Milsap and Mr. Doberty and families, Odessa, spent Sunday at Mr. Park's. It is reported that the farm of the late Mr. Harker has been sold to

Mr. Peters, Murvale Station. Last spring's seeding of grass and clover promises well. Notwithstanding the nearness of the prohibition election very little interest as yet is apparent in that direction. Mrs. Stephens, while returning after attending her sister's funeral in New fork state, lost her valice containing valuable articles. She has since recovered it. Attending excursions is the order of the day. The cheap rate is what draws the crowd. Mr. Colwell has gone to British Columbia in quest of employment. R. McKinley has been working for J. Cramer. There is a new arrival at J. Scott's. Smith Bros.' are threshing in Glenburnie. J. LaRue has returned from a trip west. It is said that all the effects of the late Mr. Sharpton will be sold in the near future. Babcock Bros. are working with their ste un thresher in this vicinity. A Asselstine and wife, Westbrooke, were visiting at E. Vrooman's. Mr. Atkinson, Odesea, has been helping Mr. Paterson a few days. The abundance of rain bas called a halt to the scarcity of water.
