Pain So Intense . Would Nearly Twist Fingers from Sockets. Puffed Up Like a Toad.

Water Ran Through Bandages to Floor. Had to Walk the Floor Until Would Fall Asleep.

Fingers Peeled Like an Onion. Doctors Could Not Cure, Cured By Cutieura.

About eight years ago I got some hands, it commenced with a kind of a burning sensasion on my fingers and on top of the hand. When I commenced to rub them, you could see little white pimples on the skin. I rubbed more and more, until I felt like twisting my fingers out of their sockets. I had high fever, and cold chills ran over me, and so I kept it going until I was tired out. Nights, I had to walk the floor until I fell asleep.

My hands peeled like an onion, the finger mails got loose in the roots, and the water ran out, and wherever there was a little pimple, there the burning fire was, and I tell you and can prove to you, that happened at least ten times. During the day, I had to attend to my business, for I am running a blacksmith shop, horseshoeing, and I would not shut up the shop for any body, but it was hard. My hands puffed up worse than a toad. When I drove horse nails, the water from my hands man through the bandage, on to the floor. My customers refused to look at my hands. I had a friend to take me to the doctor; he gave a solution of something to bathe my hands with. I was working every day, and did not know what to do so I went to another doctor, I think for a year. I found your advertisement in a Utica newspaper, and I got the CT. THOUBARENOEVENTANACUTEURA SOAP. The nails hardened up and peeled off and I don't believe there is one of the first nails left on my hands. What I have told you is true. x do this for your benefit and humanity's sake. I would not suffer any more as I did, for the whole country. CASPER DIETSCHLER, Peb. 22, '98. Pembroke, Genesee Co., N. Y. Conv., Props., Boston. How to Cure Every Harror, free
