THE DAILY

"Opifer per Orhim Direr."

MUNICIPAL SOCIALISM. J. W. Martin, from whose paper on "Direct Employment of Labor vs. The be recast. Contract System" in "Municipal Affairs" for September, an extract is given elsewhere will lecture in this city some time during next month. The themes of the lectures will cover the whole ground occupied by municipal eocialism in England where the interest in municipal economics is increasing with remarkable force. The lecturor brings to his work an extensive practical acquaintance with London muni

MR. HAYCOCK'S PLANS.

coming winter.

J. L. Haycock is a man of ideas. He reads and meditates a good deal, and be has the faculty of expression bis views clearly and forcibly. He has been visiting Ottawa, and in an address before the cheese board expatiated upon the means the farmers had of improving their posttion. The cheese trade communited first Capt Cooke, E.C.A., late of "A" field attention. It had grown to enormous! proportions. Time was when the Americans very largely controlled it, when Am. erican specialiets came to Canada to teach bo choose men how to do their work. Canada supplies England with sixty per her of Canada, during the annual dull of sixth year, is now reckoned to be one cent, of its cheese, and the standard is so! it, and go so far as to reck the Canadian ling qualities of our deceased comrade; brand upon their goods.

Mr. Hayeock paints out that the cheese principle. He pointed out that the price | brothers in arms the world over. of pork had falien twenty per cent, in a . "Further resolved that a copy of this dropped in value but five per cent. I'mi Dean, at Ocilia, about the time Mr. Hay tock was speaking, said that no branch of arming had paid so well in late years as bacon production, and it was in accome! Diabolical Attempt to Destroy the Excuraniment of cheese making, because the kim milk and the butter milk could be make the urned trigond account.

Mr. Hayeack must not be content with he dissemination of his views abinat. He le, and it shou'd be so devoloped that e farmers of Francenae and the adjaining untres may be benefited by it.

LIQUOS TRAFFIC IN AMERICA the American baceau of labour has, in annual report recently useued, given liquor traffic of America.

ret, it has been ascertained that there 6 15. deriversant 1, viii bremeries. their annual production of fermental bra is valued as over fixtinklickl revenue again is obtained from In! icensed and retailed outablishmants. they have \$957,16297 invested in usinees and give employment to 241, ersons. So that it is a hare con this liquor traffic, and represents a fore. cial and personal interest that is not lightly regarded.

THE BOATS LOCATED.

Three Lucal Boats Receive Hard Usage On Lake Huren.

The steamer Rosemount and consorts Selkirk and Melrose experienced tough weather this neek while crossing lake Huron. They met a heavy gale which tore away the consorts from the steamer. Lefe to shift for themselves those aboard the schooners did their utmost to bring their crafte to anchorage. After being missing for a couple of days word was received from the schooners. The Selkirk was located at Thumier Bay, adjacent to Alpena, Mich. Her signals of distrees brought a tug to ber rescue and she was towed into Alpena harbor, where it was found she had three feet of water in her hold and was minus her rudder. She received hard neage from both wind and water. The greater portion of her curgo, bil that bushels of wheat, will be damaged.

The schooner Malrose was lucated under the less of Middle reland and is reported to be to a comparatively ecund condition. The Rosemount managed to put back to kin street. The nie brugaste responded Debour, where she remained during the promptly and succeeded in eaving the storm, leaving to day to pick up her conecros. Capt. Gaskin went up to Alpena to-
