FOUNDOUT

A good many ladies have found out that our Cloth Jackets, in addition to being up to-date in style and finish. are decidedly lower in price and better value than those shown in Dry Goods stores. Our specialties being Furs and Mantles enables us so to concentrate our energies on these two lines that, as a rule, we are able to offer a little better article for a little less money than our competitors. No use quoting prices until you see the goods, but we do say that our New Cloth Jackets at \$1 35, \$5, \$6.25 and \$7.85 are unsurpassed in this city for style, materials or price.
