Shiloh's Consumption Cure was successfully introduced by a leading physician, Dr. Brutus Shiloh, fifty years ago, and is now recognized as the leading remedy of the world for all affections of the throat and lungs. It arrests the ravages of the germs of consumption by destroying them, confining the disease to a limited area of the lung and setting up a healing process which causes the sore parts to rest and cicatrize. That it is possible to arrest the breaking down of the lung tissues, and enable a patient to live has been fully proved by post-mortem examinations of persons who have died at advanced ages from entirely different diseases. An eminent physician who had in the course of his practice made post-mortem examinations of at least a hundred women past sixty years of age, found that fifty of them had at some time in their lives suffered from consumption.

Nasty Skin Disease Permanently Cured.

B. B. B. is making medical history. No other remedy anywhere can produce such cases of "permanent cures" as are being published from time to time.

Even in the severest and most chronic diseases of the skin and blood, where other treatment has utterly failed, Burdock Blood Bitters makes cures so thorough and perfect that after many years there is no sign of the disease returning. We don't ask you to accept our statement that this is so. Here's proof from Mr. N. Mitchell, Carman, Man:

"During the winter of 1892-93 I was covered with pimples on the inside of my right leg, between the knee and ankle. As I never had anything of the kind before I was anxious about it, and sought medical advice, but getting no relief from the doctor, I tried a bottle of B. B. B., applying some of it to my leg, as well as using it internally, and to my surprise the nasty disease, whatever it was, disappeared within three weeks, and I am thankful to say it has never reappeared to this day."
