

KAISER SEEKS COLONIES.

GERMAN RULER SAID TO BE DICKERING FOR ISLANDS.

Proposed Visit To Spain—Madrid Is Making Much Capital Of It—Berlin Foreign Office Is Striving To Report—The Visit Would Give Offense To The United States.

BERLIN, Nov. 15.—It is understood in diplomatic circles that Spain, after the conclusion of a treaty of peace, will try to dispose of her few remaining colonies, the Marianas, Caroline and Pala Islands, and it is reported that the Spanish government has already been cautiously approached by Germany for the purpose of ascertaining how much these groups would cost. The officials of the foreign office admit that the acquisition of these Spanish colonies would be of considerable value to Germany, but they give no inkling as to their intentions in the matter.

The announcement that emperor William will call at Spanish ports on his way home from the South Sea has given rise to all sorts of political speculations, especially in view of the statement that the queen regent of Spain has decided to send the duke of Sotomayor with an autograph letter to Cartagena inviting the emperor to visit Madrid.

While it is evident that Spain is making capital out of the mere fact that he will visit Spanish ports, the foreign office here is doing everything to throw cold water on the idea that his majesty had any political end in view touching Spanish ports. The foreign office appears to be anxious to avoid any steps which would wound public feeling in the United States, which, it is fully recognized here, would result a visit of the emperor to the Spanish ports while the peace negotiations are still uncompleted.

It has now become known that emperor William desired to utilize his trip to Jerusalem by visiting German Protestantism, now split into a score of factions, and establish his office of supreme episcopate, now held merely over the evangelized church of Prussia and over the whole of Protestant Germany. The project is being actively encouraged by the German government, and it is responsible for the fact that none of the reigning powers were willing to accompany him to Jerusalem.

The net result of the emperor's reign in this direction thus far has only been to arouse the resentment of the other princes, because it would mean the serious curtailment of the sovereign rights of the small or German rulers.

HEART PAINS

The Heart and Nerves are Often Affected and Cause Prostration of the Entire System.

A Kingston Lady Testifies to Her Experience in the Use of Milburn's Heart and Nerve Pills.

People who suffer from any disease or disorder of the heart nervous system, such as Palpitation, Skip Beats, Smothering, or Sinking Sensation, Sleeplessness, Headaches, Pain in the Head, etc., cannot afford to waste time trying various remedies, which have nothing more to back up their claims than the bold assertions of their proprietors.

These diseases are too serious to permit of your experimenting with untried remedies. When you buy Milburn's Heart and Nerve Pills, you know you have behind them the testimony of thousands of Canadians who have been cured by their use. One of these is Mrs. A. W. Hosh, of Queen Street, Kingston, Ont., who writes as follows:

"I have suffered for some years with a smothering sensation caused by heart disease. The severity of the pains in my heart caused me much suffering. I was also very nervous, and my whole system was run down and debilitated."

"I heard of Milburn's Heart and Nerve Pills being a specific for these troubles, I thought I would try them, and therefore got a box at McLeod's Drug Store."

"They afforded me great relief, having toned up my system and removed the distressing symptoms from which I suffered. I can heartily recommend these wonderful pills to all sufferers from heart trouble."
