

A BLUE BOOK SEA MYSTERY

A STRANGER IN A STRANGE LAND.

Set Ashore on the Bay of Fundy Coast Forty Years Ago—Both Legs Were Cut Off—Speaks No Intelligible Language—The Government Has Kept Him in the Asylum All Through His History.

Washington, D. C., Nov. 16.—The absence of commissioner Coadge has prevented the Anglo-American commission from taking up the fisheries dispute. With the return of the committee will come a hearing. A committee is expected to say that the Americans will probably yield the fishery to the British.

One day, forty years ago, the vessel lying about the rocky strip of rock and land on the Nova Scotia side of the Bay of Fundy. A young English boy, also named John, was on the boat. He was a stranger in a strange land.

He was taken to one of the cottages and named and cared for. He was a stranger in a strange land. He was taken to one of the cottages and named and cared for.

TURKS AND ARMENIANS.

THE TWO PEOPLES ARE DEADLY ENEMIES.

The Armenians are unworthy descendants of heroic men—though inferior in war they surpass the Turks in Executive Ability—Turkey's Preservation Depends Upon Armenian and Greek Omnipotence.

The Armenians, being prosperous and enterprising, pay the taxes and contribute largely to such prosperity as Turkey enjoys. In extenuating them the Turk is really "killing the goose that lays the golden egg," says George H. Hopworth, a journalist, lately returned from a tour of Armenia, in the Detroit Free Press.

It is a reason why there must always be friction between the two nations, the despotism of the Armenian, so far as regards ability to protect himself, is allowed.

NAMING OCEAN ROUTES

Steamship Company Managers Adopt a System of Travel.

London, Nov. 16.—A committee of the British and American managers of the London and New York steamship line has adopted a system of naming the routes.

The committee has decided to name the routes after the names of the companies. This is a departure from the usual practice of naming routes after the names of the ships.

Terrors of Childhood

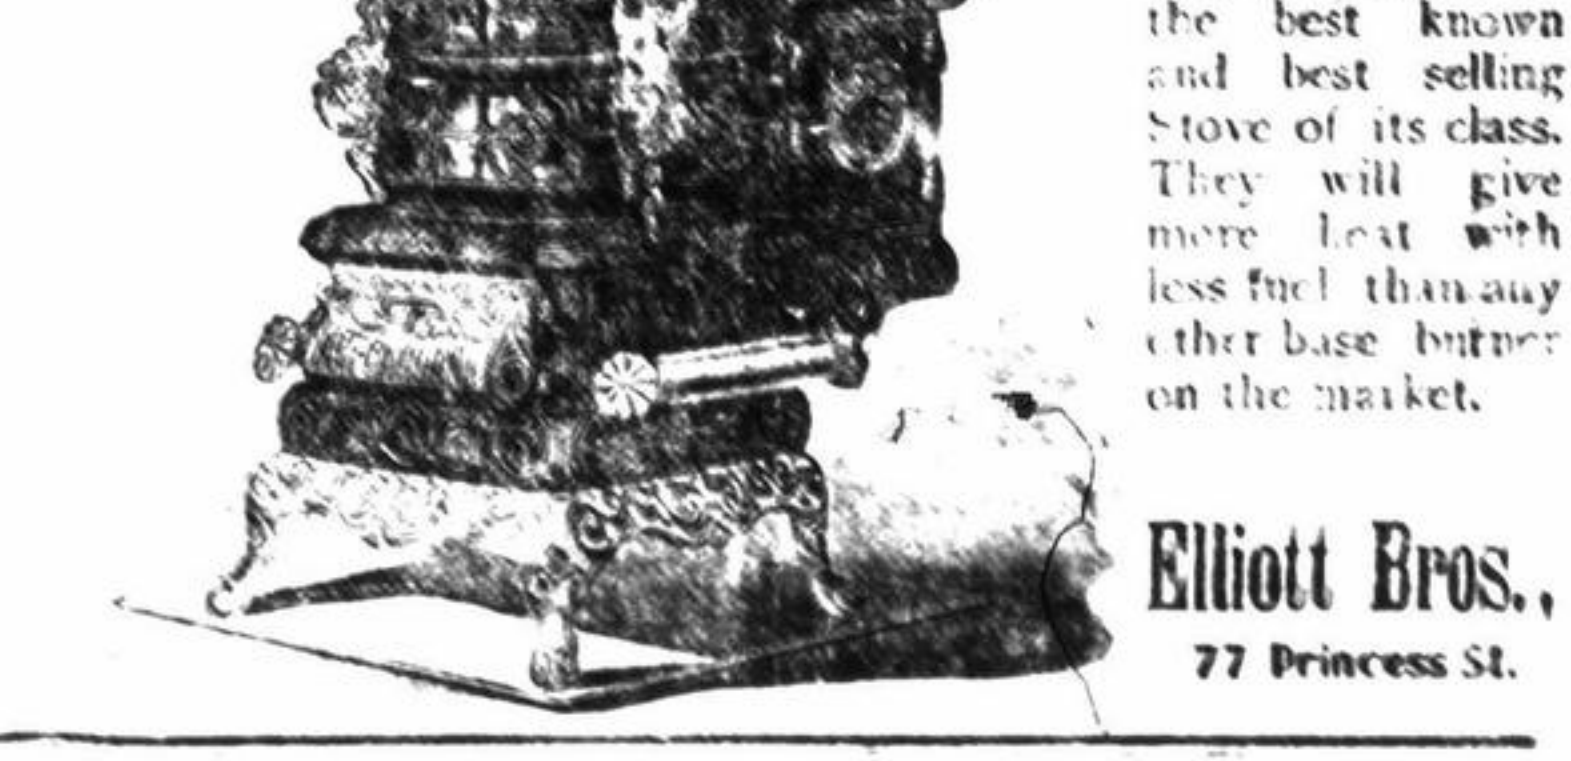

Many diseases of children previously misunderstood are now known to be of germ character and susceptible to cure by the use of Shiloh's Consumption Cure. Among such diseases are croup and whooping cough.

Never shall I forget the agony I experienced that night, when little Tom was taken with the croup. It was midnight and snowing. Our house was a mile from the nearest village. I had no one to send for the doctor.
