Married women, known how many were killed and injured. but the has will be a long one Aiready man, and Prous Baum, an engineer in an adjacent factory, have been recover ed, and several are in saing About seventy five people are mjared more or less severely. Many people were caught in the streets by the tuehing waters anwere hurled bither and thither, receiving teniaries of various kinds.

W. J. Logan, of the Logan iron works Greengament, L. I., the contractor who was building the tank, arrived on the scene few minutes after the collapse and was at once placed under arrest William H Bradley, the case engineer of the Conrols dated gas company, said to be jointly re

gan, was also placed under arrest. To make the ecene more terrific the rush ing waters tore up gas mains and destroyed electric light constnite, causing almost complete darkness. This latter was partly remedied, but the gas supply below Grand street was almost totally shut off Workmen were shot out of the factor; windows and carried a block or more as mere straws on the crest of the food Women were washed out of the fists from the first floors and almost drowned. Mary Anne O'Conell and her little four year eveter, Catherine, were

at the front the second floor of No. 335, avenue A Before they could turn to fice a ruch o water struck them both, smashing them through the door and carrying them half a block distant. Both were terribly injured, the little one perhaps fatally.

Heary Fuldner was taken up bodily and carried almost to 21st street. His son was also carried out of his office by the water was caught in the debrie and but for the timely arrival of workmen would have been drowned. Andrew Wendt, one of the killed, was near the base of the tank when it collapsed. He was caught in the rushing waters and borne an almost moredable distance. His mangled and almost maked body was found against an elevated railroad pollar at Twenty first and First ave-

ween, more than a block away. Building commissioner tracky and a force cannot me blad midter haverna mom (n) I bo and supposition with the firemen set to work to expand to bodies. After some time the workmen reduced the water by two feet and it was throught the busements would be emplied by to merrow morning.
