WHEN THE STARS FELL. The Shower of 1883 Worked the Negroes Into a Frenzy.

"I remember," said an old man in a high back chair, "when the stars fell in November, 1833. We spoke of it in that way then. Now you call it a meteoric shower or flight of aerolites. When I saw them in 1833, I was with a colony of emiwhich he locked up his cash and valuable had our negroes with us, nearly 200.

But I do remember that during the shower one meteor seemed to fall from the zenith perpendicularly and assumed before it vanished a wriggling motion, so that the negroes said it was the serpent that had done the mischief in Eden. "I remember that our journey on the day following was postponed on account of the religious frenzy which took possession of the negroes. All who were old enough 'got religion,' some of them a second time, and they all insisted upon being haptized in the Cumberland river, and my father, who was a minister, administered the rite until his arms gave out, and then he delegated his authority to one of the muscular converts, who exhorted as he plunged and pulled the saved into and from the waters. Character in Dress.

图 图 图

One may have a good ear for music, and yet be unable to define what constitutes good music.

A man may know the sort of clothes he wants to wear, when he sees them, and yet be unable to describe their peculiarities to a tailor.

But it is just these little peculiarities which make character in dress, which harmonize it with the wearer's individnality, with his ambitions, mental proclivities, habit of figure, carriage of head and shoulders, etc.

"Fit-Reform" clothes (ready-made) are facts—not prophecies—and their effect can, by trying them on, therefore, be judged, before purchasing.

Price is about half that of the Custom Tailor for similar grades, viz., \$20.00, \$18.00, \$15.00, \$12.00, \$10.00 per suit.
