> Mr. Bowle's Appointment. Mount Forest Confederate.

Thomas W. Bowie, town assessor, has been appointed to the position of storekeeper at the Kingston penitentiary. The position, which, we understand, is a fairly good one, carries with it considerable responsibility and no one will more heartily congratulate Mr. Bowie on his appointment than his numerous friends in Mount Forest. It is understood he will enter upon his new duties shortly and that his removal to another place of residence may also necessitate the removal of his family. Mr. Bowie has been for many years one of our most respected and trustworthy citizens. He has filled several offices with ability and efficiency, and won the esteem and confidence of a very wide circle of friends through all these years of social and business intercourse. In local liberal ranks he has been an energetic and life-long worker and has rendered good service to the party-a service which has materially C. H. Martin, the recently appointed assisted in carrying the reform banner to a year ago by the dominion government to investigate the management and affairs of the Kingston penitentiary.
