"Opifer per Orbem Dicor."

A VERY GREAT WRONG. The Brandon Sun has had great reason to protest against the wrong that has been done to many who were induced to go to

even that number of men had warrant for a trip from Ontario without the assurance of a long and unremunerative stay. The fact is, however, that the railway got up harvesting excursions, and to Manitoba, and dumped them the way stations in a more or less helpless and penniless condition. Some of them, according to the Sun, have had to sleep out at night and beg for food. Not anticipating such an experience they did not provide themselves with a surplus of funds, and they must, failing to get work-and over three thousand will be in this position—suffer on until they get to

other friends or home.

"These men," says the Sun, "are not tramps, but in most cases the sons of reby what they heard of Manitoba and its made the appointments. The Register inneeds. They were told that Manitoba had fers that the warden was retained because combination had been unlocked, and the been drained by the demand for the Crow's few days most of them will be out of the over, but if looked into it will be found it is stated that Patrick Hurley was dis. must have been a considerable time while that many of them are working for starvation wages. About sixty went out by the N. P. yesterday in box cars and fully a hundred more on the Souris branch, but large numbers are still in the city. These should be advised, if possible, to work away from the railways to places where the demund exists and there has not been the

penalty of this imposition upon our innocent people. Unless these are forgetful they will turn a deaf ear over to the next cries for help in an abundant harvest. They must have definite information next time before they will travel far to suffer physical and mental abuse of the severest
