hours a day." Feeling surer of her ground than at fully, and friends." any former time, she sent for her brother ancestors. Her work in Paris resulted in several severo illnesses, and at the end of five years she accepted the position of governess in a noble family. The posiand character were sincerely appreciatetd. Here comes an interesting chapter, not

only because of what it says of the sister,

but for the bit of autobiography in it. "I left Saint Sulpice Seminary in 1845. Thanks to the liberal and earnest spirit which ruled over that institution, I carried my philologic studies very far; my religious opinions were greatly shaken thereby. Here again Henrietta was my support. She had outstripped me in this path; her Catholic beliefs had wholly disappeared; but she had always refrained from exerting any influnce over me upon this subject. When I told her of the Coubts which tormented me and which corder. made it my duty to abandon a career for which absolute faith was requisite, she was enchanted, and offered to smooth the difficult passage. I entered upon life, scarce 23 years of age, old in thought, tut as great a novice, as ignerant of the world, as any one could possibly be. was not even a Bachelor of Arts. It was agreed that I should search the boardingschools of Paris for sume position which would square me, as the slang phrase isthat is, would give me board and lodging without salary, at the same time leaving me abundant time for independent study. Twelve hundred francs which she gave me enabled me to wait, and to supplement all the deficiencies which such a position

might entail. they gave me the requisite tranquility mind to think at my case, and made it and my support at this turning point in

Henrietta's health, never robust, broke down under the severe strain of years of hard work, and it was then decided she should come to Paris and there make a home with her brother. "Then began for us those delightful years, the mere memory of which brings tears to my eyes. Wo took a small apartment in a garden near Val de Grace. Our solitude was absolute. She had no friends and made litknickerbockers. She was, however, a tle effort to acquire any. Our windows looked out upon the garden of the Carthis eulogy from the pen of her famous | melites in the Rue d'Enfer. The life of A By-Law to raise by way of loan brother. When Renan wrote this memoir | those recluses, during the long hours FIRST-ULASS FARE, good going Sept 4th, it was for private circulation, and only which I spent at the library, in some sort 100 copies were printed. "My sister was regulated her existence and afforded he so modest," said he, "she had such an only source of amusement. Her respect aversion to publicity, that I would have for my work was extreme. I have seen felt that she reproached me from her tomb | her in the evening sit for hours beside had I given these pages to the world." me, scarcely breathing for fear of inter-In a council to his will he authorized the rupting me; yet she could not bear me book to be printed, and Messrs.
