The facts of the case as near as can be subject to the case as whom there are three brothers, purchased from a trust and loan company the farm on which the affair took place. The farm was of Barrie Street, with furnace and other originally in the possession of Kenny but had passed into the hands of the company who subsequently sold to the Hill boys. Iver the ill-feeling engendered in the fact of the Hill boys living on this pro perty, which Kenny rightly or wrongly considered his several petty quarrels arose, and according to statements made yesterday it appears that the fence between the farms had been thrown down allowing Kenny's cattle to come in and destroy field of corn belonging to Hill. On Kenny's cattle being turned out, and he being remonstrated with, Kenny struck Hill with stick, severely cutting his nose, af terwards threatening him and chasing him o the house. After Hill took refuge his house, Kenny still advanced and fired at him with a gun loaded with small shot, the charge taking effect in his shoulder and neck. The wound is not Kenny will recover.

Squire Willoughby issued a warrant for Hill's arrest, and county constable Coulson drove in for the prisoner who had been tained in lockup here. Hill's brothers laid an information against Kenny before P M. Heaslip here, for an attempt to burn their barn, but as the warrant for Hill's arrest came from Seeley's Bay, P. M. Heaslip advised laying this case also fore equire Willoughby, which no doubt was done. The outcome of these charges will be awaited with eagerness.
