James Macpherson, hotelkeeper in the village of Lancaster, Glengarry county, has done business for a number of years in Lancaster, and having successfully catered for the patronage of the travelling public, therefore, is favorably known not only at home but also abroad. In conversation with a newspaper reporter he enumerated some of his ailments and how he was cured. About two years ago he said my whole digestive apparatus seemed to become disordered. Some days could move around, then again I would be obliged to go to bed. I tried several things but with indifferent success. Oc casionally I felt relieved, but in a day of or two the old symptoms would return with a more depressing effect. This kind of thing went on until I became troubled with my kidneys, which was a very annoying addition to my sufferings. I was restless, with a sensation of sickness at the stomach, with intermittent pain in the small of my back. I was miserable enough when I consulted the doctor, who probably did me some good, because I felt relieved. The doctor's medicine was taken and his directions obeyed, but I did not improve. had heard of the fame of Dr. Williams' Pink Pills. I this advantage, my knowledge and belief in the pills saved me from costly and tedious/experimenting such as had undergone previously.
