Elegant Costumes For the Horse and Flower Shows.

Mantles, Coats and Furs Worn by Ladies of the Four Hundred-Beautiful Tailor Gowns-The Popular Hats Are Large, Picturesque and Expensive.

[Copyright, 1897, by American Press Asso-

Costumes for the horse and flower shows are now nearly all completed, and among them we find the most advanced of all the leading styles, for the gowns, coats and hats worn at these functions really set the fashion. Until the horse show is over one is always in doubt as to what will finally be settled upon. There are and have been hundreds and hundreds of garments and as many different styles of goods offered, but as women are a good deal like sheep they all want to know what the other has decided upon before they are sure of their own choice. And all those who do not go to these swell functions, and that means 99 per cent, wait to see what the newspa-

MEDICAL:

Had to Stop and Rest Because of Heart Trouble.

Mrs. Eliza Cook, 109 Palmerston Ave., Toronto, says: "Seven years ago I had the grip, followed by inflammation of the lungs. I have been afflicted ever since with heart trouble. To walk anyway

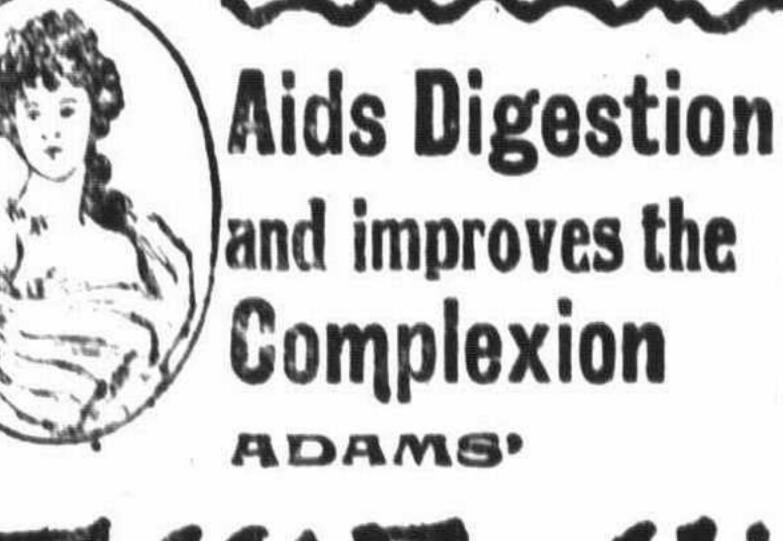

fast would make me gasp for breath, and many a time I have had to stop on the street to rest and regain my breath.

I had bad smothering spells at night, and my nerves were much unstrung. duced extreme weakness, and would set my heart beating so fast that I thought I was dying. Sometimes I would become so nervous as to tremble like a leaf.

I began taking Milburn's Heart and Nerve Pills early last February, and have been getting better ever since. My nerves are much stronger. I can walk without difficulty, and the palpitation, fluttering of the heart, shortness of breath and nervousness trouble me no more.

I gladly recommend these pills as the be t medicine I know of for heart and nerve troubles on account of the great good they have done in my case."
