

# THE DAILY BRITISH WHIG.

64TH YEAR. NO. 288.

KINGSTON, ONTARIO, SATURDAY, DECEMBER 11, 1897.

4 P. M. EDITION.

## A GREAT CLOTHING SALE

We have just \$1,059 worth of Boys' and Men's Clothing in stock, and we don't want it because our other departments require more room. Mantles and Millinery particularly. Therefore we only know of one way to make it go fast and that is by price. Beginning To-day and continuing until Xmas, we place all in four lots.

### LOT 1, \$1.50.

All Boys' Suits priced \$1.50, \$2, \$2.50, for \$1.50 'he suit.

### LOT 2 at \$2.50.

All Boys' Suits, priced \$3, \$3.50 and \$4, in one lot at \$2.50.

### LOT 3 at \$4.

All Boys' Suits priced \$5, \$5.50, \$6, for \$4.

### LOT 4 at \$4.75.

All Youths' Suits over \$6.50, \$7, \$7.50, for \$4.75.

We want to say these are new goods, made by one of the best high quality manufacturers in our Dominion. Every garment is well tailored, well trimmed, and of good honest material. Remember although we have a great many Suits and some Overcoats, they will not last long at these cut rates. Come early for first choice.

Store Open Every Evening Until Christmas.

Remember our Fancy Goods and Toy Department is full of good things.

## FARMERS' INSTITUTES.

Meetings Held In Napanee Were Very Profitable.

### A HOME FOR THE INFIRM.

IS DISCUSSED AT SOME LENGTH BY THE COUNCIL.

It Would At Least Rid The Town Of The Tramp Nuisance—Will Be Established When Public Opinion Favours It—Some Profitable Speeches By Prof. Dean And J. McMillan. M. P.—Some Pleasant Ceremonies—Other Crisp Items.

NAPANEE, Dec. 11.—The matter of a poor house for Napanee has long been under consideration by the charitable disposed citizens, and a deputation waited on the county council on Thursday afternoon last, and again laid the matter before them. The arguments in favor of the scheme were forth by each member of deputation, but it looked as if the matter would again be laid over for consideration. The commissioners said in their remarks that they found the scheme was opposed by the country people, and they would be ready to endorse it when public opinion was in favor of the undertaking, and we hope that public opinion will be in favor in the very near future, for a poor house would be the means of ridding the county comparatively of the tramp nuisance, and that also should be a great incentive. The charity of kind-hearted citizens has been sadly abused by those gentlemen of leisure.

On Wednesday, the 8th inst., Miss Amelia Wagner, youngest daughter of James Wagner, River Road, and Samuel Hambly, youngest son of Joseph Hambly, North Fredericksburg, were united in marriage. The interesting ceremony was performed at the Western Methodist parsonage by Rev. C. Parker. Miss Estelle Wagner, sister of the bride, acted as bridesmaid and William Baird performed a like service for the groom. After the ceremony the newly-wedded couple drove to the residence of the bride's parents, where a reception was held. A large number of the relatives and friends of the contracting parties were present, and after partaking of a sumptuous tea the evening was very pleasantly spent. The presents to the bride were admired, and the useful as well as the ornamental were there in rich profusion, testifying to the esteem in which the young couple are held by their many friends.

Mr. D. S. Warner and granddaughter, Gladys, returned this week from a month's visit with her daughter, Mrs. O'Boine, Stratford. G. C. Taylor, Maple Creek, N.W.T., is staying for a few days with Rev. W. W. Peck at the manse. Miss Smith, Utica, and Miss Ethel, daughter of S. C. Warner, arrived in town last week to spend the winter. John Livesley has been appointed inspector of agencies for the Ontario permanent building and loan association, for the counties of Lennox, Addington and Frontenac. On Tuesday evening last the students presented at their school, John R. Brown, with a handsome framed group photo of the members accompanied by an address. Mr. Brown feelingly thanked the donors, giving them some good advice and wishing them success in their chosen calling. A very successful concert was held in the opera house last evening by the pupils of the west ward school. The proceeds are to be used for an organ for the school.

Yesterday afternoon and evening farmers' institute meetings were held in the town hall, at which Prof. Dean, of the D.A.C., and John McMillan, M.P., Seaforth, were the principal speakers. Prof. Dean took up the subject of butter making and explained and treated it in a manner which showed his thorough knowledge of the subject. Mr. McMillan handled the agricultural part of the programme very ably, and made plain to the farmers the advantages of doing nowadays on a scientific plan. He gave some good practical ideas and much valuable information that could not fail to be of benefit to the farmers. He demonstrated the fact that no farmer should be without a silo. This matter as well as the ensilage question came in for a good deal of discussion and through it all much valuable information was added. Mr. McMillan said we were only now beginning to reap the benefits derived from the experiments of the Ontario agricultural farm at Guelph, and he expected yet to see farming the paying industry that it ought to be if given our best attention. A great deal more of inestimable interest, which not a farmer in the county could well afford to miss, was related by the speaker, who regretted that so few farmers were present. Mr. McMillan is a very fluent speaker and handled his subject in a manner which clearly showed the thorough knowledge of the practical farmer that he is.

Doubled His Money In Mexico. SAN ANTONIO, Tex., Dec. 11.—William Jennings Bryan arrived from Houston this morning and departed for Mexico. He received his first practical introduction to the cheapness of Mexico's money at a bank here just before going to the train. He had \$500 in American money exchanged and received in return for it \$1,000 of Mexican money. Bryan thought that some mistake had been made by the bank and could not understand how it was that he received such a big sum until he had figured it out for himself at the current rate of exchange. He says his next step will be to see if a Mexican dollar's purchasing power is as great in Mexico as an American dollar is in this country.

Pledged Up A Watch. NEWBOLD, Dec. 11.—While George Hogrow, of Westwood, was ploughing he unearthed a silver watch as bright and shiny as the day it was made. It was identified as a timepiece lost by J. H. Cameron while ploughing in the same field thirteen years ago. Cameron took it to a jeweller, who cleaned the works and put in a new hair-spring. It keeps excellent time. A Bandit Killed. DEMING, N.M., Dec. 11.—In an attempt to hold up the west bound Southern Pacific passenger train at Stein's Pass, ninety miles west of this place, at nine o'clock last night, "Sandy" Collins was shot and killed by express guard Jennings. The three other bandits mounted their horses and fled away.

Child Fatally Burned. NEWCASTLE, Dec. 11.—While playing with matches on Nov. 24th the three-year-old daughter of John Gibson set fire to her clothing and was severely burned. Yesterday the child died.

FOR SALE. TYPEWRITER. DO YOU WANT TO BUY One? I have a nice one for sale at \$55. Address "A. B." Whig Office.

Mon's suits, new lot Scotch tweeds \$10, \$12.50, \$13.50. Oak Hall.

## TO STAMP OUT THE PEST.

Legislation Dealing With The San Jose Scale—Inquiries and Answers.

TORONTO, Dec. 11.—Before proceeding with the regular business of the day in the legislature W. A. Charlton, Mr. St. John and Hon. Mr. Hardy complained they had been misreported in connection with their remarks. They made the necessary corrections.

Hon. Mr. Hardy handed to the speaker a message from the lieutenant-governor, submitting the estimates for the year. The total amount that the legislature will be asked to provide is \$3,397,367.92, of which \$3,191,687.92 is for current expenditure, \$186,180 on capital account, and \$19,500 for refund account.

Hon. Mr. Hardy informed the house that the stenographic report of the various interviews between the lumbermen and the government in connection with the regulations respecting the cutting and exportation of sawlogs would be laid upon the table. In reply to a question by Mr. Whitney the premier added that the documents would be furnished immediately the report of Friday morning's interview was completed.

Hon. Mr. Dryden introduced his bill to prevent the spread of the San Jose scale. In doing so he addressed the house at some length in explanation of the urgent necessity for the measure and of the provisions of the bill. The bill as drawn prohibits the importation, sale or exchange of trees, plants or shrubs infested with the scale. Any person having suspicion that his trees are infested with scale must notify the minister of agriculture and give full information, and an inspection will be made of the suspected tree. Power is given for the immediate destruction by burning of such trees, and the inspector must report a fair estimate of the value of the tree, provision being also made for compensation to the extent not exceeding one-fourth the value. A penalty of fine and imprisonment in default is also provided for neglect to comply with the act.

In reply to questions by Mr. Whitney, the minister of agriculture further explained that fruit which had been sold in Toronto had been found to be infested with scale, which is so virulent that the saplings of the fruit would convey the infection.

Enquiry by Mr. Willoughby, in the absence of Mr. Carnegie—What portions of the Algonquin and Rideau parks are under license as to pine and other timber, and when were any licenses issued? Hon. Mr. Hardy replied that licenses have been issued for the whole of Algonquin Park, except 165 square miles, and licenses for that pine might be issued at any time. The license covered only the pine timber.

### MILLER IS STILL LEADING.

The Scores of the Riders at Madison Square Garden.

NEW YORK, Dec. 11.—At Madison Square bicycle race the police authorities at night insisted upon an examination being made of the men by the police surgeons. The result was a report by the surgeons which so far showed a very satisfactory condition of affairs except in the case of Riviere. Officially this report "goes," as it were, but what is not the faintest secret, but which is so real condition and appearance of the majority of the riders are. They are all strong enough to go on with their pedaling until midnight to night, and it is not likely that there will be any further withdrawals unless for cause of accident or unless another of the ambitious riders becomes insane.

There were a number of exhibition races throughout the evening, and a few of them were worth looking at. A Chase, an English middle distance handicap, rode a three mile exhibition in 6:26. Eddie Bald rode a one mile exhibition, paced by Goulgout and Lamberjack in 1:34. Taylor, the French champion, rode two miles in 1:14, and Jimmy Michaels broke the track record for five miles, going the distance in 9:55. In the match race between Teddy Goodman, New York, and E.D. Stevenson, Buffalo, one met Goodman won both heats; best time 2:21.

The score at 1:15 a.m. was: Miller 1,909, Rice 1,899, Schiener 1,792, Riviere 1,746, Hale 1,735, Waller 1,683, Pierce 1,637, Elkes 1,550, Golden 1,534, Enterman 1,517. Miller was 243 miles ahead of the record for 121 hours. Miller equalled Hale's 142 hour record of 1,910 miles eight laps at 1:37 a.m.

The Girl Has Been Found. PORT HURON, Mich., Dec. 11.—The police last night took charge of a girl who gave the name of Laura Gough, and her brothers took her home this morning. It has been learned that the girl Gough is Florence Gough, who disappeared from Desererville, Oct. 5th. Her parents live near Quebec, and failing to receive word from her they sent Rev. John Gall, her brother, to look her up. The police will not disclose the story nor will they tell with whom she was found.

For fourteen years Miss Gall had worked as a tailor's most of the time with Charles Trevelath, formerly of Minden City and Desererville, and now living at East City. Miss Gall began to work for Mr. Trevelath at her home at Cannington, Ont., fourteen years ago and came to the state with his family.

Post Office Robberies. NEW YORK, Dec. 11.—It was learned today that one of the biggest robberies in the history of the New York post office occurred on Nov. 9. The amount involved is stated to be in the neighborhood of \$100,000, and was taken from registered letters in the railway mail service on that section of the Central railroad of New Jersey known as the New York, Somerville and Easton branch. On Nov. 9th, it is stated, two bags containing \$30,000 were taken. How long the defalcation had gone on before that date has not been ascertained. Major Charles F. Lewis, of the Philadelphia branch of the government secret service, was in the city to day investigating the robbery, which has been kept secret until now by the postal authorities.

An Old Conductor Dead. BROCKVILLE, Dec. 11.—W. G. Murray, for many years a conductor on the G.T.R. between Brockville and Montreal, and lately between Brockville and Belleville, died on Thursday, of valvular disease of the heart, with which he had been troubled for some time.

Child Fatally Burned. NEWCASTLE, Dec. 11.—While playing with matches on Nov. 24th the three-year-old daughter of John Gibson set fire to her clothing and was severely burned. Yesterday the child died.

## NEWS OF THE WORLD.

What Comes to Us From All Quarters.

### CONDENSED PARAGRAPHS.

TELEGRAMS FROM THE EARTH'S FOUR QUARTERS GIVEN.

Little Matters That Interest Everybody—News From All Over—Little of Everything Easily Read and Remembered by The Dear Public.

Another severe gale is reported on the British coast.

The Portage La Prairie opera house has been closed indefinitely.

Charles Fleischmann, the yeast manufacturer, of Cincinnati, is dead.

Dr. Barr is the conservative nominee for Dufferin in the provincial elections.

It is improbable that F. A. Colquhoun will have any opponent for the majority of Hamilton.

Amable Laguerre, aged fourteen years, was killed on the C.A. railway at Casselman, yesterday.

Cattle exporters from Canada to England complain that shipments were large but were very unprofitable.

John Loughborough Pierson, the distinguished architect and member of the Royal academy, is dead.

The receipts of the public office department for the past four months are \$240,000 over the same period last year.

The decomposed body of William Mac-Gabrie, St. Andrew's, was found in the Cornwall canal. He had been missing two weeks.

At the sale of the earl of Ashburnham's library in London, Carlton's translation of "A Booke of the Hoole Life of Jason," fetched £2,100.

Chevalier Drolot has left for England to complete arrangements for the sale of his mining rights on the Saskatchewan to an English syndicate.

Kioting is reported at Port Au Prince, resulting from popular indignation against the government for surrendering to the demands of Germany.

The county council has decided to encourage the introduction of a teacher of agriculture in the public schools of the rural districts of Wentworth.

Mr. Shaughnessy, vice-president of the C.P.R., strongly denies the report that men engaged on the Crow's Nest Pass railway have been ill-treated.

Major W. Fovell, paymaster of the Royal Scots and major G. Foster, quartermaster of the same regiment, have placed their resignations in the hands of Lieutenant-General.

The polling of the English striking engineers on the proposals made by the employers will not be completed until tonight, but it is believed the proposals will be rejected.

The secretary of the navy league credits the Toronto branch of the organization as being the first which seriously mooted the idea of securing of colonial seamen for the British navy.

In the village of Douglas, Ont., there have been several cases of diphtheria. Those who had been affected are now convalescent, and hopes are entertained that they will recover.

The freight rate on wheat from Fort William and Duluth to the eastern markets has been increased to six cents per bushel. This movement will cost two Winnipeg firms over \$90,000.

According to a despatch from Lydenburg, in the Transvaal, a body of armed highwaymen have robbed a mail coach from Pilgrim's Rest, about twenty-five miles northwest of Lydenburg, of £12,000 in gold coin.

Sir Wilfrid Laurier has informed the Ottawa board of trade that immediately upon the return of Hon. Dr. Fielding, the government will receive a deputation of the boards of trade to discuss the question of a domio innuency.

Sir William Gray, the principal ship-builder of Hartpoull, has issued a statement of the condition of the shipbuilding industry, in which he says the engineers' strike has caused a reduction of the output of eight large steamers, which means a loss of \$75,000 in wages.

The commercial summaries of the New York agencies of Messrs. Dun and Bradstreet state that there is a steady retail trade in the ordinary lines of holiday goods, especially in the lighter lines of toys and presents, but that usually business is quiet with no special features.

The London trade's council has issued a circular to all labor organizations in the kingdom, inviting their opinion on the question of calling a national conference of labor unions, with a view of giving effective support to the striking engineers and also to arrange a plan of action to be observed in future industrial disputes.

### SYMPATHY FOR THORN.

Silly Women Write Numerous Letters That Never Reach The Murderer.

SING SING, Dec. 11.—Warden Sage's mail is flooded every day with letters from all over the United States to be given to Martin Thorn, the condemned murderer of William Goldensuppe. These letters never reach the prisoner.

Most of them are from women, who tender him their sympathy and assure him that they believe Mrs. Nack is as guilty as he is. Thorn knows nothing of the interest which cranks are taking in him, as the warden keeps all knowledge of these letters from the condemned man.

### Lives Were Lost.

VICTORIA, B.C., Dec. 11.—Five or six and perhaps seven lives were lost in the White Horse rapids, Lewis river, during the last two months, according to John Hepburn, who has just arrived from there. A boat built for four or six men was found below the rapids one morning but no trace of the occupants. They must all have been drowned. Another boat was swamped and a man named Anthony drowned. Other parties lost their outfits but managed to save their lives. There is now very little open water between the rapids and the lakes.

### To Take Part In The Advance.

LONDON, Dec. 11.—According to a despatch to the Daily Mail from Cairo, 600 British troops will take part in the advance of the Anglo-Egyptian expedition in the Sudan, which was postponed after the capture of Berber last September, in order to avoid the hot season.

## THE CAPITAL TIDINGS.

Railways to be Chartered—Postal Arrangements Made With Bermuda.

OTTAWA, Dec. 11.—The Dewitt-Langlois milling company, Montreal, is seeking incorporation for a company to operate grist mills and carry on business in flour and grain. The capital stock is put at \$90,000 and the head place of business, Montreal. Applications will be made for railway charters next session for a road from Edmonton to Smoky and Peace rivers; from Mills Canyon to White Horse rapids on to Lewis river and to extend the Edmonton railway to connect with the Crow's Nest Pass railway.

Arrangements have been formally proposed until 24th of January.

A statement of revenue and expenditure in today's Official Gazette shows that for the five months, ending 30th November last the ordinary revenue exceeded the expenditure by \$3,248,852. The expenditure on capital accounts was \$443,000 greater.

The revenue for the past month was \$3,204,463, as compared with \$2,783,118 for the same month last year, or an increase of \$421,287. The ordinary expenditure for the past month was \$1,409,900 less last month than it was for November, 1896.

Arrangements have been made for an interchange of parcels by post between Canada and Bermuda, commencing Jan. 1st. The postage rate to and from Bermuda will be 10c. per pound and 12c. per pound for every subsequent pound or fraction thereof.

### CRITICISM FOR MR. BLAKE.

It is Suggested That Lord Aberdeen Question Mr. Blake

TORONTO, Ont. Dec. 11.—A London cable to the Telegram says the speech of Hon. Edward Blake at the banquet to Lord Aberdeen at the national club, Toronto, Tuesday night, has been much talked of here. The impression is that Mr. Blake would have Canadians believe that they can never get anything out of Great Britain, no matter what the dominion may do to benefit British trade. This is regarded as an Irish separatist assertion. The following sentence in Mr. Blake's speech has been vigorously criticized. In his speech Mr. Blake said: "Confederation was accomplished, and since confederation has been accomplished, the English government have, in the most unmistakable fashion, given the government of Canada to understand that from that time forth we must not expect that the British people or the English government should be called upon to take any active part in the defence or protection of Canada. . . . that it would unhappily come into collision with the United States, it was our own arms and our own stout hearts that we must look to for protection."

It is suggested that Lord Aberdeen should ask at what time Canada was made to understand any such thing, and also who were the parties to the understanding.

### Saved In A Critical Condition.

SAN FRANCISCO, Dec. 11.—Michael Purcell, boiler maker, was making some repairs inside the smoke stack of the steamer Wellington at the Folsom street wharf when six fires were started below him. He was strapped on a chair, suspended from the top of the stack, about forty feet from the dampers below. It was impossible to go up, and to go down without assistance being rendered above on the hot damper.

Some volumes of hot smoke began rolling out of the stack which Purcell shouted for help. The heat increased, every moment until his clothing caught fire. He beat on the iron with all his might and shouted for fully ten minutes before his helper on the outside came to the rescue. Purcell is in a critical condition.

### Treaty Relations With Canada.

WASHINGTON, Dec. 11.—Gen W. J. Foster, in charge of the Behring sea negotiations, has taken up the general subject of wider treaty relations with Canada, and on Friday he was in close consultation with a delegation of prominent fish merchants from Gloucester, Mass. They were Messrs. Cunningham, Smith, Lugh, all interested in the fisheries off the coast of Newfoundland and neighboring waters. They gave to Mr. Foster a good deal of information as to the way of enlarged facilities, should a new treaty be negotiated.

### Love Laughs At Distance.

CHICAGO, Dec. 11.—Probably in all Chicago there is not another young woman who loves better travelled so far to wed her as did Nellie Chesney's sweetheart. Thousands of miles over land and sea from Cape Town, South Africa, came Giles E. Carveth, and presented himself at the window of marriage license clerk Salomonson for a license to marry the girl of his choice. Mr. Carveth is a Canadian. He left this city five years ago for the gold fields, promising Miss Chesney to return and marry her. The wedding took place yesterday.

A dose of Miller's Worm Powders occasionally will keep the children healthy. Sold by E. C. Mitchell. New pocket diaries for 1898, all sizes and bindings. R. Uglow & Co.

### The Beautiful Custom

of giving and receiving gifts, which is interesting every one at this season of the year, makes a visit to LIVINGSTON BROS. of surpassing pleasure as well as profit.
