

HAPPILY NO LIVES LOST.

A COLLISION OF STEAMSHIPS IN THE ENGLISH CHANNEL.

The Lion Filled and Sank But the Seaford Took Off All the Passengers and Crew—A Wrong Signal Was the Cause of the Accident.

New York, Aug. 22.—A special to the Sun from London gives the following details of the collision in the English channel, between the steamships Seaford and Lion:

The Seaford, with 450 passengers, including more than 100 Americans, traveling from Paris to London, collided in mid-channel at four o'clock, yesterday afternoon, with the Lion of the same line. The Seaford is one of the finest ships in the New Haven Dieppe service, which is much patronized by Americans.

The Seaford left Dieppe under a bright sky and a smooth sea. Shortly before four o'clock she ran into a dense fog. What followed is clearly told by Craig A. Marsh, a well-known Londoner:

"I had been sitting near the rail on the port side about amidship. Five minutes before the collision I went back with a friend. We felt the shock, but it was not greater than sometimes when the Jersey ferry boats run up against the New York dock. I hurried on deck and found the side of the ship crushed in. There was a wedge shape hole just where I had been sitting. Three passengers who had been sitting with me lay on the deck with broken limbs. I joined my wife on the promenade deck.

"We did not at first think the vessel was going to sink, for the officers assured us there was no danger. We soon noticed, however, that she was getting lower in the water, which poured in a steady stream into the sides of the ship. Two compartments were broken open.

"All the passengers received life preservers, which all put on. An attempt was made to lower the boats, but it was ineffectual and presently became necessary. The other steamer came alongside and the sea was so smooth that she was able to touch rail to rail. We were then settling more rapidly and in the scramble to get on the other boat the only signs of panic occurred.

"There were a few French who acted the part of cowards secretly pushing women aside in order to get to the rail. One woman fell overboard, but a sailor jumped after her, and he was pulled out from between the two ships with a crushed foot.

"In less than ten minutes after we got aboard the Lion, our ship, foundered. She sank slowly stern first. Her bow rose in the air, there was a great puff of steam when the water reached the funnels, and then suddenly she disappeared. Captain Sharp stood on the bridge of the Lion, and sadly saluted his doomed ship as the waves engulfed her."

John F. Lewis, a lawyer of Philadelphia, went to the bridge of the Seaford, when the fog came on, purposely to note if she complied with the regulations. The indicators showed half speed. The whistle blew properly until the other boat was heard, and then, he says, one of the ships gave a wrong signal, hence the collision.

Mrs. Clara S. Foltz, a woman lawyer of California, and her daughter were among the coolest of those who reassured their fellow-passengers. The Lion was badly damaged forward, but safely landed the passengers at nine o'clock, last night, and they reached London before midnight. They lost all their baggage. The Seaford was a new boat and cost \$350,000.

AN OFFICIAL IN TROUBLE.

The Congressional Librarian Is Very Short In His Accounts.

New York, Aug. 21.—A Washington special to the world says Ainsworth R. Spofford, librarian of congress and chief of the copyright bureau, is short in his accounts to the government at least \$35,000, and a probable amount over that can never be definitely ascertained, on account of the destruction of library account books and his failure to keep anything approximating a correct record of receipts and disbursements.

Secretary Carlisle has laid the matter before the president for action. Accompanying the report, secretary Carlisle has sent a letter to president Cleveland, giving his opinion of the startling developments in language so vigorous and denunciatory that treasury officials who were aware of it have been daily expecting to hear of the dismissal of Mr. Spofford.

A Match May Occur.

New York, Aug. 21.—An international match between Arthur Valentine and Jack McAuliffe may be one of the important contests to be arranged in the near future. Valentine was a passenger on the SS. Circassian, which arrived yesterday from Glasgow. Valentine is the recognized light-weight champion of England and is regarded by his countrymen as a pugilist of the first water. Speaking of Jackson Valentine said: "I never saw such a change in a man. He is now almost a total wreck. To see him stripped not one of his friends who knew him in his prime would hardly believe that he was the same person who arrived in England to meet Paddy Slavin."

Mistook His Wife For a Dog.

LEBANON, Ind., Aug. 19.—Charles Kiser, a prominent farmer living six miles north of this city, shot and fatally injured his wife early this morning. Mr. Kiser has been bothered by dogs for some time, and yesterday loaded a shotgun with slugs for the purpose of killing them. During the night his wife was taken sick and went out into the yard. Kiser was awakened by her going out, and, thinking it was dogs, got his gun. As he stepped to the door his wife came toward him, and, taking aim, he fired. Five of the slugs entered her body and she cannot recover.

Five Young Men Drowned.

VILLAGE DES AVILIERES, Que., Aug. 19.—A sad accident occurred, yesterday, of five young men, aged fourteen to eighteen. The young men were in a light boat yesterday afternoon about four o'clock. The bodies were all together when found. The names of the five victims are as follows: David St. Pierre, Amedee E. Pelletier, Edmond Caron, Joseph Morin, Wilfred Labrecque. Nobody has any knowledge of the accident or how it happened.

A Painful Injury.

Miss Emery, Belleville, while at Thousand Island Park on Sunday, met with a painful accident. She was running to get into the cottage where she was stopping, when her foot caught in her dress and she fell, striking her face on the steps. DETECTIVE GRIER IN JAIL.

Shot a Man Who was Selling Whiskey Illegally—The Man May Die.

OTTAWA, Aug. 21.—Detective Grier is in jail at Parry Sound, charged with shooting and dangerously wounding a whiskey peddler whom he attempted to arrest last Friday. The peddler had been selling whiskey to the navvies on the construction of the western end of the O. A. & P. S. railway, and the case being reported, Grier went to investigate. He found his man and attempted to arrest him, but the peddler ran away. While the peddler was thus making good his escape the detective fired three shots at him, the third striking him on the shoulder, from which he fell to the ground as if dead. The peddler is seriously wounded and Grier is held until it is definitely known whether the man will recover. If the peddler dies a charge of manslaughter will likely be preferred against the detective.

Sheriff Hannon, Rochester, N.Y., is in communication with the dominion government in regard to the extradition of one Southmore, wanted in that city for embezzlement and who is now in custody at Port Hope. So far the alleged embezzler has not been committed. Afterwards he gets some fifteen days to file his objections.

Hon. John Haggart says that he expects the Soo canal to be ready for opening on 1st of Sept. In reference to statements-cabled to the old country from Canada to the effect that cattle were dying by scores in the province of Nova Scotia, it is learned at the department of agriculture that Prof. McEachern, chief veterinary inspector of the dominion, has just returned from an official visit of that province and he emphatically denies that there is any unusual disease among cattle there. The trouble known as the "Pictou cattle disease," quite local in character, is almost, if not altogether, extirpated, and the few tuberculosis cases found were not more numerous than in any other country in which cattle are kept.

REFUSED THEM ADMISSION.

England May Demand an Independent Inquiry—Serious Difficulties May Emerge.

HONG KONG, Aug. 20.—Information has been received here confirming the previous reports that the prefect accompanying the commission of inquiry into the massacre of Christians at Kucheng as well as the Chinese officials at that place have positively refused to permit the British and American consuls to be present during the examination of the prisoners connected with the outrages. The consuls have made formal protests and the matter has been referred to the viceroy. In consequence of this action of the Chinese authorities serious difficulties are expected.

LONDON, Aug. 20.—A despatch from Shanghai, to the Pall Mall Gazette, ascribes the action of the Chinese officials at Kucheng to fear on the part of the authorities that the testimony of the prisoners will inculpate them. The refusal of the authorities, the dispatch says, shows the futility of allowing the consuls to start on their mission without the accompaniment of a strong British military escort. As the matter stands the consuls are powerless, and the whole inquiry is a farce. Public feeling among Europeans in Shanghai is strongly inclined towards the conviction that British minister O'Connor should demand from China an independent inquiry by the consuls without delay and also that a powerful escort of British troops should be immediately dispatched to Kucheng to protect and assist them.

A Suit For Damages.

WINDSOR, Aug. 21.—A writ upon a claim of \$5,000 damages against Frank Wiethoff and Constable Campbell was issued in Windsor yesterday. Cleary & Sutherland acting for Wm. Higgins, of Detroit, issued the writ. The damages claimed are for alleged false arrest and for making the complainant walk handcuffed from the race track to the police station through the crowded streets. About a week ago Higgins drove W. McLaren, a wealthy sporting man to the races in a hack. McLaren used abusive language to Frank Wiethoff, and Mr. Wiethoff ordered him arrested. Higgins was arrested at the same time, charged with being drunk. He and McLaren were handcuffed together and walked down town. McLaren was fined and Higgins was acquitted.

Jardine's Briardale third.

Shoots His Wife and Kills Himself.

BROOKLYN, Aug. 21.—William J. Wineberg, a banker, thirty-five years old, drew avenue, shot his wife, Susan, thirty-two years old, in the heart, last night, the bullet passing through her right lung. He then fired a shot into his right temple, killing himself instantly. Jealousy on account of stories told concerning his wife by a discharged servant was the cause. Mrs. Wineberg was taken to St. Mary's hospital, where its said she would die. The couple have three children.

Christian Brothers And The School Board.

OTTAWA, Aug. 21.—The separate school board met last night and talked over the Ontario commissioners' sweeping condemnation of the Christian brothers' teaching methods in the Ottawa schools. The trustees apprehend some trouble in getting rid of the brothers in the French schools, as they have an agreement with the board which has over a year to run. The matter will be talked over with the brothers' superior before anything is done.

BATTLE OF GRAVELOTTE.

A Fitting Celebration By Fifteen Thousand German Veterans.

BERLIN, Aug. 19.—Fifteen thousand German veterans of the Franco-Prussian war celebrated the anniversary of the battle of Gravelotte, which was fought on Aug. 18th, 1870, by parade on Tempelhofer field to-day. The ceremonies attending the celebration were begun at noon with a religious service. The choral "Nun Danket Alle Gott," was sung and addresses were made by Dr. Wolling, an evangelical military pastor. After benedictions had been pronounced by the clergymen Emperor, William rode along the lines of troops, stopping occasionally to speak to a soldier who bore visible trace of wounds received in battle and to the crippled veterans that were seated in wheel chairs on the field. The emperor then ordered the troops to form in squares and after this command had been obeyed his majesty addressed the soldiers as follows:

"Comrades: The honoring of the memory of my grandfather will awaken within you memories of the glorious days when you bravely stood faithful to your colors. God was with us and gave victory to our just cause, and we defeated the designs of our foes. Continue to be proud of the triumphs of our standards. I rejoice to see so many of the old combatants here to-day. May this day be a new starting point in your daily life, increasing your respect for the law, increasing your religious feelings and aiding you to maintain your faith in your king.

Comrades, I know that every one of you did his duty and I feel sure that you will do so in the future, standing faithful to your king by fulfilling your duties in furthering in all that establish the throne and opposing all that tends towards its overthrow. In special recognition of your merits I decree that all veterans shall receive an oak leaf ornament with graven numbers and that war medals shall receive clasps on which will be inscribed the name of battles in which their owners fought. Now go and do the work that remains for you, good-by comrades." Volleys of cheers from the assembled veterans and the thousands of spectators followed the emperor as he left the field.

MANITOBA'S WHEAT FIELDS.

A Yield of Not Less Than Twenty-Five Bushels Per Acre Promised.

WINNIPEG, Aug. 18.—There is a cold wind blowing here and occasional showers, but most of the day the sun has shone brightly and there are no serious apprehensions of danger to the wheat fields. In fact Manitoba is in great heart. Only the most encouraging reports come in from the crop districts. There seems to be but one opinion, that a splendid harvest will be reaped and that Manitoba is on the eve of a new era of prosperity. It is estimated that about 40 per cent of the crop is cut or in a condition for harvesting, and during this week the binder will be at work everywhere throughout Manitoba. Over 3,000 harvest hands have reached here from Ontario and the east, mainly from Ontario, and most of these will be at work in the wheat fields early this week. The great bulk of the crop will be harvested during the next two weeks, and it is the general opinion that the average wheat yield for Manitoba and the territories will not be less than twenty-five bushels to the acre. Some authorities make a higher estimate.

A SMALL RIOT.

Trouble Between the Earl of Derby and Flintshire Residents.

NEW YORK, Aug. 20.—The Times' London cable says the late Canadian viceroy, Earl Derby, has engaged in combat with the inhabitants of one of his Flintshire manors, which, to-night, it is reported, has developed into a small civil war. They have enjoyed a short cut foothold over the hill on his castle domain for three generations; he has now enclosed it with a high fence and ordered that admission to the hill and castle ruins shall be only by ticket. Mobs of indignant villagers tore down the fence as fast as it was built and burnt the notice boards, and a Welsh member, who passed through the district to-day, tells me the expectation is that a force of Chester policemen will be brought out to coerce the crowd, which is quite resolved to resist.

Holmes' Castle Destroyed By Fire.

CHICAGO, Aug. 19.—The big flat building at the corner of 63rd and Wallace streets, Englewood, in which is located the notorious Holmes "Castle," was destroyed by fire early this morning. The fire was discovered shortly after midnight. The Englewood fire department was on the scene in a short time, but owing to the flimsy construction of the building the fire gained headway rapidly and was soon beyond control of the firemen. Engines were sent from the city department, but as the distance from the fire was considerable the flames had gained such headway that they were uncontrollable by the time they arrived and the building was destroyed.

Chicago, Aug. 20.—Acting on the information furnished the fire department by residents in the neighborhood of the Holmes building, Marshal Kenyon found a can half filled with gasoline underneath the secret stairway on the second floor, and he is convinced that the fire is of incendiary origin. Two men were seen to enter the building between eight and nine p.m. Half an hour later they came out and walked rapidly away. It is believed the men placed the gasoline and attached a slow fuse.

Another Base Hit.

WINNIPEG, Aug. 19.—Johnny Howson, a ten-year-old son of Manager Howson, of the Walkerville brewery, may die from injuries received by being struck on the head by a baseball bat on Saturday. The Walkerville baseball club and the Shamrock club, Detroit, were playing a match game, and Howson was watching the game when a Shamrock player named Henley threw his bat, which struck the boy and broke his skull. He was taken to Hotel Dieu.

BOYS WERE THE BURGLARS.

THEY WERE COLLARED AND CONFESSED THEIR GUILT.

Death of Miss Maggie Tilley After a Brief Illness—Her Demise Caused a Shock to the Community—News in Regard to Various Persons.

NAPANEE, Aug. 20.—It is with feelings of deep regret we are called on to chronicle the death of Miss Maggie E. Tilley, youngest daughter of Mrs. Wm. Tilley, Mill street. The whole town was shocked on Monday morning when her death was announced, which took place at 8:30 o'clock, after only two weeks' illness. Some two weeks ago she was taken with what appeared to be a mild attack of typhoid fever, and no fears were entertained, but heart trouble set in and was the cause of death. Deceased was widely known as a musician of considerable note. She was for years organist of the Western Methodist church, and at the time of her death was organist of St. Mary Magdalene's church. The sorrowing mother, brother and sister have the sympathy of the whole community in their sad bereavement. The funeral will take place on Wednesday forenoon to the Napanee cemetery.

Recently a number of burglaries have been committed in town, and presumably by boys or non-professional burglars. Judging from the facts gleaned, constable Huff kept his eyes open and managed to come across some of the small boys who knew something, and, on Monday morning, he arrested Tom Hearn, a young lad about thirteen years of age. He coaxed the whole truth out of him, and very soon he had two other boys, named Clark and Casey, who constituted the gang. None of the boys are over thirteen years of age. They were brought before police magistrate Daly, yesterday, and remanded to jail for a week.

Mr. Fessenden was in town yesterday. H. Armstrong left last night for the north-west. Miss M. Wales and Miss Elsie Parks left yesterday to attend the normal school in Toronto. Ven. Bedford-Jones, Brockville, is visiting friends in town. Rev. A. King preached two very able sermons in the Presbyterian church last Sabbath. Miss Emma Bennett has returned from a month's visit with her brother in Toronto.

Joseph Rogers and Miss Annie Dunn were married on Saturday night last. John Coates is beautifying his terrace on John street with a coat of paint, also the shop on Dundas street, occupied by J. Fennell, hardware merchant. Quite a number took in the cheap excursion to the north-west this morning.

THEY HAD A GOOD TIME.

Sunday Desecrators on the River Thames—The Sad Results.

LONDON, Aug. 20.—Sunday evening three young men named Warwick, living at 44 Miles street, rented a row boat and went down towards the hotel near Spring Bank, where they had a "good time." Shortly after starting for home John Warwick fell out of the boat and his brother Richard jumped in after him. "I don't know what became of them," said the third man, "Trusty" Warwick. "We had been having a good time and I immediately fell asleep." When he awakened he made his way back to the city without troubling himself as to what had become of his companions, believing they would eventually turn up all right. Search, however, was at once started along the river, but no trace of the missing men was found until this afternoon when the body of Richard Warwick was found near Spring Bank. Search is being continued for the body of his brother John, who has undoubtedly met with the same fate.

A White Man Lynched.

NEW YORK, Aug. 19.—A special from Jupiter, Fla., says: A mob stormed the Dade county jail at Juno to-day, killed jailer Kaiser and took out Sam Lewis and hanged him. Three weeks ago Lewis murdered ex-tax collector John Highsmith and his nephew, John Davis, because they refused to apologize on their knees for an alleged insult. He is the first white man to be lynched at Florida.
