

KINGSTON DISTRICT NOTES.

WHAT OUR INDUSTRIOUS STAFF OF CORRESPONDENTS WRITE.

The Events of the Week That Concern the Residents of the Midland District—Little Escapes Notice, And Each Locality Can Find Something of Interest.

ROCKPORT, Oct. 1.—Wedding bells have been ringing in this place lately. Mrs. S. Pattison has returned from Oswego, where she was visiting her sister, Mrs. E. Nalty. John Thomson, jr., had the misfortune of losing considerable hay by fire. A number of people from here will go to Brockville to hear Hon. Mr. Laurier speak.

CLARENDO, Sept. 30.—H. Cannon is becoming famous at this place as well as at Sharbot Lake as a Sabbath school superintendent. He has over fifty scholars in his school. John Campbell is doing well in his mercantile life, and business in general is rushing. Levi Moss has become one of the most famous bee keepers in this old county of Frontenac. He understands his business thoroughly.

OLDEN STATION, Sept. 30.—Mr. Gowdy, son of James Gowdy, has quite recovered from the fever. He seems still weak but out of danger. Jessie Babcock has not been well as usual lately, but Mr. McInnis seems quite recovered. Miss Harris is home at present. She has been studying music under Mr. Tolgman, and at the same time teaching. Miss Harris is an excellent player and gives promise of a fine singer. She has a hearty welcome at home.

HOWE ISLAND, Oct. 2.—Threshing is over and ploughing commenced. The frost has done considerable damage to the potato crop. Miss Etta Martin has returned to Watertown, much to the regret of many friends. Mr. O'Rielly has resigned as teacher in favor of A. Staley; Wolfe Island. The harvest assembly, held in the new school house, was a success. The matrimonial wave has swept away three of our fairest daughters. Visitors: Mrs. Brown at J. Foley's; Mr. Fitzgerald, wife and family at M. Pickett's; T. Kane at S. Leavis'; A. O'Connor, with friends.

MCINTYRE'S CORNERS, Sept. 30.—The recent showers have been of much benefit to farmers as the ground was too hard for cultivation. The Bell telephone company's gang of men, who are building, with the help of other gangs, the line between Windsor and Montreal are encamped in J. G. Sharp's orchard. Many have threshed and the grain yield is excellent. The Bristow brothers returned home on the 28th after a prolonged absence in the west. We are sorry to hear of the accident which befell B. Young's machine. While threshing at Kenny's barn below Odessa the barn took fire and the barn, contents, machine and part of the engine were consumed. It is not known how the fire originated.

BALDWIN'S CORNERS, Oct. 1.—The threshing machine is heard on all sides and grain is yielding well. There have been a large number of fat cattle bought in this section lately. Nearly all the wells are dry in this section and rain is much needed. R. W. Leach has just completed filling his silo, and others are doing likewise. Mr. Hollingsworth, Athens, is holding meetings twice a week and they are well patronized by the followers of Horner. Mr. Bulger visited friends at Westport last week. Faust Bolton is attending the Ottawa fair. Nearly everyone here attended the Delta fair and had a good time. Lizzie Rice is visiting in Newboro this week, and S. McCann, from Blair Settlement, at T. McCann's.

HARROWSMITH, Oct. 2.—Freeman and Blackhurst are very busy with their steam drill. A number of people are having their wells made deeper. W. H. Walker is moving into the house lately occupied by S. Mills. Miss Flora Stewart has gone to Kingston to attend Queen's college. D. Graves is about to make several changes in his premises. The Methodist congregation hope to have a good turn-out at their concert to-morrow evening. There will be service in the new Anglican church next Sabbath morning at 10:30 o'clock. J. S. Gallagher shipped a lot of hogs yesterday. W. J. Sprole is buying sheep and hogs for F. Bicknell to be shipped from this station. Regular meeting of Chosen Friends next Saturday evening. Mrs. James Shibley is quite ill.

ELGIN, Oct. 1.—Silo filling is nearly completed, corn being a very satisfactory crop. The recent rain was gladly welcomed by all. Moses Seed, sr., is laid up with a broken ankle; he makes the third member of that family who has suffered with a broken limb this summer. S. M. Ripley has sold his farm to R. Smith. J. Dunn, F. Halliday and Miss Ella Sexton attended the teachers' institute last week. A number from here are attending the dairy show at Gananoque this week. Pennock, Mrs. D. R. Reid and her son Stephen.

LATIMER, Sept. 30.—The attendance at the Storington fair from this locality was large and well enjoyed. Several of our neighbors obtained prizes on their exhibits. Among those who got them were S. Lyons, B. S. Wartman, Geo. Letherland and M. B. Traves. A wedding is reported to have taken place in the neighborhood last week. A missionary meeting is to be held in the Methodist church here to-night. Rev. Mr. Curtis will hold a series of revival services shortly. The Ontario government granted a special bonus this year to the public schools doing work in the higher classes. Only four in the county of Frontenac reached the standard required, and Latimer is one of them. It is not yet known how much the bonus will be. Visitors: Miss Ada Wartman, of Colebrook, with friends; Mrs. McFarlane, Kingston. Miss Eva Wolfe is home on a visit from the Kingston collegiate institute.

HARTINGTON, Oct. 2.—The farmers are digging their potatoes and they are a good crop. We presume it would take them some time to trash their pumpkins, as they, too, are a large crop. Corn huskings are "in order" for the evenings. T. B. Sigeworth has been buying grain at this station for G. Richardson, Kingston. Last week S. Brown and wife left to attend the funeral of her mother at Northport. J. McQuade intends moving to Maberly in the near future. Mrs. James Lake is very ill. Dr. Lockhart is in attendance. A number from here attended the opening of St. Peter's church at Harrowsmith. J. Moore is improving the appearance of his store by giving it a coat of paint. Miss Eva Campall, teacher at the Trousdale school, is proving herself a great help to the

choir here. The repairing of buildings since the cyclone goes steadily on. Visitors: E. Taylor, Glenvale, and son, at T. Leonard's; M. Orser and Miss N. Saul at E. Sigsworth's.

Smith and sister-in-law, Harlem, were visiting at Mrs. Heffran's last week. Mrs. Green, Newboro, was the guest of her brother, P. F. Green, last week. Mr. and Mrs. J. Seymour, Athens, were visiting at Mrs. Webster's one day last week.

ATHENS, Oct. 2.—Rev. W. Giles, of New York, preached in the Methodist church on Sunday evening last. The anniversary services of the Baptist church will be held on Sunday next. A number of Athenians attended the concert at Addison last night. On Tuesday evening, Sept. 24th, a number of members of the Epworth league attended the Epworth league convention at Brockville. They reported a very pleasant time. We regret to announce that little Allan Everett is very seriously ill. On Friday afternoon last the high school literary society held its first regular meeting. It is likely meetings will be held every two weeks. On Friday evening last Mr. Johnson, LL.B., and wife arrived home after several months' travelling in the old world. Our mineral springs are being rapidly put in a fit condition for public use. Those who have used this water say it is equal to that of any of the famous resorts of the country. Inspector Seath visited the high school on Thursday last. The teachers' convention is to be held on Thursday and Friday next at Brockville.

MILLHAVEN, Oct. 2.—The weather has been very cold this last week and people are beginning to think that winter is drawing near. A very happy event took place here on Monday, when Miss Martha Barrett and William Calwell were united in marriage. Rev. W. B. Tucker performed the ceremony. Mr. and Mrs. J. Baker have returned home after spending a few days in Ottawa. W. B. Forward has bought the grocery store from A. B. Milligan. Mr. and Mrs. T. Lewis and Mrs. Chinery have returned to their home in Watertown after visiting friends around here. Quite a number from here attended the Napanee fair and report a good time. Sunday school will be started here on Sunday under the management of our school teacher, Miss B. Henderson. W. Armstrong spent a few days in Sidney last week. Miss Falen, Lime Lake, spent a couple of days with her niece, Mrs. W. Armstrong. The Presbyterians are talking of holding services here again. Prof. Kennedy, Bath, is giving music lessons around here. A. B. Milligan, Kingston, is visiting at his father's.

SEELY'S BAY, Sept. 30.—Prayer-meetings are being held every evening in the Methodist church. Our football team have been having quite a bit of practice lately. Last week they played the Forfar team. The game was closely contested throughout but resulted in a victory for the Seely's Bay boys by three goals to two. Then again last Saturday they played at Sydenham but were defeated one goal to none. A return match will be played a week from Saturday on the Seely's Bay grounds. Alva Chapman has removed to Kingston where he will attend Queen's college. A fire which broke out across the canal last week caused considerable damage. Everything was so dry that the fire spread rapidly. About sixty tons of hay were burned. Quite a number of the villagers went to Lansdowne to attend the fair this week. Threshing is the order of the day. The farmers report pretty good yields. Mr. and Mrs. Wm. Burns, Lansdowne, spent Sunday with friends in the village. Mrs. Willard Smith has been visiting friends in Newboro. Mrs. (Dr.) Adams, Plevna, has spent a few days with friends here. Mr. and Mrs. E. Snook, Brownville, N.Y., are visiting at W. Chapman's. Mrs. Preston and Miss Ethel Johnson have returned from spending a week in Westport.

SYDENHAM, Oct. 1.—A game of football was played here on Saturday between Seely's Bay and Sydenham. Everyone felt confident that Sydenham would come out at the right end. The day was regular football weather. There was a large attendance. During the first half neither side scored a goal, but in the second both sides seemed more determined to do better work. The excitement was intense, and the suspense was only relieved when Charlie Clements kicked the first and only goal. Thus Sydenham won by a score of one to nothing. Several of the old players played, namely, Charlie Clement, Walter Jaquith and Anson Halpenney, who, as usual, did good work in the goal. It must certainly be said the game was not a good exhibition of football. Every man (except, of course, the goal keepers) seemed to think he could put in a goal alone without the aid of the others. The Mines family held a concert to-night in aid of baseball team. A. Geen intends selling out and going down to a village near Montreal. H. Stoness is rebuilding his house. Mr. Trusdale and wife took in the Ottawa fair. Mrs. P. W. Freeman has returned from the hospital considerably improved after her operation. J. Kelly and J. Lyons have secured work in Ottawa. It is likely Kelly will proceed to the old country. Mrs. L. Richards presented her husband with a bouncing baby boy. E. Griffith and J. F. Harvey have returned to Queen's college. Wilson McCrory and family have returned from the west. Dave Wier and Messrs. Armitage and R. Granger have gone to New York.

Received The Writ.
On Friday J. P. Gildersleeve received notification of his appointment as returning officer for the coming local election. He has also received the writ and the vacancy, caused by the abandonment of the seat by Hon. W. Hartly, will be immediately filled. Nomination day has been fixed for Tuesday, Oct. 8th, and the election, if any, on Tuesday, Oct. 15th. Mr. Gildersleeve had the proclamations immediately issued and he expected to be able to have them posted this evening. There will be twenty-three sub-divisions as usual.

Vital statistics for September: Births 26; marriages 5; deaths 23.

NEWS FROM OUR NEIGHBORS

WHAT OUR CORRESPONDENTS HAVE TO TELL US.

be Tidings From Various Points in Eastern Ontario—What People Are Doing And What They Are Saying—The Events of Interest to All Classes.

MORVEN, Sept. 30.—The recent showers were welcomed by all, filling up people's cisterns but not sufficient to raise the water in the wells. Hasking bees are all the rage. Threshing nearly done. Quite a number from here attended the Napanee fair. Visitors: W. Dollar and wife, of Kingston, visiting her brother, E. Kayler; Mrs. F. Kayler and daughter, of Picton, at E. Kayler's.

Some Very Tall Corn.
VENNACHAR, Sept. 28.—Competition is high on the line of corn and potatoes this year. Potatoes have been turned out weighing from two to two-and-a-half pounds, and Mr. Gregg produced a stalk of corn eleven feet eight inches in length. The latter has been eclipsed by one shown by G. Sweetnam, twelve ft. four in. long. Our harvest home dinner was a complete success, nearly \$30 being taken in. Cheese making will soon be done. Willet Sweetnam is the happy father of a beautiful baby girl. Willet is getting along well with his house. G. W. Sweetnam and his daughter Emma, paid a visit to Kingston a few weeks ago.

Small Supply Of Milk.
POETMILFORD, Oct. 1.—The dry weather apparently broke up last Thursday. Roads are muddy and land wet down several inches from rains for the first time this year. Farmers are beginning to sell their grain. The supply of milk is so small that some wagons draw to factory tri-weekly. Schr. Kate, windbound here in bay, left this a.m. for Oswego for coal, which she delivers in Picton at \$4.50 per ton. Mabel May, of Coteau du Lac, Que., arrived here Saturday, and expects to spend the winter at her grandparents, James Lowrey, Miss Lena McCalley, visiting friends in Picton and Wellington, is home again. Arthur Welbanks, of Picton, spent Sunday here with his parents. Capt. Hinerman, of the tug Thisle, is now buying the fish from fishermen in the bay.

Soperton Sayings.
SOPERTON, Oct. 1.—Mr. and Mrs. W. H. Godkin, Whitehurst, spent a few days with T. F. Soper last week. Mr. and Mrs. Maxwell, Coon Elbe, were also guests of N. B. Howard. Master Charlie Frye, after being under skilful treatment, is slowly recovering. Charlie is greatly missed among the boys as he is a great sport. Quite a number from here attended the fair at Frankville. Miss Clara Taber has returned from an extended visit with friends at Parishville, N.Y. Mrs. Nelson Jackson, Sunbury, spent part of last week in her former home at "Long View." Miss Ella Sexton attended the teachers' association at Gananoque on Thursday and Friday last. Through some misunderstanding the football match between Forfar and Soperton teams did not take place on Saturday, although the visitors were on hand, fire-hot for a game of any kind. We are sorry they had to return so dissatisfied, but still our captain is a strong-headed fellow. Miss Katie Kavanah left on Sunday for Smith's Falls, to visit friends, and thence we believe she will go to Kingston to spend the winter months. Visitors: Mr. and Mrs. W. H. Godkin, Whitehurst, at T. F. Soper's; Mr. and Mrs. Maxwell, Coon Elbe, at N. B. Howard's; Chas. Anglin, Miss Lizzie Anglin and Mrs. J. E. Anglin, Battersea, at R. T. Taber's; Dr. Fee, Kingston, at J. Frye's.

Atkinson and wife, of Selby, were guests of Mrs. Dingman last week. Mrs. Brooker, of Belleville, is visiting Mrs. C. Miller. Several new walks have been built in the village. Rev. E. A. Miss Edith Werden, of Demorestville, was the guest of Mrs. Shaw on Thursday and Friday. Manly McKibbin is in Syracuse this week.

Westport Waifs.
WESTPORT, Oct. 1.—The rain last week did a great deal of good. Rev. M. J. Stanton, Smith's Falls, delivered an eloquent lecture in the Roman Catholic church, Bedford, on Sunday last. A number from Westport were present. Peter Rooney has moved into Mrs. John Ryan's house on Spring street. The Craig block is nearing completion. G. F. Reynolds and Mr. Oliver have the contract of painting. They are now at work. A Johnson will have the veneering finished this week. The plate glass front is completed. Though by no means unexpected the announcement made at an early hour on Saturday morning that a popular, and well-known young citizen, Patrick Murphy, jr., had passed away was received with universal regret. His long and gallant struggle with a disease, which, from the first, had been looked upon as fatal, was well-known and none who knew it could help but admire the sufferer's fortitude and cheerfulness under such conditions. Nature had endowed him with a brave heart, and to this place was due his remarkable bearing under circumstances of the most trying kind. Deceased was born in this village and aged twenty-seven years. He leaves a wife and two children to mourn. His funeral to St. Edward's church on the 30th ult. was largely attended. His remains were placed in the vault. Almond Stephens bought from Richard Hogan the brick house and lot on Whelan street for \$1,500. Potato digging is over and they are, an extra crop. Fur coats were in use yesterday. Water is very low in the wells and lakes.

Denbigh Doings.
DENBIGH, Sept. 28.—A series of missionary services will be held at Eganville on Sunday, 29th inst., by the ministers belonging to the eastern conference in con-

nection with the Lutheran synod of Canada, and in spite of the great distance quite a number of residents of this place have gone to take part in these services. The eastern conference of Lutheran ministers referred to will begin at Eganville on Monday, 30th instant, but Rev. E. Weber, of this place, will not be present, as in consequence of a certain friction between him and some of his parishioners he has resigned, and will leave within a few days for Buffalo, N.Y. By his removal this Lutheran missionary district again becomes vacant, but steps are already being taken to fill the vacancy and to get an occupant for the new parsonage just completed. Rev. H. Sheppard, who has been exchanging work for a couple of weeks with Rev. J. Butler, of Marlbank, has returned, and the latter, who has filled Mr. Sheppard's appointment during that time, and favored his many old friends at Denbigh with a call, has returned to his own field of labor. Messrs. Jas. Irvine and Henry Sibley have purchased and shipped to Montreal several car loads of beef cattle and lambs and intend to ship another car load from Kildar station in a few days. Albert L. Stein, of Renfrew, has again a few days' vacation which he spends visiting at his parents of this place. John W. Lane and Miss Jane Lane are visiting friends in Napanee and vicinity. Julius and Emil Fritsch are away to the lumber shanties in Algoma district. The Denbigh cheese factory will probably close for this season in a few days.

The members of the Meth. church have erected a drive shed in connection with their church. J. H. Moulton and wife, merchant of Westport, formerly of this place, were here during the fair. A. Stevens, carriage maker, has commenced cutters for his winter trade. He intends making forty or fifty. Miss Ella Flood, Brockville, spent a few days with her parents last week.

HARVEST HOME FESTIVAL.

The Good Folks of Sharbot Lake Had a Fine Time.
SHARBOT LAKE, Sept. 30.—The Methodists of Sharbot Lake had a grand harvest home on the 27th inst. The ladies did everything in their power to make it a success, and right well did they succeed. Such tables, loaded with meats, cakes, pies and almost everything that the most delicate taste could desire, are seldom seen even where affairs are considered a decided success. When the ladies of this popular "summer resort" take matters of this kind in hand and go at it with a will, they get things up in first-class style. They well deserve the most hearty vote of thanks received at the close of the day. We next pass on to the popular chairman from the limestone city, Arthur Chown. He deserves unqualified praise for the manly way in which he filled the chair. He is cheerful as a boy but has the knowledge that experience alone can give in guiding a public meeting and keeping everybody good natured as well as himself. Several speakers were present and all gave speeches of a high order and interested everybody, but it takes that cool-headed clergyman, Rev. H. Visser, to draw the money out of the people's pockets and cover that subscription list in aid of the "parsonage fund" to the satisfaction of the trustees. The people say he is a useful man in any community. The harvest home over and a little recreation many were ready for the evening lecture by Rev. Mr. Edwards, of Brook street, church, Kingston. The lecture was one of the best ever heard in this county. If somebody hears in the near future that Mr. Edwards is becoming famous as a lecturer it will not surprise at least some of us. He pulls things up by the roots and calls them by their names. He is one of the most practical men that has struck Sharbot Lake. The lecture over and a good night's sleep the people were not satisfied but had a grand ten cent social on the evening of the 28th, and whether you speak of finance or as a social gathering or whatever part you wish the entire affair was a grand success.

The choir of the Methodist church was in attendance in all the services and rendered valuable help. We have reason to be proud of our choir and of Rev. A. J. Lidstone, who is a grand help in the choir and in speaking and in getting things in general ready. He is, taking it all in all, a No. 1 young man.

A Big Mistake Made.

SEATTLE, Wash., Oct. 2.—The department at Washington will be informed by commander Drake, of the U. S. fish commission steamer Albatross, which arrived in port yesterday from Behring sea, that a serious mistake was originally made on the determination of the Siberian coast line. The error equals one minute longitude, or fifteen miles of coast line as determined and charted, being that distance too far to the eastward. This blunder was discovered and verified by scientific labors of Albatross and her score of astronomers. The mistake claimed by commander Drake as to the Siberian coast being charted fifteen miles too far east, gives a greater breadth to the Behring sea and straits. Figuratively, it will push Siberia back upon Russia fifteen miles, and the sixty mile limit sailing zone will be carried that distance further towards the Russian territory.

The Spruce IV May Visit Canada.
TORONTO, Oct. 2.—The Royal Canadian yacht club has received a letter from Mr. Brand, owner of Spruce IV, regretting that his engagements will not permit of his racing in Canadian waters this season. He says he will be in America next year and he hopes then to be able to visit Toronto in his half-rater.

KINGSTON MARKETS.

The Prices Gathered on the Market Square and Elsewhere.

KINGSTON, Oct. 1.—Since our last report there has been considerable activity in grain. Prices went up five or six cents and then took a tumble of three cents, leaving the net gain three cents. Farmers in the north-west are not selling. They will not take the present prices and the banks and stores seem to be helping them to hold over. We quote new No. 1 hard, 73c, track east, and as high as 74c, has been paid. Ontario winter, 67c to 70c. Peas are selling at 50c. to 51c., and oats at 23c. Rye is weak at 40c. Buckwheat is in good demand at 37c. Receipts are light in everything except peas, which, up to the present, have been moving freely. The Hide and Wool Market.
John McKay, 157 Princess street, telephone 489, reports: The market keeps getting weaker. MONTREAL, Oct. 1.—The market is dull with lower prices all round, and it is probable that a considerable number of cattle will have to be held over for another market. A few of the best Manitoba cattle were sold at about 3 1/2c. per lb., and Mr. Bickerdike paid 3 1/2c. per lb. for thirty-two Manitobans which averaged over 1,100 lbs. each. Pretty good stock sold at from 2 1/2c. to 3c. per lb.; common dry cows, rough steers and thirty young stock sold at from 2 1/2c. to 2 3/4c. do.; and the leaner boats at from 1 1/2c. to 2c. per lb. Yarker Yiddings.

YARKER, Oct. 2.—R. Gordon, contractor of Kingston, has the stone work about completed on the new church. The mason work reflects credit on the contractor. A. Baxter is building an ice house. John Ewart while returning from camp trolled down Colebrook pond and landed a six and a half pound bass, the largest ever caught here. He will have it stuffed. C. Noll and S. Winter are placing furnaces in Harrowsmith. George McDonald goes to Sydenham with J. Woodruff. Alva Embery has moved into his new house. J. Juniac and Wm. Hill are in the employ of H. Finkle, Newburgh. Alvin Joselin and Vanluren move to Kingston this week. We are sorry to lose them. A. E. Bonyard has the roller mill going again here.
