The reason of this he attributed to the fact that the Arab mother puts her child to sleep on a mat; with one or two light coverings. The hard couch was made by the climate, but it also served a valuable purpose in obliging the child to sleep on its side, and not on its back. Thus it stood a better chance of growing up without weak ness or disease of the throat, cars and nose, The American child is in this respect less well off than the half-civilized Arab. It is usually put to bed on a pillow down or feathers. Then, more often than not, it lies on its back, turns up its little face, and is in a fair way to develop the terrible diseases mentioned. He's So Obliging. Johnson always gets such good places,' said Harry Smith, the curpenter's son, to another boy, as they were returning

home one afternoon. And Harry was not the only one who thought thus, for Jim's luck was the talk of the neighborhood. Jim was certainly no pattern of cleverness, or beaumany; but for all that, it was quite true he always had good places, good wages, and a good character.

When he left one employer to go to another, it was generally said: "I would CRAWFORD, Foot of Queen St not part with him if I could help it; he is a good boy, and so obliging." This was the secret of his good luckhe was "so obliging." Did the merchant or the wagoner want an errand boy, or did any one want a job done at a moment's notice, it was only to get a sight of Jim, and it was as good as done; for Jim would hurry through his own business in order to help.
