SPECIAL COUNCIL MEETING.

A NUMBER OF BY-LAWS PUT THROUGH

Confirming an Assessment For a City Firm -Some Aldermen do Not Favor Exemption Congratulating the Venerable City

A special meeting of the city council was held last evening for the purpose of passing a number of by laws. The members were slow in putting in an appearance and it was almost half past eight o'clock before a quorum was secured. During the next half hour three more put in an appearance, making fifteen in all. Present : Mayor Elliott; Alds, Allen, Behan, Curtis, Drennan, Livingston, Martin, Redden, Robinson, Minnes, Skinner, Stewart,

Strainge, Tait and Carson. Ald. Martin submitted a by-law to affirm certain agreements between the city and the Kingston light, heat and power company. On motion of Ald. Martin rule thirty was suspended and the council went into committee of the whole, Ald. Allen in the chair. The by-law was taken up clause time and became law.

Ald. Drennan submitted a by-law to con-

broom factory at \$7,000 for a period of five years. On motion of Ald. Drennan council followed the usual procedure and went into committee of the whole, Ald. Double breast, velvet collar or Carson in the chair. The by-law previded for fixed assessment of \$7,000 for five full skirt, \$6.00; ready to wear or years, school and local improvement tax cian, returned, last night, from Ottawa. in 1894 the company was assessed for \$17,- capital very fine, but he says the cars in 000. In 1895 it was reduced to \$10,000. use here are far superior to those used at This year the assessment had been ad- Ottaway Goodness and style all our own, not duplicates of our neighbors. We show original designs. Prices as low as you want, \$2.50, \$3.00, \$4.00. down. Wages paid average from \$14,000 W. Bennett & Son, Gananoque. The first to \$15,000 yearly. He asked permission to named is a member of the 14th batt. band,

> firm. The request was granted. Mr. Gould said the firm was not asking for exemption, but for a limited assessment for five years. Two years ago the firm paid taxes on a \$7,000 assessment. That same year the assessment was advanced to \$17,000. A year later it was advanced to \$10,000. Within another year the firm could further reduce the assessment to \$5,000 by allowing broom corn to remain n store in the United States. The firm has to compete against prison labor in Canada, and it is only by good judgment or a good speculation in buying this corn that prison labor can be competed with. Corn is purchased in the United States And stored here. Sometimes it is not used for upwards of a year. Annually about to Fred A. Folger, city ticket agent, R.W. \$2,000 is paid for handling the If stored in the United States that sum would be paid out there. It is not the intention of the firm to leave the city, nor is an attempt being made to bull-doze the city council. Although no improvements were added to

the buildings last year, yet the assessment | both. They matched and the negro was was raised \$1,000. When Ald. Drennan moved for a second reading of the by-law, Ald. Robinson arose and said he was of opinion the by-law of the council prohibiting exemption should or in many places in the old country if a be followed. He had asked the mayor on man lights a sulphur match the people a previous occasion if the firms granted exply to his question. The by-law under discussion did not provide for the firm employing any number of hands, or for running a fixed number of days in the year. Ald. Tait thought the honesty of the or some other person appointed for the pur-

concealment. While not favoring exemp- Princess street. A. Abernethy. tio , this case was an exception and he thought the firm worthy of exemption to the amount asked for. Ald. Behan pointed out that the case under discussion was a peculiar one. The largely in broom corn. By the failure of

HAVE RECEIVED INSTRUCTIONS TO the succeeding crop the firm made money sell on WEDNESDAY, 30th September, out of the speculation. It was practically made in another country and brought into saved a run. Canada. The assessment was levied from an inspection of the stock books. Some consideration should be given the firm. He did not favor exemption, but this case was deserving of recognition. He would like to see the clause inserted in the byonly that assessment be placed at a fixed rate. Ald. Skinner also spoke opposed to granting exemption, he would vote in favor of the by-law. The by-law read a second and third time, and on motion of Ald. Drennan was signed and

All. Behan submitted a by-law to raise, by way of debentures, the sum of \$15,000 for further extension and improvement of the waterworks system. The council went into committee of the whole, Ald. Curtis in the chair. The by-law was read a first and second time and ordered to be sub-

mitted to the Lieut, Governor of Ontario port. by way of debentures the sum of \$2,000, in | street. the matter of the city of Kingston debt agreement, to pay interest on outstanding charging a cargo of slabs at Crawford's debentures. On motion of Ald. Skinner | wharf the council resolved itself into committee time and ordered signed and sealed. Ald. barges. Carson had four by laws prepared, but as they required a vote of three-quarters of

the members, they could not be submitted. & Sons. They provided for certain local improvements, such as walks, sewers, etc. The aldermen were filing out when they

were requested to remain for a few moments. as there was an important resolution to be presented. Mayor Elliott said that only a resolution of great importance would be accepted. Ald. Behan assured his worship that it was one of vast importance. He thereupon read this resolution: Moved by Ald. Robinson, seconded by Ald. Livingston, that whereas, this being the seventy-third anniversary of the birthday of our esteemed and faithful city clerk, M. Flanagan, resolved that this council desire to express to him our hearty congratula. tions on this auspicious occasion, and to hope that he may be spared for many years more to fill the position he has so long filled with credit to himself and benefit to the

Hearty applause greeted the resolution. On being put before the council in the regular manner, the members received it standing and sang lustily "For He's a Jolly Good Fellow." Mr. Flanagan was taken completely by surprise. He could only thank the council for their kind words, which he felt keenly. Every member present filed past the venerable city clerk and congratulated him warmly.

The Quaker's Advice. Don't thee wed for money, friend, For money hath a sting;
Don't thee wed a pretty face,

'Tia a very foolish thing.
Don't thee wed for place or fame—
'Twill disappoint all hopes for thee;
But choose a girl who wants to see
