As Though Paralyzed. A grateful young lady is Miss Annie Shepherd, of North Pelham, Ont., who writes as follows: I had two very bad spells of it and was obliged to call in the doctor. My hands and feet would stiff as though I was paralyzed. I had to quit work and tried doctors' medicine, but did not get any help until I got Manley's Celery-Nerve Compound. After taking five bottles I am restored to health again, and can highly recommend it to any one who may suffer as I did. I am gaining in flesh and at work now.
