PARNELL'S PROPOSAL.

The Ir.sh Lender Asks for an investigating Committee,

LENDON, July 10 .- In the House of Commons yesterday Sir Wilfred Lawson (Home Ruler) asked whether the Government would grant the appointment of a committee of the House to inquire into the charges against the leaders of the National party in the House of Commons.

Mr. W. H. Smith, the Government leader, said the House was incompetent to inquire into the charges. A proper inquiry could be obtained through the ordinary tribunal.

Mr. Parnell later gave notice to the House that on Thursday he would submit a motion for the appointment of a committee to inquire into the authenticity of the letters published by The Times in its articles on "Parnellism and Crime," and those read at the trial of the suit of O'Donuell v. The Times, in which he and other Nationalist members were charged with serious crimes. He would also ask the Government to appoint a day to discuss the subject and give him an opportunity to repel the foul and unfounded charges made against him by Attorney-General Webster in the trial of the suit of O'Donnell v. The Times.

Mr. Parnell's remarks were greeted with loud cheers from the Irish benches.
