A Year's Experience

After nearly a year's use of SIMSON'S LINIMENT, I have proved it to be what I supposed at first it was. An excellent liniment to have about a stable. FRED MAY.

The Hero of Many Escapades Who Is in Trouble in New York.

Fred May, of New York, who was recently arrested in that city, charged with disorderly conduct and assault upon a policeman, is the son of Dr. May, a prominent Baltimorean. Some years ago he became notorious by a quarrel at the Union club in New York with James Gordon Bennett, of The New York Herald. May is a very powerful man and took Bennett up and threw him out into the street. A duel was the result.

> It was fought near Baltimore. May fired before the signal and Bennett and strength has versary. Until recently, however,

FRED MAY. his head had not come in contact with anything harder than a fist. When a policeman's club was applied the result was different, and the former pet of New York society found one eye closed and slept in a cell. The offense with which he is charged, assault with a loaded firearm, is assault in the first degree, punishable by imprisonment for not less than five years nor more than ten years.

Health Preserved.

Is without doubt, the jewel of great price, and the one least valued. Disregard of symptoms that clearly indicate abnormal action of the liver, stomach or bowels is nothing less than criminal. Health through neglect too often vanishes like a "Will O' the Wisp," and the anxious seeker secures but pain and disappointment for his labour. No aid towards the preservation of health can surpass Hamilton's Pills of Mandrake and Butternut. These pills, being composed of vegetable substances, exert their remedial action without the evil effects too often following the use of pills containing mercury. For all bilious disorders they will even prove a positive specific. Hamilton's Pills are sold by all dealers in medicine and by Polson & Co., Kingston.
