GOVERNMENT MUST NOT ALLOW SABBATH DESECRATION.

The Opening of the Canals Publicly Proested Against ... Various Resolutions

ty hall to protest against the opening of the canals during portions of the Sabbath

their vessels through. He was opposed to He was not a severe Sabbatarian-he beon that day—but he was opposed to men be. I hanks were due to Col. Von Straubanzie

> of Western Ontario to insist on compliance with the law of the land on the subject. It was then moved by Rev. J. W. Spar ing, seconded by Lieut. Col. Duff : on of Canada, to open the Welland and other

egulations which takes away from the emloyees on the canal any portion of the day set part for rest and worship, a day which is re-arded as sacred by all the denominations of Rev. Mr. Sparling objected to the canals being opened for the benefit of strangers. It

was the duty of the people to guard the Christian Sabbath as they did the Christian eligion. They were identical to each other. He thought the laboring classes should greatly protest against working on the Sabbath, for if the system was allowed to continue it would result in seven days' work being exacted for six days' pay. The resolution was Moved by Rev. J. A. K. Walker, second

ed by Capt. Thomas Donnelly : "That in view of the proposed change, which we regard as an outrage of the sense of the whole Christian community, this meeting takes the opportunity of testifying in favor of the rest which the beneficent Father of man-kind has provided for all, and which is particu-larly the charter of the toilers of the human race. We regard the rest of one day out of seven as the inalienable right of the working-man, a right that is secured to the whole people of the British empire by many statutes made and provided for that purpose, and we protest, therefore, against any encroachment anywhere on the rest of that day."

Rev. Mr. Walker said the opening of the canals was an outrage against God. Any state that trampled under foot the laws of God need not look for prosperity or advancement. The safety and well-being of the country depended upon the enforcement of of the moral laws, particularly in regard to the sanctity of his day.

Capt. Donnelly had never found any gain by working on the Sabbath day. He was engaged by a firm who did not wish work on that day, and the only man who so worked came in in the fall without a vessel. He favored the enforcement of the law on the Welland Canal. The Americans who broke it should be fined. If it was a Canadian he would be fined, but great leniency is given the stranger. It was not so in the United States. If a Canadian broke the law a how was raised and the foreigner had to suffer. The same rule should work in Canada. The resolution was also unanimously adopted. Moved by Rev. S. Houston, seconded by

Rev. R. Whiting: "That we hereby resolve to petition the minister of railways and canals of the Dominion of Canada to rescind the order, which, we are informed, has been passed, and to restore to the workers on the canals, as well as those employed on vessels passing through the canals, the whole of the Lord's day as a day of unbrothe whole of the Lord's day as a day of unbrothe ken rest, in order that the blessing of Almighty God may continue to abide with the govern-ment and people of the Dominion."

Both the mover and seconder expressed delight at having a mayor who could so valiantly express himself. They were prouder of him than ever before, and they thought the public would be also. Rev. Mr. Whiting said that if the government did a wrong act then the people should array themselves against it. The people should stand by the good old commandment: "Remember the Sabbath day and keep it holy."

H. A. Calvin much preferred the old system on the Welland canal. He was opposed to Sabbath labor, and his vessel men knew his views on the matter. So far as he knew none of them had taken advantage of the new order.

L. B. Spencer thought the clergy had only done half their job. They should see that all Sabbath work was stopped. They had not said one word about Sunday excursions, which were of almost weekly occurrence. Surely the clergy should speak out against such things, for there was no earthly necessity for them.

Mr. Houston said the ministers had considered the matter, but they could do noth. ing. The law gave boats the privilege of calling here, having started out on Saturday. But they would stop boats from starting from here on Sunday.

The resolutions passed will be forwarded to the minister of railways and canals. The meeting adjourned at 9.30 o'clock.

POLICE COURT-WEDNESDAY.

Mrs. Burns Will Now go to Gaol-The Antics of a Sailor.

The air in the police court this morning was agitated. Mrs. Burns was there, and the cause of the flutter was apparent. Witnesses went to show that she was either drunk or crazy on Monday night. She was singing, crying and praying, and her arrest was followed by very great trouble. While in the court she was very demonstrative, partly because of her excitement. She claimed that she was crazy and heart-broken over the waywardness of a daughter (sent to prison in Gananoque.) Neighbors told of her disturbing propensities, and a fine of \$50 and costs or six months in gaol was imposed. The fine was made large so that she would have to go to gaol. Then she became bellicose and attacked the police with great vigor. She was finally conducted be-

Francis Boyle, a "salty," was accused of stealing a drink at Kenndey's he skinned out after taking it and climbed into a vessel's rigging. He was called down and arrested. He says he was hit by a club in Kennedy's hands; Kennedy says he was hit with stone by Boyle; and Officer Megarry says the prisoner drew a knife on him when he was arrested. Boyle says he didn't know the officer, as he was dressed in "country. man's clothes." The case went over for a

Mary Ann Morgan, a sad-visaged woman, whose beauty has almost fled, and whose clothes were of the poorest fibric, admitted her drunkenness as she stood trembling before the magistrate. Her husband led her

away after pleading for her release. Two soldiers, T. Flaherty and T. Cassidy, were remanded. Flaherty was arrested for drunkenness and Cassidy for interference.

A DEEPLY BEREAVED FAMILY.

The Sorrows of the Mace Family, Tam. worth-Death of Two Daughters.

TAMWORTH, July 11 .- At 11 o'clock yesterday morning Jessie, youngest daughter of W. D. Mace, passed away after a brief but painful illness. On Friday she was as well as usual, but diphtheria found her a ready victim. Jessie was a pretty, interesting child of three summers and her loss will be a sad blow to her parents, whose affections were so wrapped up in her.

This morning a still sadder event happened when the eldest daughter of Mr. Mace, after the funeral, mistook a bottle of carbolic acid for a bottle of brandy, and drinking a quantity poisoned herself and died in great pain. The error was no sooner made made than it was detected, and two doctors were called in, but they were unable to save her life. She died within ten minutes, aged 18. The carbolic acid had been procured and used yesterday for the purpose of fumegating the house and destroying the contagion of diphtheria.

Nor is this all. The second daughter, by the multiplicity of bereavements and in consequence of her weak condition, has become quite ill. Her case excites serious apprehensions.

Mr. Mace will have the sympathy of his many friends. He has been a deeply sorrowed man. His wife has been very ill, so ill as to be removed to the city for treatment. She only left the institution yesterday, still a sufferer, because of the death of her youngest daughter.

Telegraphic Announcement. NAPANEE, July 10 .- At 11 o'clock this forenoon Jessie, youngest daughter of Mr. W. D. Mace, of Tamworth, was buried, having died from diphtheria, after two days' illness; and before I o'clock Belle, Mr. Mace's oldest daughter, a fine young woman, died from having taken, in mistake, a dose of carbolic acid. Medical help was got at once, but of no avail. She died in fifteen minutes. Mrs. Mace and Miss Myrtle Mace are in a low state from the shock.

BEGINNING OF THREE DAYS' RACING MADE SUCCESSFULLY.

Green Race Very Exciting-A Loss of Time in Scoring-The Betting Men Had An Opportunity to Busy Themselves-The Summary of the Bace.

The annual midsummer meeting under the auspices of the Kingston Racing association becan at the Cataraqui driving park yesterday afternoon. The weather was fine and track in excellent condition. The programme was broken by the omission of the 2:30 trot. It had to be abandoned because calfe, M.P.P., were reported at the time the race was to commence. The green race afforded sufficient amusement for the specta-

Messrs. T. C. Wilson and C. Corbett acted as starters. The time of the heats was kept by J. Carson.

In the green race the purse was \$100, open to all horses owned in the city of Kingston and counties of Frontenac, Lennox, Addington and Leeds that never won money on turf previous to date of bill. First prize, \$60; second, \$30; third, \$10. The entries were as follows :

"V.S." b.m., J. McGregor, Harrowsmith. "Mountain Boy," C. A. Thompson, Brockville, "Grace," b.m., R. Thompson, Napanee.
"Rilly Rysdyk," br.s., W., R. Acton, Ganan-"J. B. Parke," ch.g., J. Purdy, Kingston.

CHARL COMPANY CONTRACTOR OF THE PROPERTY. were: 1, "V. S."; 2, "Billy Rysdyk"; B. Parke"; 4, "Mountain Boy"; "Grace." The horses dashed under the wire at a rapid gait, in an irregular form. They were called back and kept scoring about twenty minutes. "V. S." made a good show for first place on the start, but was soon collared by "Mountain Boj" and passed. "Rysdyk" worked to third place and then skipped. "Parke" saw the stallion in difficulty, and ran past him in good style. "Mountain Boy" had to work hard to lead his company. On the last half of the mile, "V. S." was behind him, with "Parke" close at his heels. The mare could not stay, and "Parke" took second position. When this change took place the race became exciting, for "Parke" was pulling himself together in splendid shape. He kept the length of a neck behind "Mountain Boy," and came home in this way. "Grace" was third, "Rysdyk" fourth and "V. S."

Second heat-This was finished in the same order as the first. This should not have been. Had not the driver of " Parke" been careless he would have had first place. His horse was doing the best and fairest trotting in the company. "Grace" did some excellent work, and had second place for a short time. "Parke" was third. The horses trotted in procession for a time. "Parke" at last got down to work. Getting second place he pursued "Mountain Boy" hotly for first place, but could not get it.

Third heat-The sporting men in the audience now became specially interested and bet freely on the result of the race and many persons claimed that "Parke" would secure first money. The horses got off in a line. "Mountain Boy" moved stead y to as well this year as he did last season. the front. Finishing the first half of the mile "Parke" had fourth place, a poor position for a horse that was expected to win the heat. He kept going steadily and making good run. When "Grace" flew up, worked to second place. Then transpired a pretty struggle for supremacy between "Mountain Boy" and "Parke. On the home run a more delightful race could not have been witnessed. "Parke" collared the leader, and pulled himself magnificently to the front amid the hearty cheers of the spectators. "Mountain Boy, second; "Billy Rysdyk, third; "Grace," fourth; "V.S.," fifth.

Fourth Heat-The gentlemen who backed "Parke" against the field were now more anxious than ever to shove their money up on the result. A few more bets were made and the horses came in again in the same order as in the previous heat. "Parke" and "Mountain Boy" had another hot struggle for first place. A short distance from the wire "Parke" was second, but by good trot. ting beat his opponent by a length.

Fifth Heat-This had to be run to decide the winner of the race. "Parke" got this heat easier than the last, leaving a long gap between him and "Mountain Boy." "Grace," third, "Rysdyk" fourth. "V. S." did not

IN THEIR OWN TOWN TOO!

The Kingstons binke a Great Show of its Rival, the Believilles.

BELLEVILLE, Ont., July 10 .-- The game to-day was another exhibition of yesterday's brilliant ball-playing, and would have been another shut out but for the error of Somers in the eighth innings. He dropped a ball thrown by Ryder to the plate to cut off Lawless. This allowed the runner to score the first and only run. The principal features of the game were two catches in the fourth by Doyle, one a foul fly fifty feet out side the line. The other would have caused a "homer," as the wind was in the right direction, but for the desperaterun Doyle made. Goodryder made one of his fine catches in the seventh inning. Ryder made a left hand pick up that was hardly seen by any of the spectators until he had it in his hands putting two men out by it. He accepted all. chances without an error. Hewer played a brilliant game, taking in everything; also little Somers caught without a pass ball and held everything. Gallagher struck Lally out in the second inning amid loud applause and held the Bellevilles down to three hits, a two bagger and two singles. Morrison, the umpire, gave great satisfaction to both clubs. None of his decisions were questioned by either Kingston or Belleville. The crowd applauded all good plays made by either clubs.

The Official Score.

Quinlan, 3b...... Cockman, 8s..... Doyle, l.f....

Gallagher, p..... SCORE BY INNINGS. SUMMARY. Earned runs-kingston, 2.

Called balls-Schohe. Struck out-Smith, 5; Gallaher, 5. Left on bases-Kingstons, 4: Bellevilles, 7. Two base hits-Somers, Doyle, Fisher, Schohe, Three base hits-Goodryder, Little. Pass balls—Somers, 2. Wild pitches-Smith, 2. Hit by pitched ball-Baker. Time of game-1 hr. 45 mins. Umpire-J. Morrison.

Notes of Local Interest.

Kingstons came within one of shutting the Bellevilles out again yesterday.

Scorer--J. McCullough.

Let her go Gallagher! But Belleville was sorry before the game was over for making the request. So far in the series, in the matter of run

getting, the Kingstons have made 205 to Bellevilles 175.

Pitcher McNicholl has left for Hamilton. He did not suit the Belleville management Last night the Bellevilles were clubbing

themselves instead of the ball. And their admirers were similarly engaged in treating the players. The last two weeks have shown that had

the Oswegos not dropped out the Kingstons were in prime shape to win the pennant. We hope in the new league the boys will make things hum. "Done up and Chicagoed by Eilbeck's

men. But you bet your sweet life they can't do it again." This is how the Belleville Ontario put it. The story was almost repeated yesterday.

Ontario says: "When the Kingstons could not get Keefe the Whig said he was no good. That's Kingston ball talk every time." And the evidence points to the truth of our declaration.

Secretary White has replied to Umpire Young's query regarding Con. Murphy's delivery, and gives the official interpretation of the rule: "The pitcher, after facing the batter with the ball in his hand, has the right to turn his back to the batter. if it is his customary movement, providing he does not hesitate before delivering the
