NAPANEE MILLS.

July 10.-This is a live village, unlike some others in this section of much greater pretensions; the "bustle" is not all monopolized in the improvement of the female figure, but there is an audible hum of industry the week long. The wheels of the big paper mill turn night and day, and our people, men and maidens, obtain remunerative employment. Nowhere in the country can a more contented and prosperous class of working people be found. Long years of uninterrupted employment have enabled most of them to surround themselves with comforts and luxuries. This pleasant state of things is entirely due to the paper comrany, Messrs. Henry, Scott and Hall, of Napance, gentlemen of unquestionable honour. They deserve praise, as well for their enterprise as for the generosity that has characterized the treatment of their employees. Visitors to the village are most impressed by two things, the bustle of the place and the beauty of the ladies, which latter, we regret to say is enhanced by the homely looks of the sterner sex. - A barber shop has been opened .- John Granger has commenced the butcher business. - Rev. Mr. Houck addressed an eloquent sermon to the Orange body here last Sunday. The latest building imprevements are the new railway station, alike a credit to the Rathbun company and to the contractor, George Cliff, of Napanee; the neat dwelling house of R. Scott, and repairs on an old building formerly occupied as the site of the present railway station. -Mrs. Miller, of West Grove Hall, has had two of her daughters home on a visit, Miss Aggie Miller, of the London ladies' college, and Mrs. Tucker, of Minden. She was also visited by her son in-law, Rev. W. B. Tucker, Mr. and Mrs. Holden, of St. Louis, Rev. W. W. Miller and wife, of Wolfe Is-

The Sydenham Pic-nic.

The pic-nic on Mace's point on Wednes day was undoubtedly the most successful of the kind this season. People were present from Kingston, Wolfe Island and every part of the county, besides a goodly number from Lennox and Addington. Nearly every invitation was accepted. The grounds were tastily arranged. A large and commodious platform was brilliantly lighted by torches on either side with an octagonal shaped lantern with coloured glass suspended in the centre. Torches formed a beautiful semi-circle about the point, encompassing a host of Chinese lanterns. Skiffs and gail boats decorated with Chinese lanterns were leisurely moving about the lake, the scene being like a fairy land. The energetic committee were continually on the alert to entertain, and the guests will pleasantly remember them.

Scott's Emulsion of Cod Liver Oil. Bury Bucks, London, England, says: have prescribed Scott's Emulsion, and taken it myself. It is palatable, efficient, and can be tolerated by almost anyone, especially where cod liver oil itself cannot be borne. Put up in 50c. and \$1 size.
