world, was born in England on March 15, 1858. He is 6 feet 11/4 inches high; weighs 176 pounds, and rides a 59-inch Rudge. He is an all around good fellow. His first race was in 1879, and since then, as a friend puts it, he has been principally engaged in breaking records. His title of "King of the Wheel" was won on Sept. 29, 1885, when he made his famous mile in 2:29 3-5, at Springfield, Mass., against time. "Our own" Rowe has beaten this since, having spun round a mile track on a Columbia in 2:29 2-5-the best single mile ever made on a bicycle. On April 14th last Howell defeated Rowe,

however, in a race at Leicester, England, making the five miles in 15:3714. Rowe's friends were greatly surprised by the result of this race, and predicted great things for the American when the comes off in Buffalo, William Mil-

In England he defeated Frye and West, of Bristol; C. D. Vesey, of London, and others, winning over eighty prizes in twelve months. He then came to America and challenged

John S. Prince, at that time the champion of the United States. 1700

His racing wheel did not arrive in time for the race, and he was defeated. Afterward he distanced Prince several times. He also beaten Fred Wood, the great Leicester pro-H. G. Crocker,

On the transverse side of the cup is the inscription, "Goelet Cup, 1888," etched in very robust lettering, the design being suggestive-running water, starting large and tapering off like a wave. Upon the base is a silver tablet for the inscribing of the winner's name, around which are sprays of silver palm leaves, indicative of victory.

Description of Mains.

A tall, lean man, with cavernous eyes, was in the box for the Chicagos today. It was evident he had not been picked before he was ripe. He is taller than Healy and his waist is as narrow as a raisin box. His name is William Mains, and Anson got him from Davenport, Ia. Today was his first League game, and he pitched like a house on fire. He had lots of nerve and splendid command of the ball. He has terrific speed, with sharp curves and shoots, and his League debut was encouraging. - Indianapolis Sentinel.

A New Record at Weight Throwing. At the games of the National Irish Athletic association, held at Oak Island-by-the-Sea near Boston recently, J. F. Cunningham broke the world's amateur record for throwing the fifty-six pound weight from the side and standing at a mark, with two throws, the first one, 26 ft. 51/4 in., and the last one, 27 ft. 11/4 in. D. Long, the second man, also broke the record with a throw of 26 ft. 314 in. The previous record was 26 ft. 3% in., made by C. A. J. Queckberner four years ago.

Edwin Bligh, was born in Brooklyn, and is, 24 years of age. He weighs pounds, and stands five feet eleven inches high. He began his professional career with the Nassau Athletic a club, of Brooklyn, in 1886. Early in that season Manager Barnie, of Baltimore, came to Brooklyn in search of a catcher. He wanted a man to

help out, as Fulmer, EDWIN BLIGH. Ward and Traffley were on the sick list. He engaged Bligh, who played with the Baltimore team until the injured men got well. Bligh finished the season in Lawrence, Mass. He did not play in 1887, but in the spring of 1888 joined the New Orleans team. He has been there all season, and had the best average of any catcher in the Southern league.
