A FIRST-CLASS Swelling or Sprain

May last a week, a year or even the rest of one's lifetime, still it is interesting to know that a few applications of

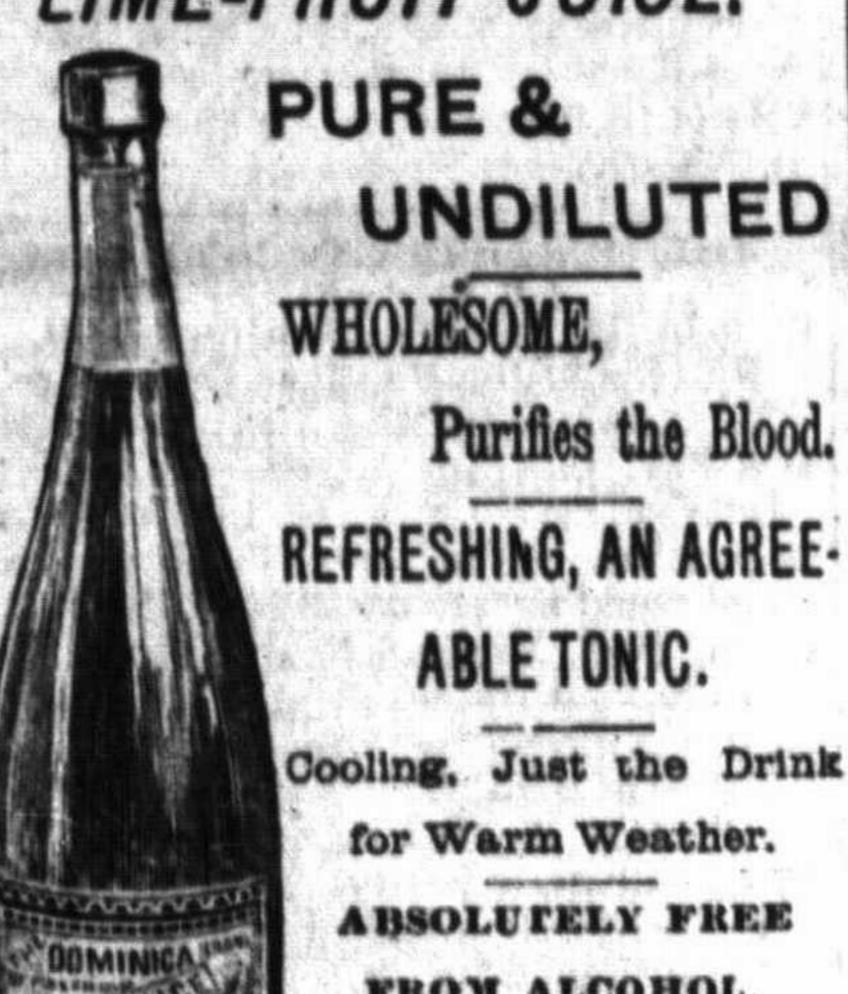

Simson's - Liniment

is just what you have long been looking after to make a complete cure. Capt. Dowling of the Brigt. "Leo" of Lunenburg, N. S., says: "I do not consider the ship's medicine chest complete without a quantity of Simson's Liniment. In one particular case that came directly under my notice, its operation was simply wonderful. The case was a very bad swelling of the legs of one of my men. A few applications, rubbed thoroughly in, brought him around in a very short time. Since adopting Simson's Liniment on board ship I have adandoned all others.

A blind guitar player named Manjon, from Spain, is creating a stir in the musical world abroad. He uses an instrument with eleven strings. Probably the czar was glad that he was not obliged to receive the Emperor William at a country seat, when special preparations would have been necessary for his reception, as the expense of such visits are prodigious, It cost the emperor of Austria \$600,000 to entertain the czar for three days at Kremsier, in 1885, and the bills for putting the archbishop of Olmlitz's palace in repair and for decorating and furnishing it for the occasion amounted to nearly \$200,000.

Mr. F. Nicholls Crouch, the venerable composer of "Kathleen Mayourneen" and other popular songs, has been revisiting Portland, Me., as the guest of Mr. George H. Thomas, Although, says The Portland Transcript, almost a generation has passed away since Mr. Crouch resided here and was a leader in musical circles, the years have dealt kindly with him, and his friends are glad to see that his step is elastic and his eye as bright as in the old days, although he is 80 years of age. He even retains some of the best notes of his powerful and well trained voice. His life, both before and since he left England, has been full of romantic incident. He went very early upon the lyric stage, and in his youth often appeared before royal and princely audiences. The other evening a birthday reception was given Mr. Crouch at Mr. Thomas', at which he sang "Kathleen Mayourneen" and others of his old songs with wonderful vigor and precision.

The ladies of New York, who recently formed themselves into a Health Protective association, recommended that Mayor Hewitt appoint women as inspectors of street cleaning. They are warmly supported in their demand by the Philadelphia Ledger, which says: "They understand the business of sweeping and cleaning better than men, and having nothing to do with politics could attend strictly to their duties as inspectors. A great mistake is made in not utilizing to the full the special capabilities of women for municipal government-say in directing the affairs of the public schools and in such inspections as a good housewife is qualified to ada, and is also a Methodist preacher. make.
