ARMBRECHT'S

Sustains and Refreshes Both Mind and Body-Aids Digestion-Improves the Appetite, and Removes Fatigue.

It is both effective and rapid in its action, and may be taken with perfect safety for any length of time. It is superior to all other tonics, such as Iron, Cinchona, Calisaya, &c., and unlike these IT NEVER CON-STIPATES.

In cases of sleeplessness from exhaustion or fatigue it is invaluable, producing sound and refreshing sleep, without the distressing sensation so common after Opiates, Bromides, and Hydrate of Chloral.

It has been prescribed throughout Europe for years by the most eminent physicians, and has been pronounced the most powerful restorer of the vital forces.

after to make a complete cure. Capt. Dowling of the Brigt. "Leo" of Lunenburg, N. S., says: "I do not consider the ship's medicine chest complete without a quantity of Simson's Liniment. In one particular case that came directly under my notice, its operation was simply wonderful. The case was a very bad swelling of the legs of one of my men. A few applications, rubbed thoroughly in, brought him around in a very short time. Since adopting Simson's Liniment on board ship I have adandoned all others.

Holloway's Ointment and Pills.

The soothing properties of these medicaments render them well worthy of trial in all diseases of the respiratory organs. In common colds and influenza the pills, taken internally, and the ointment rubbed over the chest and throat, are exceedingly efficacious. When influenza is epidemic this treatment is the easiest, safest, and surest. Holloway's pills purify the blood, remove used them prove this fact. Try them. all obstacles to its free circulation through the lungs, relieve the engorged air tubes and render respiration free, without reducing the strength, irritating the nerves or depressing the spirits; such are the ready means of escaping from suffering when afflicted with colds, coughs, bronchitis, and other chest complaints, by which the health of so many is seriously and permanently injured in most countries.

Several merchant tailors in the neighborhood of the postoffice have a novel plan for advertising their goods. They have a man employed to stand in front of their place of business to give out samples of cloth. The samples are about one inch square and are pasted on a small slip, on the reverse side of which is printed their guarantee and prices. The latter as quoted are very low, and as the sample goods are specially selected, the miniature dodge attracts general attention, This has been going on for several months now and in that time an enormous amount of cloth has been given yway. One of the tailors is on a street through which 15,000 persons pass every day. The tailors say it is a very successful advertising scheme. - New York Mail and Express.
