A Double-Headed Child. A remarkable double-headed child was recently born to a French family named Recoulbault in Manchester. The heads are both perfect, and are joined to the body by two short, well-shaped necks. It uses its mouth and eyes apparently at will in eating, crying, winking, and even sleeping. The parents were much shocked at the appearance of their baby, and went at once to Montreal to avoid the notice of their neighbors. The child is likely to live.
