ANNEXATION.

His Excellency's Reply to the St. Jean Baptist Society in Ottawa.

OTTAWA, Nov. 13. - The officers of St. Jean Baptiste Society waited on His Excellency in the Eastern Block this morning and presented an address. In the course of his reply, which was in French, His Excellency, after alluding to the devotion of the French-Canadians to the British flag, as in 1775 and 1812, touched on the question of annex-

ation. He said : "Your loyalty, as you say, has been subject to many trials and you have overcome those temptations of which you spoke just now in a manner which you can recall to day with just pride. In this, the nineteenth century, the same temptations do not fail te present themselves, although under changed aspect. For instance, people talk of annexation and of various other cries known to the political world.

"The monarchical constitution gives us complete autonomy without obliging us every four years to be subject to those violent oscillations of politics like those which just now have disturbed the business of our neighbors in the United States, and under the external form of a republic it would be impossible to find a more complete expression of the sentiments and of the wishes of citizens than you find to-day with us.

"Do not therefore, gentlemen, listen te those who would endeavor to disturb you. THE RESIDENCE WHILE THE MEDICAL PRINCIPLE OF THE PRINCIPL gue. Let us remain tranquil. Do not let it be said that the Dominion of Canada mistrusted itself.

"Without doubt the Confederation, like other states, will have her difficulties but she will come well out of them. > letter was read from Hon Geo. W. Ross, Minister of Education, guaranteeing certain statutory legislation asked for by the Board of Regents The debate opened on the following motion concurring in University Federation, which was moved by James Mills, M.A., principal of the Agricultural College, and seconded by Rev. Dr. Griffin, Guelph:

> Whereas, the joint body consisting of the Board of Regents and the Advisory Committee, by virtue of the powers vested in it by the General Conference at a recent meeting in the city of Toronto, resolved that the proper steps be forthwith taken to place Victoria Universityin feder thou with the Provincial University by giving the required notice to the Provincial Secretary provided we have assurance that by special Act of the Provincial Legislature, or otherwise, Victoria University shall continue to exercise her powers to confer degrees as heretofore until removal to Toronto, and that all such graduates be included in the provisions of sections 7 and 11 of the Federation Act as graduates of Victoria University;

> Whereas, the Board of Regents subsequently accepted this decision of the joint body and as a matter of courtesy asked the Semite to concur with this action, and whereas the conditions set forth in the resolution of the joint body as presented by the committee of the Board of Regents have been satisfactorily met on all points by the Minister of Education; Therefore, resolved, that this Senate concurs

in the action of the Joint Committee and the Board of Regents in forthwith giving the required statutory notice as to the entrance of Victoria University into federation with the Provincial University as soon as the desired legislation shall be obtained. It was moved in amendment by H.

Gould of Colborne: Wiserens this Senate has been asker to concur in a resolution of the Board of degents whereby it is proposed to surrender in the near future our degree-conferring, power, to notify the Minister of Education that we are ready to enter into federation with the Provincial University, and whereas it has been declared that the reference of this question to the Senate is a matter of courtesy and not of right, and whereas it is important that the relative powers of the Board and the Senate touching this matter should be clearly

Hough, M.A., Toronto, seconded by Dr.

ascertained: Therefore, be it resolved, first, that in our judgment the rights and powers vested by charter and statutes in the Senate of Victoria University are such that the Senate alone has authority to surrender the degree-conferring power and that any act of the Board of Regents providing for such surrender is ultra wires of that body.

Resolved, second, that in view the fact that the carnest appeals the past two years for subscriptions in aid of Federation have resulted in securing less than half the amount considered necessary at the last General Conference, showing that the sympathy of the church at large is not with the movement, we consider it highly inexpedient to imperil the very existence of our University by relinquishing the degree-conferring power at the present time. Therefore we decline to concur in the recommendation of the Board of Regents until the amount subscribed is sufficient to enable the entrance of Victoria into Federation financially safq;

Reserved, third, that a committee, consisting of the members of the Senate who are of the legal profession be appointed to consider the les al aspects of this question and to take such steps as may be necessary to protect the rights of the Senate in regard to the surrender of the de reé-conferring power, and morcover as we are for the first time invited to a discussion of the question of Federation itself this Senate records its disapproval of a measure which will lower the rank of our institution, which will deprive the Methodist Church of its long-en joyed advantage of an independent university at a time when it is well able to sus tain it, which places beyond its power the carrying out of its long-cherished traditional policy of maintaining an oversight of the training of its students in the higher and more perilous branches of the arts, and which being altogether unlike the federation of all of the colleges of the country first proposed we believe to be calculated only to lead to the absorption of Victoria without securing that nationalization of our educational system which was considered so desirable, and we direct our registrar to transmit to the Board of Regents a copy of this resolution with our urgent request that they take no steps farther commuting the church and the University to this measure until they have secured the amount contemplated by the General Conference as necessary to safety and efficiency in entering upon our work in our proposed new relationship.

Principal Mills was granted leave to amend his motion by striking the words, "as a matter of courtesy" out of his

Dr. Stone moved to add the following words as a rider to Principal Mills' motion : "And the sum of \$100,000 in available funds are in the hands of the Bursar of Victoria College, with such further subscriptions as the Board of Regents may deem necessary and adequate to the erection of the necessary buildings, and such income of an endowment as they may deem essential to the success of our operations as a federating college.

The Chancellor ruled Dr. Stone's rider out of order. The vote was taken amid intense excitement at 5.30 o'clock, when Mr. Hough's amendment was carried on the following devision :

Henry Romp, Charged with a Helmout Offence, Confesses His Guitt.

GODERICH, Nov. 13 .- Henry P. Romp, &B was arrested here to-day charged wit having placed the obstructions on the track that so nearly derailed the 7.30 train on Saturday evening last. The case was worked up by Grand Trunk Railway detective Charles Spence of Toronto and Constable Yule of Goderich.

Romp, who does not appear to be perfectly sane, wrote a confession of having perpetrated the deed but assigns no cause for his action.

The engine struck the obstruction about half a mile south of the station and had it not been that Engineer Green had it well under control would have jumped the track and been precipitated over a steep embankment which rises from the river side.

After writing his confession the prisoner undertook to plead not guilty, but Mayor Seager after hearing the evidence committed him to stand his trial.

Connection with Estimates. LONDON, Nov. 13 .- In the House of Commons to-day Mr. Matthews, Home Secretary, stated that the resignation of Sir Charles Warren as Chief of the Metropolitan Police

was solely due to his refusal to submit to the rule which forbids officials to publicly in announcing his resignation, said Mr. such rule existed he would never have accepted the post.

In the debate on the estimates in connection with the Supreme Court of Judicature Mr. L. J. Jennings (Con.) moved to reduce the appropriation by a considerable sum.

Lord Randolph Churchill approved the proposed reduction. He said the money squandered on court officials was a public scandal and a national disgrace amounting to malversation of the public money on large scale. The new Departments of Justice recently added to the machinery co sisted of nothing but lawyers. It was absolute brigandage on the taxpayers. Attorney-General Webster deprecated Lord Randolph Churchill's excessive criticism as calculated to excite the imagination of the country. The Government neither winked at favoritism in the matter of appointments nor showed indifference toward the effecting of reductions, but it could not alter salaries immediately. He promised that attention would be paid to the recommendations of the committee.

Mr. Jennings' motion to reduce the estimates was rejected, 148 to 129.

The Oaths Bill.

LONDON, Nov. 13. - The Oaths Bill passed its sacond reading in the House of Lords today without division.

The Paracti Commission. LONDON, Nov. 13. - At the meeting of the

Parnell Commission to-day Presiding Justice Hannen intimated that the court's decision in the matter of the disclosure of document was that all the documents which which The Times solicitor thought spurious, should be disclosed in order to assist in the search for the truth.

Sir Charles Russell, counsel for the Parnellites, stated that he had received several threatening letters.

Justice Hannen remarked that he also and probably others engaged in the case had received similar letters. The intimidation of witnesses, he said, was so certain that precautions must be taken not to allow the premature disclosure of their names.

The taking of evidence in relation to outrages was then proceeded with and James engine wiper of the Grand Trunk Railway, -Mannion, one of the witnesses called, declared himself both a Fenian and a member of the National League. He said 'e had taken part in several outrages and had gone on moonlight expeditions. He knew no moonlighter who was not also a member of

the League. Peter Flaherty, a farmer of Galway, testified that he was a moonlighter and was not ashamed to acknowledge it. He was perfeetly ready to act with the moonlighters
