COUNTY COUNCIL MATTERS.

The Full Text of the Report of the Com-

mittee on County Property. Agreeably to the resolution passed at the June session tenders were salled for the old buildings on the county grounds. A tender was received for the three buildings for \$8, and a tender for the largest one of the three at \$10, which last tender was accepted, the CONGESTS OF SECURIOR STATES OF THE PARTY OF two smaller buildings were taken down and a small shed erected out of the best of the material behind the gaoler's residence. The remainder of the material was cut up for kindling wood for the gaol. The labor of taking down these old buildings, cutting them up, removing debris, etc., and clearing the ground was done with prison labor through the kindness of the gaoler, costing nothing to the county.

On the 12th July the committee met to exemine the tenders received for the supply of coal and wood. The tender of Hugh Moreland, to supply the wood required, being the lowest was accepted at \$4 35 per cord, and the tender of Thomas Hogan for coal, being the lowest, a: \$5.45 per ton, was accepted. The coal was delivered under the supervision of a competent person, to examine the weighing, as the caretaker asserted that the county was wronged the year previous.

On the 10th October your committee met for the purpose of examining into the repairs required in the registry office and painting the gaol roof, and selling the gates on the Kingston and Napanee road. At one o'clock p.m. the gates were put up at public auction, and gate I was sold to Mr. Lemmon, the present lessee, for \$2,220, the same as it sold for last year. Number 2 was sold to Mrs. Dougherty for \$800, \$5 less than the year previous. We received tenders for stone for each of the sectious on the road, and awarded to the lowest tenders as follows : Section I to Albert McMichael for \$4.70 per toise; section 2 to A. Burnet for \$3.90 per toise; section 3 to G. Mc-Ewan for \$3 50 per toise; section 4 to W. McEwan at \$3.25 per toise.

We have also considered it advisable to mirchase a knitting machine for use in the wol. We have caused the court house building to be painted, the windows and doors painted, and some repairs to the furnace; also repairs to the registry office, papering the judges' chambers, and other improvements therein. The court house building has been kalsomined and whitewashed by prison labor, costing nothing to the county only the price of the material.

We would respectfully recommend that the gaoler be paid a consideration for his trouble in taking care of the court house grounds, as he spent considerable time in watering trees, shrubs, etc., the caretaker flatly refusing to pay any attention whatever to watering trees or caring for the grounds in any manner.

We also beg to say that the largest of the buildings as above referred to was the property of and owned by Mr. Ashley and Mr. Corbett. We consider it only just that the amount paid for it by the purchaser, Mr. Smith, should be handed over to them.

The rest of the report recommends the payment of accounts. The signers were W. Hutton, chairman; Daniel Staley, John E. Campbell, Jabez Stoness, John Cox, J. Holder, Melzar Avery.

## THE HARRISON FAMILY MAIL.

Calling Babies After the President-Hundreds Are Seeking for Offices.

INDIANAPOLIS, Nov. 21. -President elect Harrison was hard at work yesterday reducing his stack of unanswered letters. There seems to be but little appreciable decrease in the volume of correspondence daily received; hundreds of congratulatory letters continue to arrive, but gradually the mail is charging from congratulatory to solicitory, and applications for offices.

Among the numerous letters answered | go. yesterday were 44 replies to parents who had informed Gen. Harrison that they had named their babies Benjamin Harrison. With one or two exceptions these namesakes were all born since Gen. Harrison's election. The exceptions were two sets of triplets, born shortly before the election. The parents in each case naming one for Gen. Harrison, one for President Cleveland, and the other for the fathers. Acknowledgment to parents of a third set of triplets, similarily named, was made a couple weeks prior to the election.

Mrs. Harrison is also in receipt of numer. ous letters, stating that several Carrie Harrisons have been christened since election day, and to all such communications she has promptly replied, but the numerous applications and intercessions for office that are being mailed to her receive no attention.

### A SAD CASE INDEED.

A Widowed Mother Has Some Painful Experiences With Two Lawyers.

BELLEVILLE, Nov. 21 .- A sad case is reported from Hungerford, where a widowed mother is shortly to be ejected from her home through the duplicity of dishonest lawyers. Her name is Mrs. Dirkin, and she lives opposite the Catholic church, Stoco. Several years ago her husband borrowed \$800 from a gentleman in Madoc, and by dint of hard work paid \$200 on the mortgage. E. G. Ponton, agent for the Credit Foncier, Toronto, induced Dirkin to negotiate a loan and pay off the mortgage. This he consented to do and the papers were signed, but instead of the first mortgage being paid off poor Dirkin found that a second loan had been obtained, and the farm was then mortgaged for \$1,200. Ponton left the country about the time of Dirkin's death, and the widow gave Stephen O'Brien fees from time to time to get one of the mortgages set aside, but to her surprise one day she found he, too, had levanted. Then her last hope vanished, and the machinery of the law was set in motion to eject her. She was served with a final notice of foreclosure by the Credit Foncier, and in a few days will be driven from the old homestead. She is now sick in bed, while her mother is looking

after her and the children. For genuine Scranton No. 4 coal go to the

#### Description of the Assailant,

LONDON, Nov. 21. - The woman attacked in the Whitechapel district this morning has recovered sufficiently to tell something of the man who wounded her. She says he is about thirty years old, tall, fair and wearing a light moustache. He was well dress. ed, spoke with a purely English accent, and from his conversation was evidently well acquainted with Whitechapel and the habits of the women there. The name of

the intended victim of to-day is Farmes. From the information which she has given the police have gained new confidence, and believe they can run the murderer down. Hundreds of people flocked to the locality when the news of this morning's affair spread, as it did rapidly, but the police took charge of the premises immediately, and allowed no one to leave or enter the house.

#### Is It a False Alarm?

NEW YORK, Nov. 21. - A London special to the Sun says enquiries made at Scotland yard and at Whitechapel police stations show that the report of another murder was false. It originated from the hysterical story of a woman who was found drunk in Commercial street railroad, and who said a man had attempted to kill her by cutting her throat. The woman is in the hands of the police and will be further examined when she gets sober. The authorities attach

#### THE NATIONAL LEAGUE.

Some of the Decisions Reached by the League-Change in the Rules.

NEW YORK, Nov. 21.—At last evening's session of the base ball league, the joint rules committee decided to allow each club the privilege of having on the grounds a tenth player, in full uniform, ready at the end of an inning to take the place of any player. This man would be in addition to the substitute who has always been allowed to take the place of an injured player. An attempt to introduce a new rule, providing that a player who ran over the second base should not be declared out, was voted down. The committee, later, met in conference with the scorers' association. The main subject discussed was the simplification of the tabulated scores. It rising against the Germans in East Africa. | was generally agreed that the stolen base column be done away with, and its record included in the summaries.

It is now conceded that Cleveland will succeed the Detroit club in the league. Manager Day says Ward will be given to the highest bidding club. Manager Hewitt, of the Washington club, is very anxious to secure him for 1889, but thinks he cannot compete with Boston. The directors award-

ed the championship pennant to the Giants. The committee decided that the struck ball constituted a base hit, and gives the batsman a base when it hits the umpire. In order to improve the order of pitching the committee has reduced the balls to four for next season. The three strikes remain as usual. The rule regarding foul tips has been abolished, and hereafter a man will be allowed to run on them.

## A CONFESSION OF MURDER.

An Awful Tragedy-Crime Occurs Under

Very Distressing Circumstances. OWENSBORO, N.Y., Nov. 21. -The Rusher boys, who were arrested a few days ago in Hancock county, on suspicion of the murder of Isham Anderson, have confessed that they murdered him at the farm house of Charles Smith, a suspected moonshiner. Henry Rusher struck him a blow with an axe handle. The Rushers then plunged a dirk into his neck, and Anderson fell dead. Mrs. Holder, one of Smith's daughters, seized a butcher knife and drove it through the murdered man's heart with a hatchet. Her father amashed the head into a jelly with a club, and the body was otherwise horribly mutilated. The confession so aroused the community that lynching is feared.

### A Fine Ten-Meeting.

The tea-meeting at the Methodist church, Collinsby, last night was a grand success. The church was crowded, the tea recherche, the music fine, and the addresses excellent. Dr. Wright, of Cataraqui, occupied the chair with great auavity and tact. The principal feature of the evening was the address of Rev. W. G. Henderson, Pittsknown. He lived in Nova Scotia, where he | burgh. It will not soon be forgotten. ### THE PARNELL COMMISSION.

prepared.

Mr. Harrington Called to Time-And the Judges Are Goaded to Action.

LONDON, Nov. 21.—At the meeting of the Parnell commission to-day, Mr. Reid, counsel for Edward Harrington, stated that Mr. Harrington did not choose to adopt the course he had advised in relation to the article abusing the commission which had appeared in Mr. Harrington's paper, the Kerry Sentinel, therefore he Reid) was not in a position to say any.

Justice Hannen asked Harrington if he had anything to say. Mr. Harrington replied that he had no statement to make except that he would accept the reponsibility for what appeared in his paper.

The judges retired and Mr. Harrington conversed unconcernedly with his brother Timothy until their return.

In ten minutes the judges reappeared. Judge Hannen said that he regretted that Mr. Harrington had refused to adopt Mr. Reid's advice. It would be wasting words to indicate how serious was the contempt of court of which his paper had been guilty. It was necessary that the authority of court should be maintained, and therefore such things must be stopped. He then fined Mr. Harrington £500.
