THE FORESTERS SPEAK TOUCH-INGLY OF A LATE MEMBER.

Court Frontenac, Independent Order, Recalling the Virtues of a Lamented Brother, E. J. Greaves-Why Does Death Come ?-An Enigma to Man on Earth-Solved in Heaven-Delightful Singing-A Most Touching Incident.

Rev. Mr. Cartwright read appropriate ges of scripture and Rev. Mr. Rattray fered up a most sympathetic prayer. The court sang with fine effect, "Abide With Me." Rev. Mr. Cartwright briefly told the roumstances of the solemn occasion, and uite touchingly referred to the deceased nember out off in the midst of usefulness and in the prime of life. He mentioned that this was bus the second death in the existence of the court here.

A. R. Milne, chief ranger of the High Court of Ontario, sympathized with the bereaved family and made appropriate references to his ismented friend. He spoke of CAR SECREPATION STATES OF THE PARTY OF THE P ance given that those bereaved would not be neglected by it.

Dr. Henderson spoke of Bro. Greaves as a true friend, as a young man whose upward progress had been watched by him with great interest. He told of his illness and his death, of the brotherly feeling and sympathy expressed by the members of the ourt, gave credit to the deceased for integrity and uprightness, and urged the memers to emulate his life. He had no doubt as to the young man's future. He had so lived as to fulfill the trust God had given to

J. G. Elliott spoke of the deceased as a man of earnestness, of ambition, of honor, as one who was ever provident. In this last respect he said : "Married at an early age he gave evidence of that frugality and industry that should be exemplified by all who take upon themselves the responsibilities of domestic life. He was liberal but not extravagant, careful but not penurious. But it was in the matter of the future of his household that he seemed most concerned. Like a wise man he made preparation for a time when, should the sickle of death gather him home, want would not stand at the door to add to the sorrow and grief within. He sought means to aid and succour those bereaved. He was not one who figured and speculated on the possibili ies of life insurance, and left these to his widow and fatherless children ; but he embraced the privileges offered by this and kindred societies, and with trust and faith in his brethren was prepared to stand by them, feeling confident that the benevolence and honesty of those governing would be accorded him should it ever be required. His faith will be realized, his trust will not be misplaced, and while we mourn his loss we admire his foresight and applaud the organizations that have been provided by which have thought necessary, yet he was climbing, as many others are, unostentatiously

men while life lasts. referred to the fact that since the last meeting one happy house had been been made stamped with the impress of goodness and desolate by death, and that though the virtue, and may be looked to as patterns of court room was large and well filled there was still a vacant chair. Henceforth Edwin J. Greaves would live in memory only. He had shown, by the consistency of his conduct, that he had imbibed the proper spirit of a Forester, and that he was determined to bear witness to it in every routine of life. He did bonor to the principles of the order; above all he had in constanc rememberance that pure religion and undefiled before God and the Father was this; to visit the fatherless and the widows in their affliction and to keep himself unspotted from the world. "We would," said he, "that he yet remained, so useful was he to us in all the activities of life, in his willingness to serve the brethren, in his eagerness to properly set before his friends the benefits of our order. We did what we could, while life and hope lasted, in his behalf. We were always solicitous in his We 'saw that skill and cympathy were united in the prolongation of his life. But all in vain. Yesterday morning, at an early hour, while the world slept, while his faithful attendants were hushed into a profound stillness, the angel of death entered and life departed. But though dead he yet speaketh. Though no longer a member of Court Frontenac he is a brother, having been but translated to the L'ighest of all Courts at the summons of the Great and Supreme Chief Ranger, and welcomed there, as he was here, in the words 'Well done, good and faithful servant.

sure beneficial results would flow from it. Rev. Mr. Rattray spoke of the threefold purposes for which they had met. It was also resolved :

"That this court wishes to place on second its sincere sympathy with Bro. William Waish in the loss he has sustained in the death of his best friend on earth-his mether. Howeve touching death is it c mes with the most sad ness when one so loved as she was has been called home; and that a copy of this resolution be forwarded to Bro. Walsh."

During the evening most appropriate hymns were sung. Bro. Horsce Reyner presided at the organ, and the singing was led by Bros. R. Crawford and W. G. Craig. The court joined in heartily. The volume of sound produced was most inspiring. The hymns selected were : "Abide With Me ;" "Nearer my God to Thee;" "Swees Byeand Bye;" "Safe in the Arms of Jesus; "Blest be the Tie That Binds," and "When We Get Imme." A most touching incident occurred. After the chief ranger had spo ken Mr. Matthew Claxton arose, and with much feeling sang two stanzas of "They Are Going Down the Valley." He apologized for the interruption, but his feelings had overcome him, and he had to express himself. A year ago his wife had been taken away, and now another friend had been called home. The Funeral This Afternoon.

The remains of the late E. J. Greaves re posed in a handsome cloth-covered casket. Many friends called to scan his features for the last time. His face showed signs of suf fering. A great change was wrought in it during his illness. Upon and about the casket were many tokens of love. The Oddfellows sent three links of white flowers with "I O.O.F." in violet; the Foresters a Maltese cross; St. Paul's church and choir a wreath and cross; the staff in Macnee & Minnes' a beautiful anchor; Mr. James Minnes, a wreath. The funeral this afternoon was largely attended. The pall-bearers consisted of two representatives of the Oddfellows, Foresters and Workmen. The lodges attended in bodies-that is, as many of the number as could—as did also the staff of Macnee & Minnes. The attendance of citizens was very large.

CANDIDATES ARE SELECTED FOR THE WARDS OF THE CITY.

A Change in the Programme-Aldermen Canvassed But Unwilling to Fight Under the Temperance Flag-Add. Gaskin Has Decided to Retire From Public

Seventy-five invitations were issued to temperance workers to attend a meeting last evening held under the auspices of the Kingston Temperance Electoral union. The circulars calling the people were headed "We mean business."

At 8:30 twenty citizens were present, including Mr. W. J. Crothers, Rev. S. G. Bland ; Mesars. R. K. Row, T. Mills, R. McKelvey, J. A. B. Smith, B. W. Robertson, T. Carnovsky, A. Hoppins, Wilson, Asselstine, Jones, Anglin, S. J. Kilpatrick, R. J. Chown.

Prayer was offered by Mr. E. Chown. Then Mr. Crothers called the meeting to order. Dr. Anglin explained the object of it. To organize thoroughly and select candidates for aldermanic honors.

Five wards had been provided with candidates, and these had consented to support the platform of the union. Candidates for Ontario and Cataraqui wards have not been selected, and the meeting was called for nominations. It was announced that the following persons were in the field :

Frontenac ward-S. J. Kilpatrick. Sydenham ward W.J. Crotsess Victoria ward - Capt. T. Donnelly. St. Lawrence ward - W. Middleton. Rideau ward-T. R. Carnovsky.

Mr. B. W. Robertson said the main object of the temperance people should be to break up the party lines in the council. Men should be proposed for municipal offices, because of their moral fitness and ability for the positions, and not because they supported a particular party. The speaker said they wented men in the temperance cause, who were not only temperate, but of excellent moral character. Such men were required as candidates for the council, and then the people will not be ashamed to vote for them.

Dr. Anglin stated that most of the alder men in office at present, had been interview. ed regarding the question of temperance. Some of them stated they would do all they could in the council, if elected, in the interests of temperance, but they would not contest the wards under the protection of the temperance flag. Other aldermen would not express any opinion on the question.

Then the meeting became very quiet. Dr. Anglin pushed about the room and whispered to some of those present. Later on he suggested to the reporter that he retire. He said those present hesitated to express their views fully while he was in the meeting. Mr. Robertson did not think it was necessary to ask him to retire, and Mr. J. Jones contended that he should remain. Somebody suggested that a vote be taken. T. Mills would not consent to this on any account. R. McKelvey officiously moved that the reporter retire. He could not get a seconder. While the discussion was in progress the newspaper man left of his own

It was learned afterwards that in his absence Captain T. Donnelly had been chosen the temperance candidate for Ontario ward instead of Victoria ward.

No candidates were chosen for Cataraqui and Victoria wards. Dr. Anglin said be had asked Captain Gaskin to contest this ward, but he had refused, giving as his rea son that he would retire from public life at the close of the year.
