FISH! FISH! FRUIT! FRUIT! FAIR HAVEN OYSTERS. W. W. RIDOUT. The Daily British Whig. Opifer or Orem Dier.

REMEMBERS. EMERGENCY OF Ostracism Chapter. MONDAY. EMERGENCY OF Ancient Frontiers Chapter.

TOO MUCH ELECTION. If frequency of popular electoral struggles are conducive to a people's happiness, we think the citizens of Toronto are much to be envied.

OUR RECRUITS. Canada bids fair to become literally a nation of nationalists. Besides the large divisions of French and British which the population of the Dominion is largely made up of owing to the circumstances of colonization and conquest in the earlier history of the country, there have been accretions from so many lands beyond the seas that Canada may be said to have now a most varied population either as to birth or descent.

CURRENCY. The ship laborers of Quebec are on strike. -Boswell's total contribution to the St. John fair is \$41,000.

TO THE EDITOR OF THE BRITISH WHIG. Sir:-The modest and intelligent publisher of the Daily News seems to be greatly put out about having to pay 30 cents per copy for a small paper of 10 lines from Montreal, and in two different issues last week denounces the Company for charging a proportionately higher rate for small parcels than larger ones; also for not making the aid of the Legislature to protect himself, and others like him, from such charges.

THE U.S. PATENT OFFICE. Everybody throughout the country has heard and read of the Patent Office, but only those who have been inside it can imagine the curiosities that are to be seen there.

THE AMERICAN CABINET. New York, Aug. 27.-A Tribune's Philadelphia special gives a correspondent's recollections of the information gathered from conversations with Hayes and the Cabinet during the recent tour.

THE WAR NEWS. Russian Defeat at Shipka Pass. From the accounts of last week's engagements, procured from Turkish and French sources, it does not appear that the Russian army has taken one step after another of the Russian entrenchments in Shipka Pass, and is now marching upon Gabrova.
