

Daily British Whig.

TUESDAY EVENING, SEPT. 11, 1877.

SP. GOLD in New York at 10 1/2 bid 10 1/2 ask.

ST. A. A. LEVY, Wellington Street, is now offering CLOTHING AT COST. Call and be convinced before purchasing elsewhere.

CITY AND VICINITY. FRESH Yams at Weddington. The first of the season.

HOWS AGAIN.—Mr. George A. Kirkpatrick returned last evening from his visit to Montreal. To-day he was to leave for Montreal, he being a delegate to the Provincial Synod.

EXHIBITS are being in very fast to the Midland County Fair. Intending exhibitors should make out their entry lists immediately, as Saturday is the latest day on which they are received.

THE PRISON.—A meeting of this ancient Society is called for Wednesday evening, to consider several important questions in connection with their rules, which they maintain have been openly violated.

INSURRECTION.—This morning Sir—Tyler, President of the G. T. R., and suite left Montreal for Ottawa. He may be expected in Kingston, about Thursday. The party are now engaged in a minute and official inspection of the road.

CONVICT LABOR.—We call attention to the letter of "Constructer" in another column. The matter to which he refers are of very great importance, and we will take another opportunity of considering them. Should space permit we will do so to-morrow.

A PROTEST.—A member of the Council last evening protested against the style of posts which are being erected in some parts of the city for coal oil lamps. In our opinion the protest was very timely. The sticks alluded to are about the shabbiest things imaginable. They are devoid of the least taste and finish.

THE LOOP LINE.—We believe that the Grand Trunk engineers have recently made out and submitted to Manager Hickson the estimates of building the long talked of and much discussed loop line. This being so the Council may expect to hear at an early date what the G.T.R. think of the project in question.

PROVINCIAL SYNOD.—To-morrow the annual session of the Provincial Synod will open in Montreal, and in English Church circles the work of such body a deal of attraction is centred, and in the result many important interests are affected. It is expected that Ontario Diocese's delegation will be full and complete.

ST. GEORGE'S CONVENTION.—The annual convention of the St. George's Society of America—was to be opened to-day at Philadelphia, and will be the occasion of many courtesies and much festivity. There will be a number of Canadian delegates, but Dr. Evans is unable to fill his mission of representing the Kingston Society.

MASONS. A. S. Nordheimer, Toronto, exhibit a fine selection of Stairway, Chickering, Dunham and Haines Pianos, for a short time, at the store in the Golden Lion Block, next to Mr. McRae's. The prices are very low. In case the store should be closed, the key may be found at Mr. J. E. Hutcheson's, on Brock Street.

THE MATCH.—Belleville cricketers are becoming impatient for the match with Oswego. A letter has been sent the club of the latter place, asking that it name a day for the meeting, since the time originally fixed has passed. The K.O.C. will be glad to hear of the result, as the match between them and Oswego will be affected by it.

TRAVELLING.—Says the Guelph Herald.—Bishop O'Brien, of Kingston, who is brother of Mrs. John Murphy, of Mount Tara, and who was expected to arrive in time to officiate at the marriage of Mr. and Miss Murphy, on Thursday, did not get to Guelph until evening. He was accompanied by Father McWilliams, of Longbore's. They are the guests of Father Hamel.

CITY PROPERTY.—The city Corporation is not likely to feel the Montreal Street lot accepted at Mr. Brown's hands lying heavy on its shoulders. Already before the legal papers are fairly concluded or executed, the committee of the M. E. Church project have made an offer for its purchase, to complete the site of their new edifice. Having secured this lot they would have a fine deep lot fronting on two streets.

THE MARKET BATTERY.—The supreme authority over this very undecided piece of property and its surroundings was partially defined by a letter from the Deputy of the Minister of Agriculture. The Inspector of Artillery is to have charge of the gun, and hereafter dangerous crowds will do well to give them a wide berth, though mammoth Conservative bonfires may blaze away under them as usual.

NEW MILLS.—The new industries of the city are growing in number, and in a few years, at the present rate of increase, will make a very respectable host. Messrs. Hewson and Hughes' enterprising millers of Washburn, are about to establish flouring and woolen mills in this city. The first of these is much wanted; Barry's mill has been greatly mismanaged for years. The new city millers are pushing men of business, and will make good citizens.
