Last evening a very sad case of misery and destitution was brought to the notice of the authorities. For some time there has been a family named Fallahee, living in the eastern part of the city, or rather dragging out a miserable existence, for the husband and father has long been out of work, and it was only with the utmost difficulty that they obtained sustenance. Their sufferings were intense for weeks, and it is not to be wondered at that the poor woman's confinement, which took place about two weeks ago, should be followed by the death of her intant, and soon after, her own. It is Hibernian sad to think of any human beings in the midst of our populous city being forced Scandie in to undergo privations, but the facts in this case are well authenticated. On the death of Mrs. Kallahee. which occurred last night, the case was reported to Health Inspector James, was the body of the dead mother, while patched. the Jistracted father unable to relieve the suffering sick ones, or procure habiliments for the dead, seemed perfectly dazed with the weight of his calamities. Inspector James reported the circumstances to the Mayor, who ordered a coffin to be sent down and the body of the deceased woman prepared for the burial, as well as providing relief for the surviving members of the family. - Hamilton

-A Kentucky paper says that in Ballard county, in that state, a negro who had been guilty of an infamous crime, was caught, and at the instigation of his victim, was literally 'skinned alive.'

ROMAINE GOLD, so extensively worn in Paris, was first discovered in 1870, by the celebrated French chemist, Mons. D. Be Lainge who manufactured it into jewellery, and for five years sold it to the leading jewellers of Paris for solid gold. In 1875, when his secret became known, ten of the manufacturing jewellers established a stock company, with a capital of \$10,000,000 for the purpose of manufacturing ROMAINE GOLD JEWELLERY AND WATCHES. With this immense capital, and the aid of improved machinery, they Ing with G.T.E., Royal Mail Line, Bay of Quinte and Rideau Canai Steamers at Kingston.
