THE EYE, EAR and THROAT Successfully Treated with SANFORD'S RADICAL CURE.

CUCCESS is the test of merit, and success in the D treatment of Catarrhal Affections, after so many uniscrable failures, means undoubted specific curative properties in the remedy used. Does Sarronn's Rapical Cura for Catarrh possess such properties? The evidence, in the shape of unsolicited testimonals from the most respectable people in all stations of life, must be conclusive on this point. Never, we believe, in the history of popular medicines has such valuable testimony been offered, freely offered, in favor of any remedy than that in the possession of the proprietars of Sarronn's Rapical Cura. And valuable asit is, it does not represent a thous undth part of the recommendnot represent a thous undth part of the recommend-ations which reads lay effered by friends to friends in its favor. People of wealth and refinement in all parts of the country of the admit its superiority over any method of cure incown to the regular medical profession, but some the publicity incidental to a published statement. Hence the testimopials in our possession represent but a small part of those withheld for the reason mentioned.
