VEGETINE

Says a Boston physician "has no equal as a blood purifier. Hearing of its many wonderful cures after all other remedies had failed I visited the Laboratory and obtained myself of its genuine merit. It is prepared from herbs, roots, and berries, each of which is highly effective, and they are compounded in such a manner as to produce astonishing results."

VEGETINE

Prepared by H. R. STEVENS, Boston, Mass. Vegetine is Sold by all Druggists.

SATURDAY EVENG, NOV. 17, 1877. CITY AND VICINITY

GOLD IN New York 3 o'clock 102 1/2. For a Good and Cheap Overcoat of any color or quality go to A. A. FLETCHER'S Clothing Emporium, Wellington Street.

TRACT DEPOSITORY.—A branch of the Willard Tract Depository has been established in this city. It is not a denominational institution, but is under the patronage of all the Christian Churches.

STAMPED ENVELOPES.—No doubt, to those buying only an occasional envelope, the new envelopes are an improvement on the old system, but to those using two or three dozen envelopes per day, they possess a rather high price.

ST. PATER'S CHURCH.—To-morrow evening, at 6:30 o'clock, the funeral service for the late Mr. J. G. Stratton, for some years Church Warden of this Church, will be preached by the Ven. Rev. Dr. Parnell.

M. L. HYMAN has a splendid stock of ladies and gents fur, in Persian Lamb, Seal, Ermine, Mink, Hare, and Sea Otter and Alaska Skins, also a fine lot of Astracan Sables. N.B.—Another lot of Raccoon and Slick Hare Trimming for Ladies' Mantles at Mr. L. Hyman's.

THE STREETS.—The city scavengers have not applied their attention to the streets on Monday too soon. The crossings were very muddy, almost impassible. Thus the cleaning they are now receiving is very timely and appreciative.

THANKSGIVING.—Notice will probably be given to-morrow by the pastors of the several churches, of the services to be held on Thursday next, the day appointed by the Lieut. Governors of the different provinces for thanksgiving and the bountiful harvest of the past year.

SUDDEN DEATH.—We regret very much to hear of the sudden death at Cape Vincent, this morning, of Mr. David Frazer, formerly of Kingston. His relatives are entitled to the greater sympathy since it is but a few days ago he hurried a highly esteemed and affectionate mother.

PROBABILITIES.—For the next twenty-four hours: for the lower lake region, southerly to southerly winds, and cloudy to rainy weather, followed by fresh to brisk westerly to northerly winds, clearing and colder weather. For the St. Lawrence, southerly winds, veering toward the west, with cloudy to rainy weather.

INVESTIGATION.—The Committee appointed to enquire into the charges preferred against Mr. James, City Engineer, have held two meetings lately, the second taking place last evening, when the evidence of Mr. Clancy was recorded. The Commission will likely report to the Council on Monday evening, and a very warm time of it is expected.

ELECTION.—The Election Association of Queen's College held its regular meeting last evening, at which considerable routine business was transacted. We understand that arrangements were made for a public entertainment on Friday evening next. Prof. Ball will, commencing December 3rd, deliver a series of lectures on education to the students.

A YOUNG BEAR.—Erwin Harris, Waterford, acknowledges a recent valuable contribution to his menagerie. It originally came from the vicinity of Sharbot Lake, but more recently from Fisher's Landing, and is, without exception, the finest specimen of Bear ever seen. It is a beautiful thick, soft coat of hair, weighs some sixty pounds, and is as gentle and playful as a kitten.

TO HIGH SCHOOL CANDIDATES.—The examinations at the close of the autumn term are fast approaching. The examination for admission will be held on the 11th and 12th December, beginning at 9 a.m.; and the intermediate examinations on the 17th of December, and continuing for four days. Blank forms intending candidates may be had by applying to the Head Masters or to the county Inspectors.

A HEALTHY LIFE.—The papers containing the names of proteges against the rotter lists, when strung together, make a strip sufficiently long to reach from the ceiling to the floor of the City Clerk's office. It is a very formidable document. But, after all the trouble that has been gone to, it is now suggested that both parties should withdraw the lists put in by them.

AMERICAN ISLAND CHURCH OPENING.—ON Tuesday next a handsome Gothic church, which has recently been erected near the upper landing, will be opened for public worship. The dedication service will be at 11 a.m. and 3 p.m. The sermon will be preached by the Archdeacon of Ontario and the Rev. C. E. Cartwright, who has for some time been the pastor of the old church on the island.

WIND WAITS.

—Mud, mud, beautiful mud. —Did Eve ever turn over a new leaf? —The time that connect business men with the public—Advertise. —The R. W. & O. R. R. never did a larger and more extensive business than it did yesterday. —Dressmakers are not essentially ill-natured. The best of them, however, are always ready to rip and tear. —It is expected that Rev. Mr. Barry, formerly rector of the Episcopal church in Gouverneur, will locate in Antwerp as rector of St. Paul's church. —"Hope is the last thing that dies in man." And the hope of getting a four inch notice with a half inch advertisement seems to be immortal with some men. —"You are pretty as a picture," he muttered, gazing into her upturned face, "and it would have been a great deal cheaper for me if I had taken your picture instead of yourself!" —Many egyptians do not know where their winter overcoats are to come from, but they feel aware and solemn faith that they will get 17 pairs of slippers each about Christmas time, and that none of them will fit.

—"Father," said a boy who had been kicked in the face by a mule that he was annoying, "will I ever be as good looking as I was?" No, my son, answered his parent, "I don't think you'll be as handsome as you were, but you'll know a great deal more."

—A Yankee tied his dog to the end of a rear car the other day, and then the boat could keep up with the train. Strange to say, when they got into Danquaque, the dog was a head—there was nothing else left of him.

—A farmer wants us to tell him the best way to raise "beats." The best way to raise the kind of beats that we have is to steeled quietly up behind 'em, when they are not looking, and let 'em number fifteen boot at their coats.

Portsmouth Society. Last evening a meeting was held in the Y.M.C.A. rooms at Portsmouth, where, after addresses had been delivered by Rev. Mr. Chambers (Chairman for the evening) and Mr. Woods, a Fine Total Abstinence Club was formed, having the following officers before us:— President—Mr. C. F. Dobbs. First Vice President—Miss Allen. Second Vice President—Mr. Baker. Secretary—Mr. S. Stanton. Treasurer—Mr. Little. Committee—Messrs. Mooney, Nicholson, Moore, Dickson, McLeod.

HAPPY THOUGHT.—Just as a similar idea occurred to us this morning, we read in the *Beaver* the enquiry, "Why don't Mr. Rine come to Napanee?" Says our contemporary: "It is plain that the field in an here is ripe for the harvest of reformation, and the presence of an honest, energetic apostle of the temperance cause, as Mr. Rine, would no doubt work the most beneficial results. There is a large amount of drunkenness in our midst, although, owing to the restrictive presence of the Dunkin-by-law, the hours of darkness are selected for the debasing practice. The evil is lurking and insidious, and is sapping the moral and physical constitutions of the sons of some of our best citizens."

DEDICATION.—The new Oddfellows' Hall in the Perry Block, Napanee, will be formally dedicated on Thursday next, Thanksgiving Day, by J. Ham Perry, Esq., P. G. M., assisted by F. Fowler, Esq., D. W. M., Kingston, and R. Tracy, Esq., G. W. M., Belleville. The *Beaver* says visiting brethren will be present from Belleville, Mill Point, Picton and Kingston. In the evening at eight o'clock a lecture will be given in the town hall by J. Ham Perry, Esq., and a musical entertainment, to conclude with a farce by the Napanee Dramatic Club.

MONTEAL ABERRATION.—Our contemporary thinks the Grit journals should not compliment one another. Compliments should only be passed by the Tory organs, the month pieces of high toned society. And so we find it flying into some elegant gush and heaping palaver upon the *Epoch* and *London Herald*, to the latter of which it made some very important remarks not long ago. But since mutual admiration is indulged in, we may expect a few affectionate puffs in return. We're waiting for it. "It's a coming."

PAMPHLET.—Messrs. Dawson Brothers have published in pamphlet form the lecture recently delivered in Montreal by Sir Francis Hincks, before the St. Patrick's National Society, giving the political history of Canada between 1840 and 1855. The lecture will be read with interest by very many, since politicians of later days can only by such means acquaint themselves with the matters which agitated this country in former times.

A HIT.—Mr. Irving, M.P. of Hamilton, speaking at the installation of Hon. G. W. Allen, as Chancellor of Trinity College, said: "The Chairman, in proposing the toast, had mentioned the name of Sir John Macdonald. He hoped that he (Sir John) would live to a green old age, and long continue to enjoy the honor of being the leader of the Loyal Opposition." That's what a good many others sincerely wish as well as Mr. Irving.

AN OVER-LOAD OF GREY.—The *Palladium* says: Ben. Marshall, the sailor drowned from the schr. *Macellan*, was the son of Captain Marshall, of Clayton, an old and well known lake navigator. Another Capt. Marshall's sons was captain of the str. *Bay State* when she was lost off Oswego and went down with her. His mother was paralyzed by the shock of the dreadful news, and remains a paralytic to this day.

NEW YORK PRISON REFORM.—The prison at Sing Sing is now, for the first time in its history, paying its expenses, and it is hoped that within a year the penal institution of the State will make returns to the treasury. In the Albany penitentiary the earnings will run \$50,000 above the expenses for the year. There is a hope here given that the Kingston Penitentiary may yet make its own living. Try it. Two doses will relieve you.

Missionary Association.

The annual meeting of the Queen's College Missionary Association was held on the 10th inst. In the absence of the President, Mr. H. Scott, B.A., was called to the chair. The regular order of business was suspended in order to admit nine new members. The Association then proceeded to hear the reports of the various retiring officers. The Recording Secretary in his report dwelt upon the past history of the Association, then he pointed out that it had a high and important object in view. He went on to speak of the practical work which had been accomplished by individual members of the Association during the past summer. Seventeen of them were actively engaged in mission work under the auspices of the various Home Mission Committees of the Presbyterian Church—fourteen in Ontario and three in New Brunswick. The following officers were chosen, according to the *Journal*: President—Mr. A. H. Scott, B.A. Vice-Pr. —Mr. John Ferguson, B.A. Sec. —Mr. Hugh Taylor. Rec. Sec. —Mr. Jas. Cumberland, B.A. Treasurer—Mr. James Mason. Librarian—Mr. John R. Follock. Committee—Messrs. Thomas S. Glasgow, B.A., Joseph F. White, B.A., Andrew Love, John Chisholm.

Divinity Hall. The *Journal* says: The Theological Faculty of Queen's University was opened on Monday, the 5th inst. On the same day the examinations for entrance to the Hall began, and continued until the 6th. Of the first year men the following, in order of merit, were successful in bearing off four of the valuable scholarships awarded upon the Matriculation Examinations:— 1. Leitch Memorial, (2), \$80, tenable for three years, A. A. Mackenzie, B.A. 2. Doan, \$100, tenable for three years, D. S. Dominion, \$80, G. C. Patterson. 4. Buchanan, (2), Jas. Cumberland, B.A. Class work began on Wednesday, the 7th. The work of the several classes is progressing favorably. The Professor of Oriental Languages and Biblical Criticism is anxious to see his day gone by. The lectures of Rev. Geo. Hall, LL.D., on the relation of Science to Theology, now in course of delivery, are admirable productions. "We are congratulating ourselves with the assurance that shortly we shall be in the enjoyment of the life-imparting instructions of Principal Grant," says the *Journal*.

Fatal Accident. A bad and fatal accident occurred about one mile south of Cape Vincent yesterday afternoon. The *Beaver* reports: Mr. David Fraser, a farmer, was engaged in trying out a stump on his farm, and was using a long lever for the purpose. It is supposed that the portion of the stump under which the lever was placed gave way suddenly, thereby throwing Mr. Fraser violently to the ground, his head striking a rail, which produced instant death. He was found shortly after by a boy in his employ, who had brought a team to the field for the use of the deceased. Several persons visited the spot this afternoon, and we obtained the above account of the sad affair from them. Mr. Fraser has resided there about five years, and was an estimable citizen. He leaves a wife and three children. He was about 30 years of age.

NARROW ESCAPE.—The *Clayton Independent* tells that Rev. James Sherry, of the Clayton Catholic church, and his pupil, Mr. Smith, had a narrow escape from drowning, Tuesday. They were out in a skiff, and by some means or other it was capsized off the head of Strindstone Island, some distance from the shore. They were clinging to the upturned boat, well exhausted. Father Sherry is a fine swimmer and could doubtless have reached shore in safety, but as the young man could not swim he would not leave him. A line was thrown to them and they were drawn on board. Young Smith was so near one that, on reaching Gananoque, he had to be taken to the hotel in a wagon.

Grafting in a Scalp. A very curious case, unparalleled in the annals of surgery, has its existence now in Jamestown, N.Y., and so extraordinary is it that it is exciting the attention of all medical men in that section. It seems that on the morning of April 23rd, Mrs. Hay, an employe of the Jamestown alum mills, went from her home, adjoining the mills, to the basement of the weave room, to feel some poultry.

In some unknown way her hair, worn loosely, caught by a horizontal bar, revolving rapidly, and the scalp was torn off from the neck to the eyebrows, leaving the skull exposed, and some of the sound fifty-nine square inches in area. She walked to her home, about 500 feet distant, and gave orders about sending for a surgeon before she became unconscious. At first an attempt was made to replace the scalp, and it was patched up and sealed on, but soon began to slough off, and the physicians were at a loss what course they should pursue.

The case had no precedent, and for a while they were completely nonplussed. At last, however, they hit upon the experiment of grafting, and published a card in the daily papers explaining the case, and asking contributions from young and healthy people to replace the lost scalp. The young people responded in goodly numbers to the call, and the doctors took from each of their arms a small piece of skin, which was transferred to the head of the unfortunate lady.

At first the experiment seemed doubtful, but at last the grafts began to adhere, and the patient is now in a fair way of recovery. Two hundred and forty-one "plants" have been applied, which is about the number, and the remainder will be placed in position as soon as possible. Mrs. Hay has been unconscious for days, but the enthusiastic physicians who have the case in hand are very sanguine that she will ultimately recover.

Agust Flower. The most miserable being in the world are those suffering from Dyspepsia and Liver complaint. More than seventy-five per cent of the people of the United States are afflicted with these two diseases, and the effects, such as Sour stomach, Sick Head, Constipation, Bile, Bile, Waterbrash, gnawing and burning pains at the pit of the Stomach, Yellow Skin, Coated Tongue and disagreeable taste in the mouth, coming after eating, loss of spirits, &c. Go to the agent for Health & Gums, or Wale & Cornell, and get a 75 cent Bottle of Acrost Flower, or a Sample Bottle for 10 cents. Try it. Two doses will relieve you.
