TARDY RECOGNITION.

There is a coincidence worthy of passing note in the fact that just when the fore the U. S. Senate and likely to bebusiness men of the Dominion to raise a testimonial to Mr. Wm. Weir, of Montreal, for his great services in connection with the abatement of the American silver nuisance in Canada several years ago. After many ineffectual attempts to remembered that Mr. Weir took held of only American products, to which, so or less largely. One meets diplomatists remembered that Mr. Weir took held of the task with a determination to succeed, and by an energetic and systematic plan worth of the depreciated currency. We agitate for a transcript on our own statute are all open to the tobacco users. Even by animals. books of the proposed anti Chinese law hepe the testimonial will be a handsome one. Weir is worthy of it.

THE OVERDUE VESSEL.

The news of the safe arrival of the "City of Berlin" has been received with a quiet satisfaction by all. Of course the bare possibility that some serious mishap police (which might be immediately or which the public is duly grateful. Alhad befallen her was quite sufficient to ganized to capture the intruders) though the work of the Extra Session of Minister Welsh. inspire such persons as had friends on then let every such dooger mittee rooms have been busy places and board with uneasiness, if not with the be imprisoned for, say, a five years term, there is where the work tells. The apprehension of alarm. With the ulti- and at the expiration of it let him be heaviest part is done there now-a-days, mate safe arrival of the "City of Wash- transported to the place whence he came. hand during the past two months and so solution of the Chamber of Deputies conington" after being months at sea, and Here is an appropriate sphere for the en- worked up that a little time and attenthe later instance of the "City of Brus- larged application of the principles of tion will finish them. sels," fresh in the public memory, there protection with a precedent at hand to was no serious misgiving in the public endorse its adoption by the Great Canamind but that some slight accident had dian national party. Should the detained the "City of Berlin," and that anticipated success attend its adoption, she would turn up all right, although it not only would our cousins, across the might be in overdue time, and so it has way, be freed from the curse of a superpreved. In all such cases the feeling of abundance of celestial laundrymen, but relief is in proportion to the danger ap- our own country would be protected prehended. As very little was feared in from the competition of American labour this instance the happy issue has been and the cry "Canada for the Canadians" taken pretty much as a matter of course. There is, however, a decided feeling of for every true believer in the great nacongratulation, to which we are glad to give expression, to those on board and to their friends ashore, that the accident was not of a more serious nature, and that the good ship has been able to make her Germany to Umpire Between destination with safety to all her passengers and crew.

A FAVORED SPOT-

The people of Quebec City are, we should say, getting their fill of elections. In times of political peace like these, ian vessels in the Black Sea. when no general electoral war is raging all along the line, it seldom happens that day, and unless speedily relieved cannot war. one locality is visited with so many political upheavals. The retirement or promotion of Lieut.-Governor Cauchon was directly responsible for the election in the Centre, this event being unattended with the usual excitement however, since both parties fortunately united on an independent, and therefore neutral candi- at Rome yesterday. date.
