THE GOLD MINES IN AUSTRALIA .- The Melourne correspondent of the London Morning Star writes:-"Mining matters look very healthy, as usual. I have still to report large and valuable yields from many of the older sefs, and also the discovery of some very romising new reefs. Several large nuggets have been reported found during the month. At Majorca a prushing of eighty tons of cement yielded two hundred and lifty-two ounces of gold. From Wood's Point some immensey heavy yields are reported. One of 1,005 | cured on ounces of gold is said to be taken from one hundred tons of quartz. Another claim yielded forty-seven nunces per ton.
